Ava is misunderstood. She feels like she is standing still as the world revolves without her. She is suffocating in a realm of complacency. That is until a recurring dream comes to life putting a new and interesting spin on things. Ava awakens in a strange, mystical world that is plagued by a greedy tyrant. Her path collides with two brave men, Falcon and Griffon.

Ava soon learns that they are lost souls just like her. As they fill her in on the history of their unusual home, she uncovers surprising secrets about her own identity. Can Ava remain the ordinary girl she has always been or will she follow an unknown path to a frightening but potentially glorious future?

Together, the trio must face their fears in order to unravel the truth on this epic journey of self-discovery.

### Becky Edie says

This book is a wonderful story and keeps you wondering what will happen next. The characters are great and the story flows well. Loved this book and can't wait to read the next on. A must read book. :0)

### Chloe says

The cover doesn't really draw you in, but this book is great. Not the kind of thing i would usually read as it's fantasy, dragons and faeries and stuff. But i'm looking forward to the next one.

### Jennifer Halstead says

Wings of Hope is an unusual book. At first, I thought it was going to be just another teen angst story but after a few pages I realized it was not an ordinary YA book at all. The author's voice is refreshing and her characters are believable, interesting, and complicated. The action segments are exciting and the romantic "scenes" between the main characters leaves you wanting more every time. B. K. Pethtel has created an amazing world to be explored and I can not wait to read the sequel!

### Julie says

I didn't want this book to end. Just fabulous, starts off just in the real world then takes you to another world I can't wait for the next book.
