Sail Away

Lisa Jackson

Sail Away Lisa Jackson

The pampered daughter of a successful hotelier, Marnie Montgomery had everything she ever wanted—except independence. Now that would change. No man would ever again tell her what to do—certainly not infuriating, domineering, undeniably attractive Adam Drake.

Adam was determined to clear his name of the false charges that had ruined his career at Montgomery Inns. If that meant deceiving the Montgomery daughter, and even stowing away on her boat, so be it. If she had secrets, he would discover every single one....

Danielles says

It was a nice read, not special but nice,.....

I liked Adam and Marnie,....

Lisa's thrillers ar far better!!!!!!!!!!!!!!

Tonya Warner says

Very enjoyable, even though I was able to figure out the who-done-it part from the get go.

Jane Drager says

Well written, decent read. Some spots were aggravating but worth reading on a quiet night.

Andrew Carter says

Light fun reading. Lisa Jackson, like Sandra Brown, has a writing style that is easy and pleasant to read.

MountainKat says

3+ Stars

A bit dated and very predictable, but I still enjoyed it. I listened to the audio and the narrated was good too.

Diana Westfall says

A good book, but I have read better by Lisa Jackson

Donna Hatridge says

Lisa Jackson is a very popular author for one very good reason, She tells a great story that draws you in.

This story is about Marnie Montgomery. Marnie is the daughter of a successful hotelier, and based on how

things look- Marnie has everything she ever wanted. She works for her fathers company and is engaged to her fathers right hand man. But the one thing she wants is independence. So things are about to Change. Starting with her resignation.

Adam Drake is out to clear his name. The false charges against him have ruined his career. To do this he needs to find all the secrets about Montgomery's company by any means necessary, even if it means deceiving Montgomery's daughter.

Pam H says

Marnie Montgomery wants independence. Her father is her boss, owns her condo, bought her BMW. On top of it he is pushing her to marry Kent, the cheating jerk. Not able to take anymore, she resigns her position at Montgomery who runs hotels.

Adam Drake was the star of Montgomery hotels until he was accused of embezzling a half million dollars. He needed to find out who framed him so he can go on with his life. He is ready to build the first Hotel Drake but until he clears his name, he can't get the financing he needs.

Adam need someone on the inside who can help him with his research and finds an unlikely companion in Marnie.

This the second time I have read this book. It is an enjoyable read and I liked the fact that the villain is not easily detected early in the story. I also liked the Adam made some blunders - unlike most book heroes. Story is plausible and dialogue is smooth, not choppy.

Maria says

After buying six books by different authors to find someone new to read, I found one. This book has a complicated plot, good characters, and reasonable relationships, plus the story flows well, so I will definitely try another Lisa Jackson in the near future.

Saly says

Rating 3.5

I found the way this book was written quite breezy actually. Though there was nothing remarkable about the story it still engaged me for the time I read it.

Story is something like this, the hero is trying to get some investors on board but can't because of what happened last year, the company he worked for and gave loyalty to accused him of embezzling and even though he was proved innocent that thing hangs over him and now he wants to vindicate himself and find the real culprit.

The heroine is the daughter of the man who fired the hero Adam and now for the first time she wants to go out on her own, by quitting her position in her father's company. It basically began when she found her fiancée was cheating and realized that she had given in to what her father wanted, a man who worked for her father and was considered suitable. At a party she finds Adam gate-crashing and then thinks to herself that he is innocent.

Somehow things happen, Adam is thrown out, the heroine angry at her father and her ex's attempts to manage her goes out on her boat where Adam is the stowaway.

They go to a place for the night, Adam thinks that will get him a meeting with her father, they become lovers and then in the morning when the heroine learns of his plans is angry at being used and just walks off.

The hero after many attempts contacts her and tells her that he will help her make the break from her father and that he needs her to prove his innocence.

I liked the heroine, how she slowly made herself though I wish she had reported her ex to her father, the culprits were pretty obvious to me, still I liked it.

Greetje Raftopoulou-heuving says

Boring and very predictable. Her thrillers are so much better.
