Mandie and the Medicine Man

Lois Gladys Leppard

Mandie and the Medicine Man Lois Gladys Leppard

A Cherokee superstition seems to have come back to haunt Mandie and her friends the gold they discovered has been donated to build a new hospital, but something or someone is tearing down the walls as fast as they can be built. The guard posted to watch the site is knocked out, tied up and blindfolded.

Will Mandie be able to find her friend Joe? Will Mandie and Sallie be rescued from their kidnappers? Will Mandie learn her lesson about jumping to conclusions?

Another exciting adventure for young readers.

M a r y ♥ says

good book. little kids should be reading more and they are always on technology :P :(((

Felicia says

Very good as always!

Robyn says

I liked Joe in this story. And the part where he wakes up from unconsciousness was one of those "Leo Don't..." moments (an inside joke from the 1990 "Teenage Mutant Ninja Turtles" movie)!

Meadow Frisbie says

A Cherokee superstition seems to have come back to haunt Mandie and her friends—and gold they discovered has been donated to build a new hospital, but someone or something is tearing the walls down as fast as they can be built. The guard posted to watch the site is knocked out, tied up and blindfolded.

rosy reads says

This one was never a favorite as a younger girl, but I still enjoyed it quiet a bit rereading it. All of these characters are literally my friends and I love revisiting this world after so many years!

Grace says

I loved it when I was 11. I don't know about it now.

Kyleigh says

Well. I just don't understand Ts'a'ni. He is mean one moment. Nice the next. Hopefully he stays nice now. I can't remember if he does or not.

wanderer says

I admit it: I am reviewing these books years after reading them. However, do not even suggest that I'm no longer qualified, that too many years have passed to remember. My battered and faded copies of these books testify to how many times I read them growing up and plots and entire passages are seared in my memory forever.

Snowball always ran away, Mandie always got in trouble, Uncle Ned always rescued her, and Joe and Tommy bristled at each other. I myself preferred Joe, but Tommy's cosmopolitan airs nearly tipped the balance a time or two. I recall- fondly and as though it were yesterday- my glee when Mandie went off to Europe, my disgust at the new baby, my delight in Mandie's wardrobe of sky blue frocks, my puzzlement at all her near escapes and handy school vacations, my terror during the daring midnight adventures. Ah me, to be young and silly again...

If I had written goodreads reviews at the age of eleven, all Mandie books would've received automatic five-star ratings and gushing descriptions. As an adult, I will honestly give them all three stars, except for my special pets. And if I ever have a little girl, I will buy her the entire set. Oh, and *did* you know there are more than forty books in the series by now? And I'm guessing Mandie never grows up, either.

Anna says

Cute. All the Mandie books are just very cute and suitable for little girls who like old-fashioned adventure.

Rachel says

The Mandie books are fun Christian mysteries for children, but I still love reading them. Even though she doesn't age very quickly and seems to get far too many breaks from school during the year, she's a lot of fun.

Josiah says

Super awesome book! Mandie is investigating why the hospital for the Cherokee that she decided to build (she finds gold in a past book) is being destroyed. The story is packed with action and suspense. This is probably the best Christian book series I've ever read for preteens/teens. Mandie commonly depends on God and she isn't a "perfect" protagonist like many others preteen/teen mystery series, these two factors make the book way better in my opinion. My advice to anyone starting this series is read it from the 1st book, and read in order, as there is not much explaining about the past mysteries in the beginning. I cannot wait to read the second one, and I highly recommend this series!

Lori says

A great series of books for children/young adults. Often recommended for girls, because the main protagonist is female, these books could still be a good read for boys, too.

New Teens- Four Stars

Early High School Teens- Four Stars

Older High School Teens- Three Stars

My personal Rating- Three Stars

{Ratings are lowered as ages get higher due to the simple plot.}

This wasn't my favorite Mandie book, but it was still good. :)

*BFCG may (Read the review to see) recommend this book by this author. It does not mean I recommend all the books by this author.

Laura says

Cool.
