Haunting the Deep Adriana Mather

The Titanic meets the delicious horror of Ransom Riggs and the sass of Mean Girls in this follow-up to the #1 New York Times bestseller How to Hang a Witch, in which a contemporary teen finds herself a passenger on the famous “ship of dreams”—a story made all the more fascinating because the author’s own relatives survived the doomed voyage.

Samantha Mather knew her family’s connection to the infamous Salem Witch Trials might pose obstacles to an active social life. But having survived one curse, she never thought she’d find herself at the center of a new one.

This time, Sam is having recurring dreams about the Titanic . . . where she’s been walking the deck with first-class passengers, like her aunt and uncle. Meanwhile, in Sam’s waking life, strange missives from the Titanic have been finding their way to her, along with haunting visions of people who went down with the ship.

Ultimately, Sam and the Descendants, along with some help from heartthrob Elijah, must unravel who is behind the spell that is drawing her ever further into the dream ship . . . and closer to sharing the same grim fate as its ghostly passengers.

MY BLOG: Melissa Martin's Reading List

Hope (HopelessBookAddict) says

Ughhhhhh I liked this but it was somewhat ruined for me due to the love story aspect. It was just annoying. I am salty she did not pick who I liked lol. But other than that it was a great book. Not as good as the first but still good. The character growth was great. Still loved their relationships, the suspense, and the twists.

Kali Wallace says

A gloriously creepy and fun return to the witchy, haunted world of HOW TO HANG A WITCH--now with more ghosts, more spooky-as-hell magic, more kickass teen girls fighting evil with flair, and terrifying visits to the grandmother of all ghost ships.

Oh, and my ghost boyfriend, obviously. YOU STILL CAN'T HAVE HIM. HE'S MINE.

Seriously, this is such a fun sequel. Perfect continuation of the first book, with more of everything that made that one so fantastic, and the spooks and story and history are wound together so well!

Florie Katherine says

I am always concerned when an author writes a sequel to a well loved book (in this case, "How To Hang A Witch"). Often I find second attempts disappointing at best. However, I was more than thrilled with Ms. Mather's second novel. The blend from one storyline/book to another was seamless, and anyone that's tried to write even short stories knows how difficult that can be.

I was thrilled to see a dynamic similar to "The Craft," at least in the beginning, and I spent much of the book imagining one of the characters as Fairuza Balk, which amused me to no end.

As I don't want to spoil the book, I won't go into further detail regarding the story. I will say it is an easy read with a nice flow and good character development. I cannot wait for the next installment!

Candace Robinson says

Okay, so there were aspects I liked better in the first book (like more of Elijah). But, there were aspects I liked better here (like more of the Descendants, especially Alice).

At first, I was like this is odd that the first book could go from the Salem Witch Trials to the Titanic.

However, it worked. I'm also not sure if there is going to be another book or if this is it. If there is another book, there needs to be more of Elijah... And then Alice needs her own book!

Alaina Meserole says

First off, I should totally apologize to the person I was going to buddy read this book with because I totally forgot about reading this book and I missed the deadline to add my comments! Just know that I read this book and I loved it!

Okay, so *Haunting the Deep* follows right where *How to Hang a Witch* left off. Sam is still trying to recover from what happened during the salem witch trials. However, she can't seem to put the ghosts nor the magic behind her. Oh no, she starts dreaming about the Titanic. THE REAL TITANIC GUYS! And now I really want to watch the movie..

(view spoiler)

Overall, I loved this book - I just wish I got more scenes with certain characters.

Suzanne says

I love Adriana Mather's books so far! I have quickly become a huge fan of hers. She has an amazing family history that she weaves into stories to share with us in these books, and it is just incredibly done. I will admit I found this one a bit more predictable than *How to Hang a Witch* but even that did not deter me away from loving this book. The author's note at the end was great and inspiring. I can promise you I will continue reading her work and truly hope she weaves more of that family history into more stories for me to eat up!

Holly says

Such a heart wrenching second book. Action and adventure on every page. Many unexpected twists and turns. I highly recommend it!

Claire (bookcoffeeandrepeat) says

This was one hell of a book! I was completely **immersed** in the story. Adriana Mather's writing definitely made me feel like I was in the Titanic. I was anxious about Sam and how she's going to get out of this one. I definitely recommend this book if you enjoyed *How to Hang a Witch*. Actually, this was so much better than the first book. **Full review to come in my book blog.**

***Huge thanks to the publisher for approving my request to read this book in exchange for an honest review!*

Madalyn says

I enjoyed this sequel almost as much as the first book! Haunting the Deep draws you in from the start and keeps you turning pages to find out what kind of witchy-ness have Samantha and The Descendants been drawn into this time!? Per Usual though I'm endlessly annoyed by Jaxson no matter the circumstances. I loved having more of the Descendants around as friends and I missed more bits of Elija. All in all another nice fluffy, witchy, paranormal fantasy.

I give Haunting the Deep 4 Stars.

Kayla says

This sequel was everything. When I was younger my topic at school was The Titanic and I loved learning about it so Titanic mixed with the plot and characters of his book is perfect.

Brenda Ayala says

That was just disappointing.

I really enjoyed the first book in the series--it had all the normal schticks you would expect from a YA novel, but it spun them in a way that didn't make it feel overused or over the top. That did not happen in the second book. Instead, all the things that I happily glossed over in the first came back AGAIN and did nothing to further the story.

First: the girl on girl hate. I'm very tired of this. Poor little Samantha is always treated poorly by the girls and it's sad. Never mind that Samantha is kind of a snob and acts better than everyone else. Please refer to quote below:

"You have a natural ability with magic and you see spirits. You're young, rich, white, and healthy, for crying out loud. You are privileged. You have every opportunity to do spells because you live in Salem in a time when no one will jail you. That's just the short list."

I mean, good for the author for knowing she's a brat but I still didn't like Samantha at all.

And the actual point of the novel was absolutely ridiculous. Why the hell would this guy--this family, even--spend so much time in this? It was seriously the dumbest reason for capturing ghosts I have ever seen. It was an idiotic thing to throw a hissy fit over and it's even worse that it went on for generations. When the reasoning is finally revealed I just started laughing.

Love triangle is back and isn't cute, just annoying. The whole thing with Jaxson acting *weird* was incredibly obvious and I wanted Samantha to stop being a stubborn jerk and actually think about someone else besides herself. Unfortunately that did not happen.

Jeff Zentner says

Adriana Mather returns to Salem in HAUNTING THE DEEP, with yet another propulsive, intricate mystery. Fans of HOW TO HANG A WITCH will be glad to see that everything Mather did so skillfully in HOW TO HANG A WITCH is even more fully on display here—the pace; the chemistry; the twists; the living, breathing characters. If you're looking for a book that will grab you and keep you turning pages right up until the end, look no further!

Juli says

Samantha Mather is still trying to recover from events that happened in Salem six months before. She started seeing ghosts, was almost hanged and was betrayed by someone she had once trusted. Her family ties to the Salem Witch Trials caused magic and spirits to become a part of her life. She's hoping that all goes away. But, when she starts seeing victims of the Titanic disaster....ghostly figures dripping sea water....she knows it's not going away.

Haunting the Deep is the second book in the How to Hang a Witch series. Samantha finds that her life is tied to the sinking of the Titanic. But the strange events aren't just effecting her....some of her friends and her father are also getting pulled into the situation this time. Strange dreams, packages showing up on her porch, weird feelings and strange artifacts....what's going on? And how can they stop it?

I enjoyed this book. It's a great follow up to How to Hang a Witch. Samantha has found a home in Salem....but her life isn't easy. The supernatural and magic just seem to crowd in on her. Makes for a great suspenseful story. This book is definitely YA, but not juvenile. As an adult, I still enjoyed reading the story. Samantha is an intelligent main character. Her friends, father and the other supporting characters aren't well developed, but do help move the plot along. They all have their quirks and personalities. All in all, it's a well written book. The fact that the author is actually descended from Cotton Mather and survivors of the Titanic sinking add another facet of interest to this book.

The front cover-art is great!! It really draws attention to the book.

I can't wait to see what the next book will have in store! I will definitely be reading more of this series!

Whispering Stories says

Book Reviewed on www.whisperingstories.com

I recently read and reviewed 'How to Hang a Witch' and loved it. Soon after finishing it, I realised that there was a sequel and bought it straight away. I did wonder at first where the author was going to take the book, as a girl in Salem has a lot to do with witches, but the Titanic, I wasn't so sure. However, the story worked perfectly.

Sam Mather is back 6 months after the order in the first book. Whilst having breakfast a young girl appears to her and then disappears. She is concerned as nothing ever good come from spirits showing themselves, and she was right to think that as more appear.

Sam and the Descendants try to do a spell to ward off the spirits, but that only causes more problems. With spells being cast on classmates and her vivid dreams of being on the Titanic exceptionally real, Sam realises that trouble is definitely coming her way and that once again she needs the help of her friendly spirit, Elijah (A spirit she may just have a crush on).

I have a keen interest in the Titanic. Like the author, I too have a relative on-board, although mine wasn't so lucky and went down with the ship, his body never to be recovered. So, this book was perfect for me. The author has kept to factual information surrounding the Titanic and if you don't know much about it, the book will also be a history lesson for you.

This book was so many things, it was engaging, gripping, interesting, witty and contained a fantastic array of characters. Unlike the first book, I worked out who was behind the 'issues' from early on, but that didn't hinder my enjoyment. I also worked out straight away what the problem was with her friend and neighbour, Jaxon.

Overall the book was an enjoyable read with some twists, turns and a few surprises. I didn't want to put it down and ended up reading the last twenty chapters until the early hours of the morning, determined to finish it.
