[Ménage Amour ManLove: Erotic Alternative Fantasy Ménage a Trois Romance, M/M/M, shape-shifters, vampires, bondage, sex toys]

After his loser boyfriend pushes him too far, Kody Donovan decides that he wants more than just someone to warm his bed at night. When he meets Conley Norton, vampire and leader of the west coast covens, not to mention walking sex dream, Kody couldn't be happier. Especially when Kody finds his other mate, the equally hot and sexy vampire, Marc Rindge, hours later.

Kody thinks that life couldn't be more perfect than it is in that moment, despite the danger being the mate of such a powerful man entails. Unfortunately life is rarely perfect, as Kody soon discovers. Marc and Conley have a history together and it's not one that ended happily.

When the two men are faced with having to share the mate or spend eternity alone, they try to be civil. But can Conley overcome his past relationship's mistakes, or will he repeat history with Kody?

I absolutely despised Conley and I really don't feel like he truly redeemed himself. My dislike of him has tainted my view on this book a bit.

In this third installment of the Purrfect Mates Series we meet Kody Donovan, a sweet caring man who only wants what his brothers have already found: his mates. Kody is a man sick of the dating scene and just wants to settle down. Kody soon finds out just because you want something badly enough doesn't mean it will turn out as you expected.

While out one night a man comes to his rescue and he couldn't be more pleased to discover this mystery man is his mate. From the time Kody meets Conley, his vampire mate, it's a roller coaster of emotions. Being mated to a very powerful vampire leader can have its downfalls. The only joy Kody gets is from his other mate, Marc.

Joyce Flynn writes her stories where there is that one character you just instantly love and respect and, in this story, that is Marc. Like Conley, he's a vampire but that's where the similarities end. Marc is Kody's rock and loves and helps him through his heart break over Conley. But what gives this story a twist is that Marc and Conley have their own romantic history and the wounds from that relationship have never healed.

There is definitely a struggle of wills between these three men, from what they want individually to what they need as partners in a relationship. This is a love story where the characters have to work together to get through all their own person drama and differences to find happiness at the end of the day. These three men learn the hard way that actions have consequences, some bad and some good, but with strength and love they can overcome any obstacles.

I personally love vampire and shifter stories, so putting these two genres together was an excellent combination on Ms. Flynn's part. This story kept me reading until the very end. She writes in a way that keeps you wanting to know what will happen next. My Sexy Tiger is a must read. Pick up a copy. You won't be disappointed.

I liked this story of yet another weretiger, Kody, finding his mates. His problems are different, but no less aggravating than those experienced by weretigers in previous volumes. This book reveals more details about the vampire world of this series, which was interesting, but I missed the emotional intensity of the previous two books.

Kody was quite clearly in such a bad situation, previous abuse having almost 'prepared' him for more of the same. It takes him a while to learn how to stand up for himself, but it's essential that he does. At least Marc, one of his vampire mates, is more supportive than Conley. The latter, quite honestly, is a complete asshole. Even though he sort of redeems himself by the end, I didn't see him change or grow. He just seems to adapt to the new situation. I don't know what it was, but I just couldn't connect, and that definitely stopped me from enjoying the story more.

Anyone who likes a bit of mystery, (cat) shifters, vampires and hot three-way sex will probably like this book.

The writing of Joyee Flynn is always entertaining and never leaves a reader disappointed. Our Sexy Tiger is no exception and entices the reader to pick up all of her books. The characters in the Our Sexy Tiger are created with a realism that must be read to be believed. The vampires and shifters jump off the pages, and keep the reader captive with their very essence. I highly recommend Joyee Flynn and Our Sexy Tiger as a jump start to becoming a fan of the Purrfect Mates series.

I liked this one.... and yeah if I was Kody... (by the way... his a guy right... acting like a fucking girl) I would cut Conley's bits off... any way ... really loved the ending with the cubs.

when I pick up a series like this, I know what I'm getting, I'm under no illusion that its just more smut, less plot and a tiny tiny bit of over the top drama, but it soothes my soul and I enjoy then :)

Otro hermano de Avery es el protagonista de esta historia, Kody. Realmente he sufrido mucho por Kody a lo largo de las páginas de este libro, el pobre tiene que pasar las mil y una, y sus parejas junto con él. Al igual que en el anterior con Addison, aquí el que se merece la golpiza es Conley, que se comporta como un idiota la mayor parte del tiempo. Sin embargo, Marc es el amante perfecto, quien solo se preocupa por ver feliz a su otra mitad. Muy linda historia.

Tyra Berger says

This third installment in Joyee Flynn's Purr-fect Mates Series is another step in the right direction. This series has made steady improvements in story line and character development with each book.

Kody Donovan is a saber-tooth tiger shifter. They are very rare, and as a member of the cat shifter family is destined to have two mates and must claim them within 48 hours of meeting them or die. After dating Steve, a wolf shifter, for a year, Kody is finally tired of putting up with him and he knows Steve isn't his mate, so why stick around? In the process of leaving, Kody is jumped by Steve and his buddies, when a stranger steps in and helps him.

Conley Norton, vampire coven master of the west coast covens, knew as soon as he smelled the tiger shifter that he was his mate and doesn't waste anytime claiming him. Kody is thrilled to have met one of his mates and overlooks Conley's bossiness. While the two are traveling to another coven, Kody meets his second mate, another vampire named Marc, who has a history with Conley. Things start off happily but soon the "honeymoon" heat wears off.

Marc has known Conley for years and he is not surprised when things start to go badly, but the most important thing to him is taking care of Kody, even if that means leaving his other mate.

I liked this story but I didn't love it. I enjoyed reading about the couples from the previous books and especially liked the story line for Avery from Here Kitty, Kitty. I thought that was a nice addition to this story.

However, I had a hard time connecting to the main characters for this book. Conley seems so self-centered and mean that I didn't want Kody and Marc to reconcile with him, even after I learned the reasoning behind his behavior. We don't know any of the mythology surrounding the vampire community, i.e: can they go out in daylight, are they made or born, etc. I felt some history was needed.

Another problem that has been prevalent throughout this series is the repetitive phrasing. This author seems to be improving with each subsequent book so I am not ready to give up yet.

I figured it out. The characters in this series are really all 13 year old girls in the bodies of adult men. That's why they're so whiny, annoying and weepy.

Enny says

Oh, noes! Another one of these insta-love stories Joyee Flynn is so infamous for.

Gwengwel says

Same plot and same type of perso than the second book. Nobody noticed? Nobody said, Hey I think I already saw that somewhere...?

Conley do not merit a second chance. I'm tired of writer that try to amend some asshole 'because they had good reasons'.

And someone's really have to work again on the edition. I learned English by myself and this book have so much faults that's bother me, imagine a native...

This book is a total deception.

typical joyee flynn serial romance. nothing fantastic, nothing so bad it can't be finished. what is typical joyee flynn? imagine a shorter harlequin romance but with no t&a (see, i was going to write no surprise pregnancies, but... yeah.).

unless otherwise noted. i'd apologize, but i'm not sorry. i figure it's about as much time as they put into their books. dammit! well, i made it all the way to the end being rather moderate in my assessment. that's a win
