Twenty-two year old Nicole Masters never expected to be engaged to Red Jameson, the business mogul and celebrity who owns the company where she works as an intern.

But now she's got to deal with much more than simply pleasing Red in the bedroom (a full-time job in and of itself).

Someone leaks the story of their relationship to the tabloids, and soon Nicole is dealing with angry stares from jealous co-workers, cruel stories written about her online, and a creepy stranger who seems to know more about Red's personal life than she does.

On top of that, Red's unpredictable moods and his secretiveness are beginning to take their toll on Nicole's trusting nature.

With so much working against them, can Nicole find a way to keep her relationship with Red intact, or will the high-pressure world that Red lives in eventually drive them apart?

For His Taking (For His Pleasure, Book 2) is a 35,000 word tale of lust, submission, power and ultimately--a love story for the ages.

Better than the first book. The confusion I had in the first book got cleared up... But the relationship is still really fast... I don't have so much of a problem with that anymore because I do believe two people can fall in love quickly... This book was more informative especially on Red. The big thing I didn't like about this book though was... Now I'm not sure if I've just lost my mind... But um I was reading and they were broke up for like a month I believe maybe a tad bit more when Nicole mailed the ring back and Red came for her at Yoga... but um... when they had dinner the night they got back together Nicole said that you couldn't even tell that the dining room was destroyed a few days ago and that she couldn't believe all that happened a few days ago...? I swear that had to be the hugest typing era I've ever read and I had seriously thought my mind was playing tricks on me so I had to literally go back through the book to make sure I wasn't needed to be admitted to a mental institution... But anyways... I'm moving on to the third one because I'm still curious!

Found this one in a what to read after Fifty Shades list and I'm having a hard time finding the stories and the characters similar, I mean yeah it's a girl recently graduate and a not so old billionaire guy who feels attraction, as soon as they met, but there was definitely more story development in Fifty Shades, I found this rushed and unrealistic, like a lot. I didn't like the characters either. I didn't hate them but didn't love them neither.

I still will give it 2 stars 'cause it was OK, nothing fantastic, but it kept my attention to continue reading.

Gia Travotski says

Okay, this was better, but I feel like the heroine is spineless and the hero is a world class jackass. I like the appeal of the hard to get man with a mommy that has mental health issues and mistreated her soon Really, that added more depth to Red. HOWEVER, it felt like that tadbit was just thrown in there really hard to connect with him. The pace was better. I was able to suspend belief like I am suppose to with these novellas and follow the change of events.

Why the three stars? I felt like she ran off a list of things from an outline and RUSHED the flow of the story. Again, a lot of potential and much better than the first, but it just wasn't cohesive enough for me.

Bintang 3

Buku 2/16 seri For His Pleasure.

Ternyata kehidupan percintaan Nicole-Red mempengaruhi seluruh aspek kehidupan Nicole, terutama dilingkungan kerja mereka. Betita mengenai hubungan mereka dan pertemuan mereka berdua dengan ortu Nicole dipublikasikan oleh sebuah tabloid online. Dan hampir semua rekan kerja mengetahui hubungan

mereka. Ada yg pura pura tak tahu dan diam saja, ada yg tidak suka dan menunjukkannya secara terang terangan terutam para pekerja wanita. Untuk menghindari kehebohan lebih lanjut Nicole menolak keputusan Red memindahkannya ke bagian PR dengan alasan lebih menyukai posisinya yg lama dan rekan kerjanya selama ini.

Sebagai tunangan Red, Nicole juga diminta untuk tinggal bersama di rumah Red. Menghabiskan malam pertama mereka yg super panas disana Red mulai menunjukkan tingkahnya yg aneh. Takut akan perangai Red saat itu Nicole memutuskan untuk kembali ke apartemennya sendiri. Mulai saat itu Red selalu menghindari Nicole Nicole bahkan diusir dari ruang kerja Red saat meminta penjelasan Red akan sikapnya itu. Menghadapi penolakan Red, Nicole memutuskan untuk melupakan Red dan mengembalikan cincin pertunangan kepada Red. Tindakan itu ternyata membuat Red ketakutan akan kehilangan Nicole. Red akhirnya berterus terang. Ternyata tindakan Red dan perilakunya selama ini dipengaruhi oleh tindakan ibu kandung Red yg selama ini selalu melecehkan hubungan Red dengan beberapa teman wanitanya dahulu. Nicole memahami dan bersimpati dengan kondisi Red tersebut dan juga memaafkan tindakan Red yg kasar sebelumnya.

Namun lagi lagi hubungan mereka diterpa masalah lagi. Seorang reporter membuka rahasia kehidupan pribadi Red terutama hubungan Red dengan mantan tunangan Red. Tak hanya itu Anderson membuka rahasia yg membuat Nicole sakiti hati. Menurutny Nicole hanyalah pion yg digunakan Red untuk mengubah image pribadi Red dan perusahaannya di mata publik. Benarkah??? Menyikapi hal tersebut Red berterus terang kalau itu memang rencana awalnya namun tak pernah dilakukan karena menurut Red itu adalah hal yg bodoh untuk dilakukan. Red tak ingin merubah imagenya. Setelah mengetahui siapa yg bertanggung jawab membocorkan rahasia itu, Red memberi mandat pada Nicole untuk memecat Talia, wanita yg pernah melecehkan dan mempermalukan Nicole sebelumnya.

3.75 out of 5. It is the continuation of the "For His Pleasure" series that are not stand alone novellas but are really quite good reading. It is also the continuing story of a relationship that truly is an on-again-off-again kind of one, the hero is mysterious and certainly not willing to let his new fiance into the deeper reaches of his inner thoughts. Nicole is pretty and loyal, but even she is wondering if the stresses of international business and Red's own mysterious background and inner demons won't succeed in keep them apart.

Marilyn says

Enjoyed this one a lot more than the first one. Took less than 24 hours to read - while also reading a third of another book... so it really managed to keep my attention.

I found it much more realistic than the first one, especially with the timeline being used with everything happens. There where a few inconsistances. For example they where broken up for a month, and that is why she sends the ring back... but then two pages later, she was in his house for the first time, a week earlier... not quite consistant ;)

Can't wait to start the third one at bedtime! :)

Bethany says

I am digging this series. Red is a little bit "out there", but I like their dynamic as a couple and will check out book #3 to see where their journey goes.

Alexandria Tugot says

Slightly better than the first book. Still weirded out by the fact that they actually got engaged in the previous book, and that she actually accepted. What the hell! That doesn't happen in real life. It's got gold digger written all over it if it happened in real life, but no, in the book, she doesn't want his money.

Hey, anything's possible.

Dawnnie says

Speed reading through the whole book. Heroine is very self centered and materialistic. She makes me feel that she wants to be with the hero just because he is very rich and she assume that this feeling is love. But when he needed her, she left him and said she thought he's gonna hurt her.

Every few pages, she will think to herself that after they got married half or his will be hers.

Over the course of the relationship, she didn't really put in any effort besides feeling sad and expect him to wait on her. Can't say how much I dislike her.

Why did I buy 3 books of this series at a go? -.-

Did not really enjoy this book. But it was a quick read. I like Red but I don't like Nicole. Because of Red, shall just rate this book 2 stars.

Sofia Lazaridou says

I cannot say that the book was a big improvement from the first one, but it was almost decent. I felt like Nicole was fighting alone against the world. I don't like Red much.

Diane says

At first I was thinking it is short, but after reading it & going right on to book 2 I didnt mind (I got book 1-9 at one time).So it was more like each book is a big chapter.

I have to say Im really glad I dont really take into count some people views as seeing some of them I was just shocked. Some people just need to go back to reading boring books.

I LOVED to whole series, yes at time I was mad, sad, worried, loved, hot, that is what books are meant to do make you feel and this series does that.

Im glad I read them and Im waiting for book 10 as it does really hook you into the story.

LaGina says

Just because Nicole is reeds fiancé doesn't mess he has given up his control. He still shows her who is the dominate but with so much love.

Katherine says

Great Series!!

This series was awesome. I couldn't put it down. I love multi-dimentional plots. This series had so much going on that I literally got lost in it in a great way.

Debra Baker says

Good book!

Jody Bradley says

This is the second book in the series and I must say I enjoyed this a hell of a lot more then then the first one. I didn't seemed rushed like the first one and I think that's the reason why. Loving all the drama this story has and I'm glad we've had a look into Red's background story. I found the book a little predictable at times but I'm still going to read them to find out what happens in the rest of the story.
