Never A Bride

Denise Hunter

Never A Bride Denise Hunter

God either has a cruel streak or a peculiar sense of humor. At least that is what "Plain" Jane Cooper thinks. Why else would He have stuck her smack in the middle of the beautiful Cooper family? And why did she have to get duped into minding house for that exasperating Luke Reiley? Luke has his own set of problems. His brother just married the woman Luke loves, and they will be living in his home after their honeymoon. With all of that to worry about, Luke might as well throw his energy into what he does best: teasing. And nobody is more fun to tease than the stiff, starchy Jane Cooper. How will Jane handle this outrageous relationship.

Laurie says

Had to borrow thru interlibrary loan... .but just wasn't into the time era right now.... maybe someday.

Rebekah says

Oh. My. Word. This book is filled to the brim with trashy romance novel cliches, cleaned up with family friendly Christian values and drowned in a deep layer of saccherine-sweet sappiness. Reader Beware: if you enjoy sappy romance novels (with a surprising amount of character development), you'll prolly like it. If you despise that genre, you will despise this book too.

CarolynB says

I've enjoyed ever book I'e read by Denise Hunter and this onw was no exception. I needed a light, quick read and this book filled the bill.

Massanutten Regional Library says

Rebecca, North River patron, June 2015, 5 stars:

Jane Cooper never thought she would be a bride - until she met Luke. Through Luke's eyes Jane came to realize her own personal worth and strengths. Will a terrible accident cause Jane to lose everything? A sweet romance book. Christian, historical fiction.

Darla Damron says

Never underestimate the power of God's will for your life. Jane Cooper had a vision for her life and she was very much wrong. She had to let go of self-pity and learn to be grateful to see the beauty in her life. Love the story and reminded me a lot of myself growing up. Although I didn't have any sisters to compare myself to. Just others around me.

Ckainer says

It was a toss up between 3 and 4 stars. Sweet story but something was lacking that I couldn't quite put my finger on. Good if you want an easy light read. One of my favorite scenes was when Jane's mother lit into her. She needed it!

Stacey says

Sweet and tender story by Denise Hunter. I was left wondering if Jane ever showed Luke her first drawing of him and whether he laugh or soberly kissed her!
