The Dark Between Stars

Atticus Poetry

The Dark Between Stars Atticus Poetry

From the internationally bestselling author of *Love Her Wild* comes *The Dark Between Stars*, a new illustrated collection of heartfelt, whimsical, and romantic poems from Instagram poetry sensation, Atticus.

Atticus, has captured the hearts and minds of nearly 700k followers (including stars like Karlie Kloss, Emma Roberts, and Alicia Keys). In his second collection of poetry, *The Dark Between Stars*, he turns his attention to the dualities of our lived experiences—the inescapable connections between our highest highs and lowest lows. He captures the infectious energy of starting a relationship, the tumultuous realities of commitment, and the agonizing nostalgia of being alone again. While grappling with the question of how to live with purpose and find meaning in the journey, these poems offer both honest explorations of loneliness and our search for connection, as well as light-hearted, humorous observations. As Atticus writes poignantly about dancing, Paris, jazz clubs, sunsets, sharing a bottle of wine on the river, rainy days, creating, and destroying, he illustrates that we need moments of both beauty and pain—the darkness and the stars—to fully appreciate all that life and love have to offer.

Kristen Beverly says

I gotta be honest here- I have never been interested in poetry, not even instagram poetry, which is the newest fad. But I got a chance to do a Q&A with the author & figures I should at least read part of it before submitting some questions. Once I started, I could not put it down. Particularly during the STARS portion, I was smiling the whole way through. It gave me such joy and such a familiar feeling - like these are so many of thoughts that I have thought, but in such beautiful words. I lovingly dog eared so many pages. It was not at all what I was expecting!

Chantelle says

So. Many. Feelings.

Grace Malo says

Loved this.

Zuzana Malá says

Zpracování op?t p?ekrásné... Jen prost? n?které "poems" mega klišé nebo WTF... :)

Brittany Evans says

Atticus' first book is what got me into poetry and is still among my favourite poetry books i have ever read to this day. So naturally when I heard he had a second book coming out I had to buy it immediately upon release. And let me just say he did it again, he wowed me, inspired me, he left me in awe and he is still among my favourite poets. I will be forever rereading this book

Kate says

This is my first encounter with anonymous Instagram poet, Atticus (@atticuspoeetry), but I'm now a certified fan! This collection is soaked in stardust, immersed in rain, and sparkle-spun in love. Is sparkle-spun even a word, or has this poetry collection gone to my head? Throughout the book there are dazzling, magical photographs that capture the wide open feel of the tiny, lovely poems. The perfect poetry for snuggling up and reading on rainy days, but just as good on a sun soaked beach or, if you're like me, reading in between the bits and fits of reality anywhere I can.

Shayla Raquel says

Perhaps one of the most important things that poetry can offer us is pure, unbridled honesty. Atticus, known for keeping his identity a secret, has always told the truth in each poem he writes. Thanks to Instagram, Atticus's success with his poetry has provided a path for more poets to shine bright.

The Dark Between Stars takes the reader on a journey of a blossoming relationship, the ups and downs of committing to one another, and finding oneself wrapped in loneliness once more. Similar to Atticus's first book, Love Her Wild, his second book is overwhelmingly romantic and full of pure nostalgia. Each poem leaves the reader with a sigh—with a "I hope I experience this type of love" kind of sigh.

Atticus's book covers loving a poet, spending evenings in Paris, allowing the universe to bring two people together, falling in love with nature, and finding your self-worth after heartbreak.

You can read through this book of poetry quite quickly, but you'll find yourself thinking about the poems long after you've finished.

I received a copy of this book from the publisher in exchange for an honest review

Lisa (Remarkablylisa) says

MY RATING: 4/5 STARS

I received an ARC from Simon Schuster Canada in exchange for a honest review.

I was sent this book unsolicited and honestly, if I never got it from the publisher, I probably would have never picked up the book and potentially lose all the beautiful quotes/poetry I've since collected since I read it. I'm not a fan of poetry. I don't hate it but I'm also not the type to lean towards it when I have a spare hour to read whatever I want. Let's just say that I have a trouble understanding what good poetry is. Some poems I read sound so cheesy and it makes me shudder but then some seem to hit the exact spot deep inside me to make me feel connected to the words. It's always up in the air with poetry for me.

And that is why I'm so happy to report that The Dark Between Stars does not aim to confuse you and were very good to read for a simple soul like me. Let's not dazzle me with unstructured lines but just tell me what you really mean. The book is filled with beautiful photography, fonts, words, and it's something you can zip through but also tab down to not down your favourites. It's meant for someone who was lucky enough to fall in love and it's meant as an ode to the ones who just can't help be the one that loves a little bit more than their partner in a relationship.

MY RECOMMENDATION

Purchase this book for a rainy morning day where you can sip on coffee/tea or a love you want to serenade to.

Jodee Phillips says

3.5/5

Josephine Nielsen says

Atticus has done it again, beautiful collection of poems and illustrations. Absolutely incredible.

Sarah Loggia says

I absolutely loved this compilation of poems! Short and sweet, but very meaningful. The concept is amazing and super relatable. I also loved the addition of the images to accompany the poems. Such a beautiful touch! I 100% recommend!

Aleya says

I requested this on Edelweiss because the cover was gorgeous and I figured, why not. I'm trying to diversify my reading a little and this definitely stepped outside of my usual area. I was a little meh about it at first but the ending really drew me in. I loved getting to take the journey with Atticus in this book. It was poignant and there were some really beautiful lines throughout it. I can't wait to see it in print, as opposed to the arc on my Kindle. I bet it will be beautiful. I adored the inclusion of the pictures. They were a nice complement to the poetry.

Kales says

What a beautiful little book. One of my favorite aspects of the whole thing was the photography. I thought it elevated the poetry and the meaning of the art. I struggled with some of the font choices and I didn't quite understand why they had to change so frequently. I didn't seem to add anything to the poem, only distract from it.

Some of the poems seemed more fortune-cookie-like rather than poetry. But I did enjoy a majority of the work. I found myself taking snapshots of certain lines and sending them to people in my life who I thought would appreciate them. I got amazing responses back, so it was a true testament to the powerful work here.

All and all, this was a beautiful book, a fast read, with some quality gems in there. It follows the modern poetry streak of the current day, something short and Instagram worthy, but I still enjoyed the thirty or so minutes I was wrapped up in this book's magic.

Conclusion: Keep
