The Empire State Series

Louise Bay

The Empire State Series Louise Bay

Anna Kirby is sick of dating. She's tired of heartbreak. Despite being smart, sexy, and funny, she's a magnet for men who don't deserve her.

A week's vacation in New York is the ultimate distraction from her most recent break-up, as well as a great place to meet a stranger and have some summer fun. But to protect her still-bruised heart, fun comes with rules. There will be no sharing stories, no swapping numbers, and no real names. Just one night of uncomplicated fun.

Super-successful serial seducer Ethan Scott has some rules of his own. He doesn't date, he doesn't stay the night, and he doesn't make any promises.

It should be a match made in heaven. But rules are made to be broken.

The Empire State Series comprises the novellas A Week in New York, Autumn in London and New Year in Manhattan.

Praise for the Empire State Series

“The Empire State Trilogy is one of the not only good ones, but GREAT ones. I am so in love with Ethan and Anna. Book Briefs

“The writing is excellent and you’ll be hooked from the very beginning.” Love Between the Sheets

“5 “I don’t Bullshit” Stars! If you haven’t started this series, you need to now!! It’s an easy, quick, and smooth read that you are sure to enjoy.” Book Bitches Blog

“I would give it 6,7,8,or 9 stars if I could.” Obsessed with Books

From Reader Review The Empire State Series for online ebook

Chris C - A Midlife Wife says

Let me just start out by saying this is one hot, hot, hot read.

I was introduced to Louise Bay from her Indigo Nights new release and I fell in love with her writing so I had to go and grab this book. I am so glad that I did.

You just know that book like this is going to be really good when you can't put it down even after the very first chapter. Wild story that has a somewhat typical storyline but the character development and the smoking hot scenes are anything but typical.

This Book is super sexy. I love Ethan! He is just so sweet. The man oozes sex and certainly knows how to make his woman happy.

Louise Bay is amazingly talented at writing the panty wetting scenes that make your heart pound and this book was completely loaded with them. Deliciously hot and oh, so memorable! Not one to be missed

Heather says

Very good series!!

Indy says

[but hero comes to terms with just being happy to have her in his life before she accepts his proposal, and coworkers catch them in public after

Dotti Elrick says

I'm not really sure how I feel about this story. There were things I liked, and things I really did not care for. As little as we know about the characters, especially in the beginning, I liked Ethan, Anna, and their friends. It was fairly well written and edited. There is a happy ending, and I found myself wanting to know more of their after story.

That being said, I'm not a big fan of erotica, nowhere in the description does it mention this is an erotica story. Dont get me wrong, I'm not a prude, I like sex in my books, but I also want character development, engaging dialogue, and a story to go along with the sex. These two meet half way through the first chapter, and are going at it hot and heavy by the second. And it never lets up. Too much, too fast for me.

I also really dislike serial books, (that's why I bought the boxed set). This is not a true "trilogy" it's one story, that's been separated into three "parts". To me, a trilogy is three separate books, three separate stories with a common thread between them.

Was it a bad story. No. Was it great? No, not in my opinion. Will I read it again? No.

Ashley S. says

Well, I think I've just stumbled upon another amazing author and I couldn't be happier about it! Wow, how happy am I that I just read the amazing Empire State Series by Louise Bay? It was fabulous and honestly had everything that I look for in a "lighter" book in this genre. I loved how quickly it started - she really just jumped right in to exactly what we are all looking for and hope we don't have to wait too long for! The sex in this entire series was off the charts hot, but the banter between the H and h was fantastic! Neither of them wanted anything but one night together but, as we all very well know, it doesn't usually happen like that! Two different continents, one love and two people trying to find their way back to what they long for...their true soulmate.

I truly loved everything about this book. The writing was outstanding, the characters seemed so familiar that I felt like I was their friend (sad, I know!) and the overall storyline flowed so well that I couldn't put it down - I didn't want to put it down. Well done, Ms. Bay! I will continue on with each of your fabulous books!

Sara (Just Another Story) says

This was actually pretty great. Love Louise Bay.

Christina says

Read them like potato chips--one after the other. Delicious. Great characters to love and steamy romance. I'd read again.

Alba and Her Secrets..♥ says

3 'No Bullshit' Stars!

This was pretty hot, I have to say that! I loved Louise's writing when I read *King of Wall Street* and I still love it but I did not feel the connection I expected with these characters and this story.

So, for me it was an okay in-between read to pass the time! Still, give it a go because I have seen many other readers/bloggers enjoying it!

Shannon Cole says

Louise Bay!! My goodness, what can I say!! She has quickly stolen my heart with her passionate, raw, and beautifully written romance stories.

The Empire State series is definitely one of my favorites!!

Anna and Ethan are a match made in heaven. They balance each other. They complete each other. Two halves come together!

Their story was hot. It was steamy. It was packed full of giddiness!!

This first installment starts off with Anna Kirby visiting New York after a horrible breakup with her biker boyfriend Ben.

Not looking for love, but just a chance to get away, she heads to New York to stay with a friend for the week.

This is where she meets Ethan! A no Bullsh#t kind of guy.

One night only. That's all it will be. But what happens when fate steps in and Ethan and Anna end up crossing paths the very next day?!?

A week in New York together is what happens.

"No Ambiguity, No Promises, No Bullsh#t"

This is their motto and they stick to it.

At the end of their HOT and HEAVY week, the two part ways. No phone numbers or ways to contact each other are left behind.

In the second installment, An Autumn in London, we pick up where the first book left off. Ethan is still in New York and Anna is home in London.

For both of them, there's never been anyone who has left an impression or impact on their hearts the way the other has. Neither of them thought they'd miss the other, but they do.

So much to their surprise, Anna's company has been purchased by another firm and her new boss just happens to be none other than her last fling, Ethan!!

When the two reunite, it's like magic. Sparks fly and passion ignites!!

Three months! That's how long Ethan will be staying in London to complete a job. They can handle three months together with "No Ambiguity, No Promises, No Bullsh#t".

At least, that's what they both think. But the more time the pair spend together, the harder it becomes to part ways. With the end of the three months coming to an end, they must make a decision.

Will they part ways once again, or take a chance on love??

Part three, New Year in Manhattan, is the final installment of Ethan and Anna's story and it's packed full of passion, angst and tough decisions.

It was PERFECT!!! Louise Bay brought these two together, nurtured their relationship with love and care, then delivered an ending that was beautiful for the pair.

This was full of emotion. I was sad for Ethan and Anna but continued to cheer them on the entire way through. I loved how the story unfolded. It gave me goosebumps and all the feels.

I seriously am crushing on Louise Bay's beautiful stories right now!!!

Now let's talk about the narrators!! OMG!!! They were AMAZING!!

Sebastian York and Saskia Maarleveld brought this story to life!! They were the perfect pair to tell this story. Saskia has the most beautiful voice and the perfect accent for Anna. She portrayed Anna's character and thoughts better than I could've imagined it in my own mind. Ethan!!! Sebastian York is the epitome of Sexy Alpha Male with his powerful and passionate voice. He becomes the character and delivers a story that will make you giddy and hot!!

I seriously am going to miss Ethan and Anna!!! I will definitely be listening again and highly recommend this series to anyone who is a fan of romance. You get it all with this series!!!

Second Chance, Sexy alpha male, long distance struggles, low-angst, drama free, and an HAE!!! Love, Love, Love it!!!

Caz says

I've given this an A-/B+ for narration and a B for content at AudioGals.

Having recently listened to Louise Bay's King of Wall Street, which I picked up on the strength of the review by one of my fellow AudioGals, I was keen on trying more of the author's work. **The Empire State Series** caught my eye because of the narrator pairing; I've listened to and enjoyed Saskia Maarleveld in a few historical romances, but I've never listened to her in a contemporary; and Sebastian York... yeah, well, he could probably make the phone book sound sexy, so I was sold.

A Week in New York opens with Londoners Anna and Leah, at a bar in New York on a night out. Anna has recently come out of a bad relationship and Leah has travelled with her fiancé on a business trip and both are determined on a week of hanging out, retail therapy and soaking up some culture. Anna is approached by an unutterably gorgeous man who makes his interest in spending the night with her very clear – and Anna thinks “why not?” – and decides to go for it. One night stands aren't her normal style, but the guy is hotter than hell and, she's sure, knows his way around a woman's body. She insists on a few rules though; no real names (which he refuses to go with – after all, he doesn't want the woman he's in bed with screaming any other name than his own!), no personal details, no exchanging numbers or email addresses; just one night of steamy sex. Other than the names thing, the guy – Ethan – is perfectly happy with all of those things, although he scoffs at Anna's choice of name – Florence – and insists on giving her a better one, deciding upon – Anna. She can't deny that's a bit weird – that he should somehow have hit upon her real name, but doesn't dwell on it. There are better things to do, after all.

You can read the rest of this review at [AudioGals](#).

rhonda reed says

Beautiful, sexy....

Wonderful story, and what a dream come true..

The promise of hot sex with no rules. Ethan soon finds his one true love in Anna, he can't be without her. She comes from a broken heart and discovers that Ethan is what her hearts been aching for.

Dee says

No b.s.!

5 no b.s. stars! What a great series. I thoroughly enjoyed every part of it. What was only supposed to be one night together turned out to be an extremely intense connection. There is a lot of sexy times, like off the chain a lot, but that Ethan...Damn! Grab a fan ladies!

The Atlantic Ocean couldn't keep them apart. Ethan and Anna were both easy to relate to. There wasn't any unnecessary drama. A few things in their own heads, but that happens to everyone.

I would have liked an epilogue, but I'm a huge epilogue girl. Still a very excellent enjoyable read.

Lisa (Two Bookish Brits) says

A Week in New York brings about the meeting of Ethan and Anna. It's fun and interesting and leaves you

wanting more for both couples. Their short time together is fun and super sexy.

Autumn in London shows us how hard it is for both characters to deal with not being together. It's a book about second chances and love so deep it hurts.

New Year in Manhattan is the finale of Ethan and Anna's story and it's a great finish. Reading what they both overcome and the emotions they feel throughout this book is interesting. The love they have shines and it's been great to read

I've rated this series 3.5 stars as I found myself skimming through all 3 books as they didn't catch my attention as much as the other parts did, that was my own down about this series. Would definitely read another Louise Bay book in the future.

Danyiell Brayboy says

I thought this series was ok. I thought it could have been better. Every time I turned a page it was about Ethan and Anna having sex. There's nothing wrong with having the sexual passion throughout a book, but in this series I felt it was excessive. After some time Anna became annoying with all her doubt about the relationship she had with Ethan. By the time I reached the end of the book I felt like the last chapter was rushed and just abruptly ended.

Cindy says

feeling hot hot hot....loved it
