Big Bear Daddy Anya Nowlan

A bear must protect, always.

Colt Hennessy is a werebear on a mission. The small town sheriff finds himself caring for a baby left at his doorstep and no sooner than it happens does he discover that this little bundle of joy was exactly what he'd been missing. With danger swirling around him and dark forces out to harm the child, he does the only thing he can - goes to search for a safer place. It's there where his, and baby Lana's life changes forever.

Jessy Sarli has lost what little she had left - her sister. Desperately searching for her, the fearless woman left everything else behind, only to be led around on a string of confusion. When she finally finds her niece in the protective care of a man who takes her breath away, she's not sure what to make of it. But she does know what her heart is telling her. That this man is the only one who can help her, and Lana.

When the cause for Jessy's sister's disappearance comes out, she will need all the help she can get. And not only her and the baby, but her heart as well...

***Big Bear Daddy* is a standalone werebear surprise baby romance novella that has a guaranteed HEA; no cheating. If you like shifters that stay true to their mission and the curvy, confident woman who love them, then this is just the book for you!**

From Reader Review Big Bear Daddy for online ebook

Christina Bowling says

I love this author, she's one of my favorites, and I always jump at the chance to read anything she writes. However, that being said, this was not my favorite book of hers. It was well written, flowed nicely, and I loved Jessy and Colt both. But I really hated what happened with Jessy's sister. Even though Jessy and Colt get their HEA, I don't consider it a FULL HEA because her sister didn't get one. That just put a sad taint on the story that kept me from enjoying it as much as I did her other books. Had her sister gotten an HEA, I would have loved the book. I was gifted a copy.

Kimberly says

Good story but....

The story was good but the editing process left a lot to be desired. With missing words, spelling errors, and using the wrong character names when referring to the main H, calling her by the baby's name...it was a good thing I was wrapped up in the storyline or I wouldn't have finished reading this.

Ignoring the editing, it's a good book otherwise.

Lyn Mckenzie says

I voluntarily reviewed this advanced reader copy

I adored this book so so much!!! It's a brilliant read full of action and intrigue, secrets and danger as well as love, loyalty and passion. I am sure that Anya Nowlan just gets more and more talented with every new book.

I adored this storyline, there is something about a man taking on a child as his own that is not his by blood that just melted me especially with how protective he is towards Lana that just struck me in my heart and seeing how much of an amazing father he is just made me love this book and storyline even more. The way that this book is written makes it a page turner, you find yourself just not wanting to do nothing but turn the pages to find out what is going to happen next.

Jessy's character is brilliant, i love how strong she is and tenacious. Once she gets something in her mind she will follow it to the end if she believes that it is right. She hides a very passionate and fiery nature and she loves fiercely. Colt is a very Alpha male who will protect those he loves to his dying breath but also has a much softer side with a huge caring heart.

I don't think i could love this book anymore, it was seriously amazing, a book that everyone needs to read!!!!

namericanwordcat says

This is a sweet romance about an sister who won't give up and a good guy bear shifter. I like the fact that shifters are known.

This is a nice read.

Cheri Arellano says

Definitely a must read

This was a great book. This book had quite a few twists and turns. This book has it all hot men, strong women, cute babies and of course villains. This book kept me spellbound from beginning to end. It had drama, suspense, laughter and tears. I loved how it all worked out with a picture perfect ending. I can't wait for the next book on these twos children. This author has an amazing talent to make you feel and see the scenes. This is a definite must read.

Diane T. says

This tale was not bad but I felt that it was missing a bit of a spark. It just did not set me on fire. I liked the hero. I liked the heroine. I was not overly crazy of them as a couple. That part did not work for me.

Betty says

ABSOLUTELY WONDERFUL STORYLINE BY ANYA NOWLAN

Big Bear Daddy is absolutely sweet little novella and it's description of the book just gives you a hint of her wonderful characters. SOOOO RECOMMENDING THAT YOU HAVE THIS WONDERFULLY ENJOYABLE BOOK BY ANYA NOWLAN DEFINITELY GLAD I HAVE THIS TO REREAD AGAIN.????????????????????

Ann says

This was such a great book it had everything sad and happy

Sandi Ramirez says

Perfect start for a series

Ahhh there is nothing sweetheart than a good looking man and a cute baby well unless it is a smexy shifter and a cuter baby. This is the first book in the Sweetwater Father Bears series and it was really a good read.

Perfect length book for relaxing at bedtime, by the pool or on a trip. I loved Colt and Jessy's story and baby Lana oh my Anya Nowlan describes her so well it's like her picture is drAwn on the page. Great read!

Mary Clark says

When Colt finds Lana on his doorstep he is smitten and rather than put her in protective care decides to look after her himself; the note left infers the mother will be back shortly to claim her child. As time lapses, it is obvious the mother is not going to return, so Colt adopts Lana. If Colt's suspicion about Lana's heritage is correct, returning to his hometown and Clan in Sweetwater, to be among other shifters, would be good for both of them. Colt's father had been a member of the Grimpaw Clan and by way of blood so was Colt. Colt had not given much thought to starting a family before Lana came into his life, but now he couldn't imagine living without her, and they have his father's cabin to move into. It has been over a year since Jessy last heard from her sister Rachel, but she has not given up looking for her and her niece. She now has a lead on a baby girl named Lana; this was her mother's name, so Jessy is hopeful this may be her niece. Arriving in Sweetwater, Rachel and Colt make quite an impression on each other, but Jessy is not ready for a commitment until she finds out what has happened to Rachel. Jessy sees Colt with Lana; now Colt wonders if Jessy has come to take Lana away from him. Jessy can imagine sharing her life with Colt and the two of them raising Lana, but the strong feelings she already has towards him scares her; then again, she is his soul mate. Danger is just around the corner though; someone has been tracking Jessy, and Lana may be the target. This was an engaging story that I enjoyed reading and would have no hesitation in recommending. A copy of this book was provided to me with no requirements for a review. I voluntarily read this book and my comments here are my honest opinion.

Goddess of Chaos says

Family and love make for a great ride

This story is as much about the love within families as anything else, with the mystery of what happened to Rachel hanging over Messy and driving many of her actions.

Colt is a compassionate protector. A man who will turn his life upside down for a baby. And Jessy is a woman who values every member of her family, and will go to fantastic lengths for them. When they finally meet, all those qualities mesh in the best possible ways for a delightful reason.

Shelley says

So far, I've never been disappointed with an Anya Nowlan book. This story had plenty of twists and my favorite, a happy ending. Wouldn't it be great to get a heads up, this person is the one. I like all kinds of

shifter stories, but I have to admit my favorite are bears and dragons. This author provides both. The characters are intriguing and the plot keeps giving you zingers. Pick up a copy.

Cari says

Anticlimactic

Note: I received a free copy in exchange for an honest review.

I liked the book, but the h/h didn't meet until 1/3 of the way into the book. The information was needed to set up the story, which I totally understand. However, the rest of the story had so much potential to be developed further that it was anticlimactic.

Deb Diem says

Big Bear Daddy by Anya Nowlan is an entertaining paranormal book. This is a fairly short book, a great choice for paranormal fans with limited time for reading. Ms Nowlan has delivered a well-written book. The characters are perfect for this story and just plain lovable. Jessy and Colt's story is loaded with drama, suspense, humor and spice. I enjoyed reading Big Bear Daddy and would happily read more from Anya Nowlan in the future. Big Bear Daddy is book 1 of the Sweetwater Father Bears Series but can be read as a standalone. This is a complete book, not a cliff-hanger.

Christine Karmelreads2665 W. says

Unexpected Daddy

Good:

This was like a mystery that turned into a sweet read. Colt is a bear shifter who has not been around his kind since he was a kid.

Jessy has only her sister in the world who she would do anything for.

Their worlds will collide in such a way that neither will be the same again.

This is my first book by Ms. Nowlan and I would say I definitely enjoyed her characters and the story development.
