## Supernova Kazu Kibuishi

Emily has lost control of her Amulet and is imprisoned in the Void, where she must find a way to escape the influence of the Voice. Meanwhile, Emily's brother, Navin, travels to Lighthouse One, a space station where the Resistance is preparing to battle the approaching Shadow forces that would drain planet Alledia of all its resources. Emily and Navin must be smarter and stronger than ever to ensure Alledia's survival.

Well, if I'm being honest, I don't believe I could write a coherent summary of this series. I sometimes feel like I'm following along with a movie that I've half-napped through; everything connects, but some of it is in pure dream logic. There's so much happening that, while I get the gist, my brain is undoubtedly missing important details. Thankfully, my eyes keep catching the gorgeous artwork.

I quite liked the callback to the first book in this volume, and I'm looking forward to seeing how everything resolves in book 9! (Maybe Scholastic Book Clubs can sneak that one to me early too...?)

### Rebecca says

I love this series. I love the art. The characters are so much fun. I really enjoyed seeing how Emily approaches dealing with the power of the stone amulet. I can't wait to see the resolution in the finale volume. If you like Avatar the Last Airbender, Voltron: Legendary Defender, and portal fantasies, then I think this might just be a series for you.

**Heather Jensen says**

The much anticipated Amulet #8 does not disappoint. This book is sure to fly off the shelves! Emily battles to escape from the influence of the Voice, while Navin joins forces with S.A.M. Team Five to save Typhon. Navin's faith in Emily never fails!
