Before the Final Encore Scotty Cade

Prequel to Final Encore

Tires flying over the interstate, college student Ian Dillon can't get out of Greenville, SC quickly enough. As he watches his entire life fading away in his rearview mirror, his thoughts are only of his lover, Todd, and the memories of their time together, now completely shattered by Todd's incomprehensible betrayal. His mind still reeling, Ian drives through the night until a split second decision guides him to Nashville, Tennessee. Everything will be better there. It has to be!

Scott says

Interesting teaser for the book.

Love Bytes Reviews says

3 star review by Vicki

Before the Final Encore is not really much of a book, it is 30 pages and reads more like a chapter of Final Encore than its own story. It is the brief story of Ian leaving Greenville after some family drama, and arriving in Nashville, where he actually is able to start to build a life for himself.

There isn't enough here to review, there is no romance, and no plot, just a bit about Ian. It could easily have been included in Final Encore....

So if you are going to read Final Encore go and download this free short from Dreamspinner (Amazon charges for it, but it's free at Dreamspinner and ARE) and take the fifteen minutes to read it. You'll probably understand Ian a bit better. Don't read it on its own, it won't make any sense without reading the other book.

A copy of this book was provided in exchange for an honest review. Please visit www.lovebytesreviews.com to see this and many more reviews, author interviews, guestposts and giveaways!

Lou says

This read more like an intricate outline more than a complete story. The idea was okay, but the characters were 2D and there wasn't any real emotion attached to the events.

Nancy Hall says

Interesting

The author brings the character to life and makes him get interesting. I want to continue on to see what happens.

Katherine says

Very Short one chapter prequel to The Final Encore. It was interesting enough that I'll probably read the next book to see what happens to Ian.

DeeNeez says

A nice lead in for Final Encore, which I now want to read. Ian, emotionally distraught seeks out a new life in Nashville.

Paisleyrowan says

This prologue seems a bit rushed and incomplete. It would be better at the beginning of the book it's supposed to be laying the groundwork for. But it's still an interesting idea and read.

Elaine says

I'm reading this series.

I have to read this series. I loved the character, Ian. This short story was great. Well written, and a good storyline.

A??ela W. says

This was a short quick read that I liked. Ian Dillon is leaving his home and everyone he loves. When boyfriend of two years tells his parents that he forced him to have sex. His parents disown him for being gay. Ian ends up in Nashville while at a bar he meets the owner Jean who gives him a job and a place to live. This book had no sex scenes in it but I still liked. This was the being of this series. This book was well written with no errors in grammar or spelling. I am looking forward to reading the next book.

Faye Kennedy says

This is great introduction to the series it tells the story of Ian leaving his homeland of Greenville to where ever he may end up. Greenville held horrible memories he wanted to escape from. Heart break was one thing he near wanted to feel ever again that he was positive off. At 22 years a new start is what he wanted. He drove as far as he could drive which was to Nashville. Jean's Magnolia Saloon just might be what he needs. He walks in...and you gotta read what happens next... I'm not telling. hahaha.. But I loved the ending and I need more of Ian's Story, ..

Lynnette Hartwig says

A sweet but yet hurtful short story about a young man who was able to overcome being disowned by his parents and betrayed by his first love.

So glad that I purchase the new version of Final Encore and get to start reading it right away.

Jeff says

This is actually a prequel to Final Encore which is being/has been re-released with some changes. This intro probably is beneficial to the full story but doesn't say much as a stand alone (short) read.

Fff says

At first, I was hesitating between 2,5 and 3 stars. This is not really to be considered as a book but more than a prologue to the book Before the Final Encore (as it is said in the title). But it makes me want to read this book so that why I give it 3 stars.

Dale says

I have to say that I love a happy ending:-) I understand betrayal. I am glad things are starting to look up for Ian. Now I am going to have to definitely read Final Encore. I do so love a happy ending.
