I loved that the surprises just kept coming! I had predicted things that didn't come true and things I never thought could happen, did happen! What a great book!!

Hannah is a real powerful character, and with the help of her friends, she is unstoppable! This story was a fast-paced, wild ride from beginning to end! I can't wait for more!

Kate Rudd was the perfect narrator for every book in this series.

Yes!!!! Lillith is Purrfect!

And my favorite new character in feline form! (It's about time!) On another note, The Queen has a new "Sister"....Didn't see that coming until I saw the words " syringe"...and was like, "YES! YES! YES!" (out loud) my Feline Overlords like, "Silly Human..." HAHAHAHAHAHAHA! Great read! Gimme the next one NOW!!!!!!!!

Ch-ch-Cha-nces....

WOW!!!! Just.... WOW!!!! The end story in this arc for AoM was just fantastic! The end and epilogue..... You have to read it for yourself. I'm excited to see where we will be taken next.

Oh man! Or is woman! Wow, either way. This arc or final (hopefully only for now,) was so good! Also, that ending kicked ass. I think it is time they met the Empress.

Lois Alston says

So freaking awesome

Such an outstanding, entertaining story. The maturation of the characters. The story line is superb. This is just a truly well written story, waiting impatiently for the next story.

Alastar says

Wonderful

This was a rather enjoyable story and a lovely cover. I can honestly say I wasn't a real big fan of the first arc, my big issue was of course with the so called villain Adrien. I have really enjoyed this second arc, and this last one was possible the best of the lot.

Carissa says

Read it twice!!

Got to say I F'N loved it!! My only complaint was that it was not long enough!!! I thought for sure it was going to be Hannah that Lillith entered, like Bethany and Tom. I'm glad I was wrong!! I loved it!!!

In

All my years of voracious reading have I ever come across more prolific and absolutely brilliant authors like Michael Anderle and those he has collaborated with such as CM Raymond. Another great read . Thank You

Come

Ann Zdunczyk says

Hot Damn!!

This one is great, well like they all are, but this one takes the cake so far!! Who knew the with help Hannah could move Lilith to an actual body, well Hannah of course!! But the kicker was to save Hannah Lilith had to use some of BA's blood!! That came out of the BLUE!!

Earl C Loveless says

Great improvement

A lot less of bickering, snarkiness, foul language and more actual dialogue and story! Enough to keep every character intact but without tedium and boredom of it non-stop in earlier stories. All around improvement in story telling! Clever but predictable ending. But Hannah has enough cache by then to pull it off! More stories along these lines and characters could be good! I recommend the last two books in the series highly, the earlier books require some endurance and focus, except perhaps the first!

Heather Powell says

Freaking awesome!

Love the cover! Love the adventure! Can't wait for the next arc. Especially after the end of this one! BBB rules.
