Adventure Time Vol. 9 Christopher Hastings , Zachary Sterling (Illustrations) , Pendleton Ward (Creator)
Shaken, stirred and backwards!

Finn and Jake find themselves in the middle of a secret war when they inadvertently take out Peppermint Butler's secret agent Candy Bar! There is something going on with the King of Ooo and the weird bears that he's hanging out with and it's up to Finn and Jake to get to the bottom of the King's dastardly plot! ...if only they weren't being accused of treason in the process.

These best pals are in for a treat, written by Christopher Hastings (The Adventures of Dr. McNinja) and illustrated by Zachary Sterling & Phil Murphy, the final reveal in this mystery is going to be explosive!

From Reader Review Adventure Time Vol. 9 for online ebook

Alex Sarll says

After a brief Interlude with creationist egg people, most of this volume follows Finn and Jake's new roles in Peppermint Butler's espionage agency S.W.E.E.T.S., taking over after the unfortunate demise of Agent Double O Candybar. Trigger warning: contains disobliging comments about bears. Which do earn their comeuppance, but only after a couple of issues, which is apparently not soon enough for some people these days. Anyway, comfortably the best volume I've read since Hastings took over from North, though he still doesn't quite have the knack of the footnotes.

Taylor Cayes says

Not the same without Ryan North.

Canesgalactica says

So, less annoying green text at the bottom of every page, but it's still present and still hard to read. The plot for this novel was much better than vol. 8 and includes Magic Man, Party God and Peppermint Butler (which is always fantastic).

Grace says

This book was so good my favorite part was when marcy showed up and saved the day.(thanks marcy!)

Shaina says

Pep But got a little less creepy... nah. The King of Ooo is even more detestable than before; and Magic Man was whimsical but fun in this one. Hope we learn more about the Ostrich and Delicate People. I also hope the Bears appear again.

Neat spy gear. Funny moments. (Ex: Book trigger in the library)

Yasss!

Beccy says

True rating; 3.25 stars

A very cute story arc.

Although I haven't written reviews of other volumes of Adventure Time I remember reading them as

something that is just joyous and not really aimed at a specific age range, but this volume to me seems like it's definitely aimed at kids and the plot over simplified.

But my biggest issue is, since when did Jake and Lady Rainicorn have kids? I know I'm probably behind with the tv series and have been reading more of the comics, but I've never heard anything about these children and suddenly there's this sassy daughter driving her own car.

Brian says

Some spy action in this volume!

David Rodolfo Areyzaga Santana says

In Volume 9, Christopher Hastings continues his path of placing Adventure Time characters in archetypal stories to offer a fresh, new take that revitalizes both the land of Ooo as well as the genres presented here. In this case, we follow a spy action story, ala James Bond.

I do wish the story had continued on the Lovecraftian path from Volume 8, but this was an fun entry. Adventure Time doesn't get old, and these comics are proof of that. There's not much I can say that differs from my previous reviews on this series: It's pretty amazing!

Hamster says

Whoever thought a demonic candy could be so hilarious? Peppermint Butler is becoming one of my favorites.

Chijioke says

The Adventure Time book is really good ,and there is one big problem that was caused a long time ago. We also get a piece of Princess Bubblegum's past. Princess Bubblegum wants what is best for her kingdom most of the time but sometimes she has her own goals. After her experiment goes wrong, the kingdom of Ooo (the place where PB IS THE QUEEN) is under attack and Finn and Jake, who are PB's friends who fight evil and save the world, can't help. PB (princess bubblegum) must stand and fight her own creation with the help of Marceline (PB's BFF) and Lemongrab (PB's other creation but opposite of first one). But I feel like it was hard for them to save the day they had some difficulty trying to stop the evil creation. Th was good for the book because it shows that they can fight without the help of Finn and Jake. Everyone should read it.
