## From Reader Review Passion for online ebook

### Pamela says

Continuing story of Kama, Liam, and Torrid. Kama is contemplating her feelings for both men in her life, the one she was to marry and the one who has taught her, protected her, and has shown her true love. As the war ends there is much more conflict to come. Can't wait for the next book.

---

### Alex says

I wish I could get the next book in the series already! His book leaves you hanging and wanting more.

---

### Barb Hogan says

Entertaining series, great beach reads. I'm just sorry that I have to wait until December to see how the story gets resolved.

---

### Cassie C says

*Passion* picks up right where *Shattered* left off. I liked that there was a tiny bit of recap. It was just enough to remind me of everything that happened previously, and I was able to jump right into the marvelous world of Kailin Gow. This has been one of the best dystopian series I have read, and if you aren't reading this series, you need to pick it up now. I'm serious...go order it from Amazon right this second. Kailin Gow never ceases to amaze me with the fantastic, imaginative world of the *Desire* series, and I am eagerly awaiting the next book. The only complaint I had was that there was not nearly enough of Torrid in this book. I missed him, and am definitely rooting for him and Kama. While I do love Liam, I just love Torrid more. The entire book was full of action, but you also had those romantic, sweet moments that I really enjoyed. I have this feeling that there might be more to Liam than we're seeing. I don't know why, but I couldn't help but feel that he might end up betraying everyone (maybe I'm just rooting for Torrid too much haha). Thank you Ms. Gow for yet another wonderful book, and I am really wishing that I could get my hands on the next book.

---

### Marie-claude Perras says

The book was good but like often happens in trilogies, the third book is not always the best. It took me two weeks to read the book because I was not that interested. It felt like a book 3 by the numbers. I love Kailin Gow and will keep reading her however.

---

### Missy Olivieri says

It was a readable watered down version of *Divergent*/*hunger Games*...I keep forgetting that these Are YA

---

books. I also thought the series would be wrapped up but no a fourth book comes out in December... Did I mention that I am so sick of love triangles?

---

### **Nikki Archer says**

OMG this was Amazing read so much action kailin gow deliver with the character and the romance. I will have full review on my blog  
Every one if you have not red this series. You are missing out A must read

---

### **Stephanie says**

After reading this third installment, I'm not sure I will even read the next book in the series. It is just so incredibly disjointed and difficult to follow that I have quickly gone from intrigued by the premise to frustrated and turned off by the writing style, strange story lines that don't seem to go together, and a general lack of cohesiveness.

---

### **Sinead says**

I did not really like that Kama would kiss Liam and then few minutes later kiss Torrid! No loyalty or commitment.

---

### **Heather says**

Love this series. Sometimes it is hard to get past the errors, but I do like the story line. Any news about the release date for the fourth book? I've looked everywhere and can't seem to find anything except that it was going to be released in May of this year.
