Foul Play Elisabeth Rees

DIAGNOSIS: DANGER

After a failed attempt on her life, nurse Deborah Lewis knows her suspicions of foul play in the pediatric unit must be true. And her timely rescue by Cole Strachan—her ex-fiancé—allows her a second chance to prove it. The former navy SEAL who broke her heart is the last man she wants to see...but exactly the one she needs. Though Cole can't give her the future he once promised, he makes a new vow to help her uncover the truth and stop the culprits. And he has to keep this promise, because more than Deborah's heart is at stake—this time it's her life.

Kelly Bailey says

New to me author. I plan on looking for more of her books. Has been an enjoyable read and has taken my mind off of things I can not change. (9:38 PM 3/5/16)

Ash says

Predictable story.

Harlequin Books says

"Rees' latest installment in the Navy SEAL Defenders series quickly grabs readers and takes them along on an interesting game of cat and mouse. The resiliency of the hero and heroine demonstrates the resiliency of the human spirit in general. This is an action-filled keeper!" (RT Book Reviews, 4 1/2 stars TOP PICK!).

Miniseries: Navy SEAL Defenders

I Am says

todella nauttinut tämän luettuaan yksimuiden . Taidan katsoa muutkin ! Hyvin tehty , Elisabeth Rees !

Kav says

Gripping medical suspense. I always find that a hospital setting adds a bit of bonus intrigue to suspenseful read and this one certainly did. A truly creepy morgue scene followed by plenty of twists and turns kept me blissfully discombobulated.

As to the romance -- you know the old adage about a woman scorned? Well, Deborah lives up to it. She is so not happy to reconnect with Cole...even though his Navy SEAL brawn comes in mighty handy a time or two. Mind you, Deborah is no shrinking violet when it comes to fighting for her life either. Sometimes she's too brash for her own good and that comes from hurt feelings from the past compounded by an unwelcome attraction to Cole in the present. She keeps trying to ditch him, but he's committed to seeing her safely through. This is the kind of sparring romance that has a reader worried over the happily ever after. Thankfully Rees doesn't disappoint and I reached the end with a hearty sigh of satisfied relief.

Cathy Daniel says

Maybe more like 4 1/2 stars. I enjoyed it but found the ending a little too unbelievable but kudos on an

original plot!!

Harlequin Books says

received 4 1/2 stars TOP PICK! @ RT Book Reviews
Miniseries: Navy SEAL Defenders

John Hanscom says

3 1/2 p- 4 stars. The same old formula - hunky male saves perky female - but better written than most.

Carol Storm says

Sorry, but I didn't finish this one. Too much hospital creepiness. Too many sick babies. The heroine gets locked in a meat freezer in the morgue in the first chapter!

Joshualyn Prater says

My first book by this author. I loved it! It was predictable, I knew who was behind everything chapters before they revealed it. Typical ending, Guy gets girl, gets married ect. but it was still written very well. Can't wait to read more from this author soon ?

Linda Advena says

Loved it!

Another great story! Easy read, clean, romantic, suspense filled. Well worth your time. Thank you for another great book. Loved the characters!

Jennifer says

Great read! Lots of twists and turns in this exciting medical mystery!
Deborah Lewis knows something isn't right in the pediatric ward where she works and the more she digs into the reasons behind why kids are having serious kidney failures the more frequent attempts on her life become. When her ex boyfriend Cole Strachan, a former Navy Seal, suddenly appears back in her life she is overwhelmed and not happy at all.

Cole Strachan can't believe that after returning to Harborcreek that he's already running into Deborah, his ex fiancé, and saving her life to boot. Cole's new security business is updating all of Harborcreek Community

Hospital's security system and not to soon because Deborah has been attacked twice.

Can Cole and Deborah forgive one another and solve a deadly mystery before it is too late and find love again?

Joanie Bruce says

This book was okay...not one of my favorites, but it was an enjoyable read.

What I liked: I thought the suspense was sufficient enough to keep me turning pages until the end. A story that keeps you guessing who the "bad guy" is until the very end always holds my interest, and this one did that.

What I didn't like: The dialogue seemed stilted and unnatural. Some of the actions and thought processes were unbelievable.

I had a hard time getting into this story, but it wasn't a total reject. It wasn't one of my favorite books, but I would recommend it to someone who loves a suspenseful book. I will definitely try this author again. Overall I give it four stars.
