## **Come Alive** Karina Halle

It's one thing to bring the woman you love back into your life. It's another to try and keep her there. For Dex Foray, convincing Perry Palomino to open herself to their burgeoning relationship has been more challenging than hunting ghosts, battling demons and stalking Sasquatch combined. Add in the fact that the only way they can keep their Experiment in Terror show running is to take on a third partner in the form of the mysterious Maximus Jacobs — all while investigating a sinister voodoo sect in New Orleans — and you've got the perfect Southern storm and a recipe for disaster. Luckily, Dex has never been one to back down, even when his life —and heart — are on the line.

Come Alive is told from Dex's POV.

★★★★★Stars-and-Galaxies, Suns-and-Moons, Dex-Foray-you-make-my-soul-sing STARS★★★★★

*"You're mine. And you're mine alone. From now until the end of time."*

Summer's, *HELL*, 2013's most anticipated release, hit me with awesomeness, deliciousness and DEXINESS. Yes, **Dex Foray** is a verb, noun and subject by himself! Crazy, funny, addictive and heart breaking, *sinking, falling, drowning, good, wonderful, delicious, scary*. Everything I hoped for... But I am sorry, I got ahead of myself; let's take it from the beginning.

*All began with paranormal and all leads straight back to it...*

**Dex & Perry** amateur ghost-hunters, show runners, haunted and betrayed have survived ghosts, demons, Sasquatch, family, their own nightmares and fears, crippling emotions and a love that defines them.

*"That is life. Real life is grey."*

*Pic by the amazing Brenna! You are awesome...*

Now, returning from a horrible experience and Dex having laid his soul bare to Perry, they will travel to New Orleans with an unexpected and unwelcome chaperone. There they will deal with a new kind of nightmare and a truth about destiny that will threaten their relationship. It will take more than courage and sarcasm to COME back ALIVE. It will take LOVE.

This book will take you for a wild ride, to Dex' chaos of a mind, making you falling deeper and deeper, irrevocably in love with the sexy beast, the beautiful bastard, the one and only **DEX FORAY**.

I can't possibly comment on everything that happens in 436 pages. I will tell you, that you will be scared shitless, not only because of the horror aspect of the story,

*Voodoo*

*freaking Zombies*

*AND the expected ghosts*

but also because of the injustice inflicted upon our favourite heroes. Fighting heaven and hell for the right to be together, when they just started to make sense. They can't have enough of each other and they can't take a break. Dex will have a hell of a decision to make and Perry will have to trust him enough to admit what she always tried to hide beneath stolen glances and heartbreak and trust him again with her heart.

(view spoiler)

I bow to the Brilliance that is Karina Halle. It take guts to pull through a series like that. But more, it takes passion to draw out these characters. To make us care for them, despair and cry along them. Fall in love with Dex, be best friends with Perry and I-kid-you-not, understand and sympathize with an *auburn-haired snatchslinger* . WOMAN, YOU ARE AMAZING!

A special mention, lots of love, hugs and kisses for an amazing buddy read to my bestest friends, awesome ladies and Dex aficionados:

Kristalia ♦ Vilda ♦ Joana ♦ Debra ♦ (it all started with them...)

and

Fathima ♦ Destini ♦ Gabby ♦ Catarina ♦ (they joined us and the made the whole experience AMAZING!)

Girls:

**Looking forward to an even awesomer buddy reading event, this Winter with Ashes to Ashes.**

*And we're back to Perry's POV for Experiment in Terror #8 Ashes to Ashes, coming Winter 2013.*

You know me, I am a hardcore Dex fangirl but I kinda missed Perry's thoughts... So, YAAAAAAAAAAAAAY!!

KEEP READING FOR MY PRE-RELEASE RANT

*Ladies, sweethearts and all around Dex' Fan Club Membership Holders, WE HAVE A FREAKING RELEASE DATE!!!*

**GIRLS, BASK IN THE GLORIOUSNESS THAT IS DEX!**

**Of course, it wouldn't be the same without buddy-reading with Debra, Jo, Kristalia and Vilda, EIT & Dex' fangirls EXTRAORDINAIRE! (let us know, if you want to join!)**

Exciting news by Karina Halle as posted in FB: **Hey, just a little info about Come Alive (out June 23)...it picks up the next day where Into the Hollow ended. There is some recapping, so you won't be totally lost, but it might be a good idea to re-read Into the Hollow before Come Alive...of course, keep in mind that the POV is Dex this time instead of Perry. That's all for now!**

*Sweet....Baby...Jesus...*

**\*COVER AND BLURB ALERT\***

*Karina Halle ~ Inspiration: Like I do with most books, this is named after a song. These lyrics from the Foo Fighters "Come Alive" really resonate for me:*

??Nothing more to give  
I can finally come alive  
Your life into me  
I can finally breathe  
Come alive  
I lay there in the dark  
Open my eyes  
You saved me the day that you came alive??

**It's one thing to bring the woman you love back into your life. It's another to try and keep her there.[...] Luckily, Dex has never been one to back down, even when his life –and heart — are on the line.**

*\*screaming\* DEX!!!! DEX!!!! DEX!!! Well, it's just his shadow, but my inner-fangirl just doesn't care...*

**OK... \*breath in\* \*breath out\***

*Come Alive, comes out this June and it will be entirely in Dex' POV.*

new relationship while continuing to work on Experiment in Terror. Since the episode with the sasquatch was a bust (evidence was confiscated), Dex and Perry are forced to add a third member to their team. The first assignment for the trio takes them to New Orleans, LA to explore a haunted house and the possibility of zombies!

**I loved so many aspects of this book:**

\*The bar scene with Jenn was freaking hilarious!

\*Dex

\*You finally get answers to questions raised in the previous books. I can not express how important it is to read the novellas!

\*Dex

\*The funny insults and banter between Dex and Perry

\*This book was suspenseful, emotional (I teared up a few times), and was very steamy!

\*Oh, did I say Dex? ;)

Seriously, if you have not read this series yet, go do it now!

**Memorable quotes:**

\*"You're my home, Perry. And I will be yours."

\*"I just thought I should warn you that the second we walk into the apartment, I am going to maul the fuck out of you. I don't care if you're tired or bruised or scratched. You'll just be more so when I'm finished."

\*"Baby, we are both crazy. That's why we're made for each other."

**Kristin (KC) - Traveling Sister says**

**\*3 Stars\***

I'm going to keep this fairly short and sweet: I loved the perspective switch over to Dex in this installation. It was fun getting inside his head and seeing what makes his complex mind tick...And Dex has a dirtier mind than I originally thought!

The author did an amazing job keeping Dex's character consistent, which too often doesn't happen; I've read many books where a POV switch causes the characters to feel almost alien to their previous personas. But KH handled this feat flawlessly.

That said, I felt Perry's character suffered a bit from this transition. Her usual spunk and bold characteristics were gone and I barely felt like she was a part of this story. I know the main focus here was Dex, but I wish Perry didn't so easily fall into the shadows.

This installation had a little less scary and a *lot* more strange and freaky scenarios. In fact, some moments felt a little *too* strange but I still enjoyed the read. The terror factor zoomed in on flesh eating zombies, voodoo magic, and hexes — so if these elements are your *\*thing\** then I think you'll very much enjoy this particular installment. I love that this author is able to continuously think up exciting and fresh ideas, and I'm extremely anxious for the release of the final two books in this series!

**Book Stats:**

**Final rating: 5/5 stars**

*"You are my world. And all I've ever wanted is for me to be yours."*

*This one deserves 5 pure stars from me!* Not only it was *awesome* , but it was *fantastic as always* . What i really loved it that in this book, it was finally happening what we all wanted from the start: *Dex and Perry in relationship!* And yes, it was *hot, funny, heartbreaking and fabulous* . I love both Dex and Perry and i seriously don't know what i will do when this series gets completed. Wait, i know! I will reread them again! That is how awesome they truly are.

*"I'll be the moon when the sun goes down," I sang to her and only her, "just to let you know that I'll be around."*

This time Karina Halle delivered extremely *serious explanations about world and characters* and we find more about the consequences of certain events. And it's not a pretty thing. But what she told us is that *love can beat it all* , if you find a person who loves you truly. I know it sounds weird, but i grew up in a family where there is true love, and my parents are the best functional couple that i have ever seen. Which is why i am saying this: *love is truly a wonderful thing. And it was about time Dex and Perry realized that.*

*"Don't let other people tell you how well you know someone," she added. "Don't let other people, no matter who they are, decide what happens to your life and hers. You will live a lifetime of regret if you let others influence your decisions. Believe me."*

**CHARACTERS :**

---

**Dex** is the narrator this time, and it was so fitting for this sequel. Dex finally won Perry back, and he is not letting her go. No matter what. He found out that she is the only person who loves him for being him and for

understanding him when no one else did and he cannot let that go. And now, he tries to make it the best he can for Perry, and for himself.

*Together. It should have made me feel better not to have to go alone. But all I wanted was for both of us to live. With each other. Until we were old and grey.*

\*\*\*

*I realized it didn't mean anything without Perry by my side. She was my reason for living. She was the reason I'd come alive in the first place.*

**Perry**, of course, is fantastic character as always, kickass, wonderful and fabulous, with such a courage. I loved that she didn't stop being herself. But it takes time for her to recover from all they had been through, and now it makes it difficult for her say what Dex needs the most: "i love you".

*"You are my future, you are my everything!"*

**Maximus** is the new addition to EIT team, but that doesn't mean Dex and Perry like it. They would rather kick his ass then allow him to be with them, but they have no other choice if they want EIT to continue running. I have to say that i actually pitied and liked the bastard in some parts, but that doesn't make difference, because he, after all, made irreparable damage to both of them. And Dex and Perry cannot easily forgive him for all he had put them through. Other than that, i am glad that my hunch about him was right and that in the end was who i thought he was, and it made me happy. Since now i finally understand him.

**The new characters** were interesting, but not really of matter, but with all voodoo around and mysterious zombies rising to surface, i doubted everyone.

And **Jennifer**:

#ARRIVEDERCI

My favorite part:

*"Fine, you leave me no choice," I said to no one in particular. I moved into the aisle seat and kept going. I plunked myself down right on the giant ginger's lap.*

*"The hell are you doing?" he yelled, trying to get me off of him, but I just pressed myself down into him harder, one leg wedged against the seat in front of me, the other pushing off the aisle seat arm rest.*

*The passengers in the aisle shot us uncomfortable looks, as if Maximus and I were involved*

*in some lazy, clothed version of the mile high club.  
“Dex, get the hell off me,” Maximus grunted in my ear.  
“Oh yeah, you like that don’t you, baby,” I said with a grin. I knew his Southern sensibilities  
were being tested; poor guy couldn’t handle anything even remotely homoerotic.*

Oh Dex.... ^\_^

---

**OVERALL :**

---

Fantastic sequel with wonderful ending (for change) and i loved all everything about it. The mystery, the horror and most of all - love between Dex and Perry. They deserved it, but Karina Halle apparently doesn't plan to give them a little break. :)

But Dex and Perry won't give up that easily.

#BRING IT ON.

**Karina Halle ..**

**I know I know .. All my Karina Halle written book reviews always begin with me gushing over how awesome she is and that her writing style is absolutely brilliant and that I proclaim my never dying**

## **love for her ! But I cant help it ! She is just that awesome !**

Moving on with the review . Come Alive is the seventh book in the Experiment In Terror series , and is also the first full length novel from Dex's POV ! Yes , DEX'S POV !!! Waiting for this book to release was like waiting for a drop of water in the Sahara I tell you ! And boy do I get to tell you , that it was sooooooooooooo worth it !

Come Alive begins right where Into the Hollow ended . Well not exactly right there , but somewhere on the lines of Perry and Dex making their way back home after the conclusion of events in the Canadian Alps ... Things between Dex and Perry are still a little rocky and they are unsure of where things are going to head for them as far as their personal lives are concerned . On the professional front , things seem to have hit a rock bottom as well with Jimmy not being very sure of Dex and Perry's ability to keep troubles at bay where their show is concerned . Enters , the Douchekabob Maximus . Baby sitting our Ghost hunters on their next 'tryst' with the unknown in the bayou's of New Orleans ! What's on the cards for them this time ? Well , you'll just have to read the book and find out ...

This has got to be my favorite in the series soo far ! Karina Halle really ups her game with this installment of the EIT series . She introduces us to the Voodoo-Hoodoo-Hex culture .. Well not the whole thing , but certainly a lot of shocking things !

Not only that , she really brings out the creep factor by mixing Voodoo and Zombie-ism ( Zombies created with the help of dark magic ) and OH.MY.CRICKES! I would be lying if I told you I wasn't being a scaredy pants most of the times and trying to wrap myself in a thick blanket so that I would stop feeling the chills of the night !

\* yes I was reading this outside seating on my porch ... yes I know I'm crazy .... \*

Talking about the Characters , Dex is just DEX ! There isn't anyone like him .. I think I've mentioned this point before that Dex is the only character that I've across who isn't scared to admit that he can be pussy at times too ! The man might not have balls of steel all the time - and no I'm not thinkin balls of steel as in horny - but when it comes to Perry he is ready to take on the whole world .. And that just makes me swoon every fucking time !

There were some major revelations in this book ... Dex 2.0 to be precise . I really dont want to get into details . But I have to say this , if you thought only Perry faced and saw some crazy creepy shit where demons and what nots are concerned , then you have got to read Dex's version of those demons and what nots ! They are out of this world ! For realz !

Perry Palamino literally took a book seat in this story .. And to be honest I kinda missed her . A little .. Perry is still the same . She still has her insecurities and concerns regarding her and Dex's relationship . Dex on the other hand is hell bent on making things work . The sex scenes are HOT ! Dex definitely has a kinky side to him that make him even more drop-your-panties-now hotter !!!

There were some pretty intense , heart breaking scenes as well ! After everything we as readers have gone through with Perry and Dex , they almost felt like watching someone rip your heart out and throw it in a grinder !

Maximus was the total surprise package of the story ! I don't think I hate him anymore !

Come Alive is a breathing mix of so many emotions and feelings , that the only way one can experience it ,

is when they actually sit and read it !

So if you haven;t given this series a try yet .. I suggest you do it now !

That's all for now folks ..

Lights out ..

## Joana says

\*sigh\*

To say I was excited to read this book, doesn't even cover it!

And my expectations for this one?

Really HIGH but Oh BOY, Karina Halle **NEVER** disappoints, she surpasses herself in each book!

It was **AMAZING, BRILLIANT and UNSTOPPABLE.**

And a whole novel, in Dex's POV?

It really was...

By now, you know I'm crazy about Dex. (Just look at my name,lol)

And each opportunity to get in his head (in not a psycho way),was like Christmas morning + me in a bookstore,lol. Are you getting the excitement?aha

So **Come Alive** picks u right after **Into the Hollow** and we get how new and at sometimes awkward Perry and Dex relationship is.

But Dex is set, on making Perry realize, how right they are for each other, how they're meant for each other. And of course there is wooing and there is lot's of passionate moments between this 2.

*" I just thought I should warn you that the second we walk in to the apartment, I am going to maul the fuck out of you. I don't care if you're tired or bruised or scratched. You'll just be more so when I'm finished."*

HOT,HOT,HOT!

Let's just say that chapter 4 will be forever a favorite \*fanning myself

Anyway, Jimmy gives them a last chance for Experiment in Terror but Max must be on their team, and be in charge for it.

Yep, you read it right, Max aka douche canoe is back!

And this time they're headed to investigate a haunted house, in New Orleans, a city full of ancient magic and traditions.

They'll be caught on in some black magic, putting everything on the line, their love and their lives!

\*\*\*\*\*

By now you get it how much I LOVE this book!

Seriously, Dex is hilarious! I lost count the times that I was laughing or just grinning like a fool. Only he can say those things and get away with it!

And at the same time the depth of this story, the depth of the love they feel for each other. It's the kind of love, we all dream to find one day (minus the ghosts and demons, aha).

And Perry?

Still and forever our kick ass heroine.

When she put a certain b\*tch in her place?

I just thought "YOU GO GIRL!!!"

We get that she feels insecure regarding Dex but slowly she is becoming more assertive and certain.

(view spoiler)

About the story...

This one was so damn SCARY!!!

By far the SCARIEST! It even was more scary than the freakin ISLAND OF DEATH!!!

I was freaking out big time, let me tell you that.

(view spoiler)

And don't let me start on a particular part, around 60%, where my heart was broken T.T

Anyway, I want say much more, I don't want to spoil anyone.

Now if you haven't read this series, WHY THE HELL NOT?

RUUUUUUNNNNNNNNN, go grab a copy :D

Oh and neither to say I'll be eager and counting the days for the next one!

**5 millions "I love You Dex" stars**

A big thank you to the **AMAZING** Georgia, Kristalia, Debra, Ana Rita, Vilda and Catarina for a **FANTASTIC BUDDY READ!**

This was just so much fun!!!

\*\*\*\*\***EARLIER REACTIONS**\*\*\*\*\*

**Come Alive** is coming!!! June 23rd!!!

And it will be time to another buddy read with the girls, that like me, suffer from Deximia, a condition where we're addicted to all things Dex Foray :D

Of course the BD read will count with the **AMAZING and EXTRAORDINAIRE Kris, Georgia, Debra, Vilda and Rita!! And now Catarina is joining too!!**

If you want to join, let us know! :D

And don't forget...

**AJ says**

**ABSOLUTELY FREAKING SENSATIONAL!!!**

Dex and Perry are back baby! Oh yeah! And this time around, it's Dex telling the story, oh yeah! Although I have to say, I did miss Perry. She's such a great narrator, and there were times when I wanted to know what she was thinking. But the opportunity to get soooo much Dex can not be overrated!

Picking up the day after the end of Into the Hollow, Dex and Perry are finally together and the first part of the book deals with them coming to terms with everything that's gone on between them, finally giving into the chemistry and just being together. And OMG it is FULL OF AWESOME!

*"I just thought I should warn you that the second we walk into the apartment, I am going to maul the fuck out of you. I don't care if you're tired or bruised or scratched. You'll just be more so when I'm finished."*

Yes, it's HOT people!!! So freaking hot! (Chapter 4... wow!). But there's also the emotional side of things,

and in addition to being sexy as all hell, Dex is madly in love with his girl, and he's not afraid to bring the feels.

*"Perry, I've wanted you since the moment I saw you. I'm not going to stop showing you off or rubbing it in to everyone I know, anytime soon ... You're mine. And you're mine alone. From now until the end of time."*

When they finally manage to drag themselves (somewhat reluctantly) out of bed, they return to work only to find that they are being forced to take on a partner – the, douchenozzle himself, Maximus (aka 'Ginger Balls'). Highly unhappy with the arrangement, Dex makes his feelings known in some of the funniest outbursts I have ever seen (view spoiler). And this, combined with some classic new Dexisms as well as references to Seinfeld "vegetable lasagne" and The Simpsons "everything's coming up Milhouse", had me was clutching my sides with tears streaming down my face, I was laughing so hard. Absolute freaking GOLD!

And so, back to work, Dex, Perry and Maximus travel to New Orleans in a 'make or break' effort to save Experiment in Terror. Maximus is originally from New Orleans, and has ties to the city, so they team up with his ex-lover, Rose, (who also happens to see ghosts, and is kinda awesome) to investigate a haunted house, only to get sucked into zombie attacks and dark and deadly voodoo magic. It's spooky as always, and the voodoo stuff brings a creepy and disturbing edge to everything.

And while all this is going on, we finally get answers to some of the questions that have been plaguing fans of the series for a few books now, and Dex has to face some horrific truths that threaten to bring his world crashing down around him. And seriously... OH. MY. GOD. Within the space of a few pages, I felt like the world was crashing down around me as well. Complete and utter devastation. I was so traumatised, I had to stop reading for a while to calm myself down and gather up the courage to continue. But Karina pulled me out of it in sensational style with an action packed climax and an absolutely EPIC finish.

Seriously – it was TOTALLY. FREAKING. EPIC, and I was in floods of tears yet again (beware of spoilery quote... (view spoiler)

) \*sniff sniff\* PERFECTION!

This book is a wild ride! It's fast paced, action packed and FULL of emotion. The dynamics between the characters are absolutely brilliant. Dex and Perry are, of course, amazing, and the emotion between the two of them just drips off the page, but there are also some sensational scenes with Maximus. I loved his inclusion in the story, and the further development of his character.

Karina Halle has absolutely delivered yet again, seven novels, and four novellas in the Experiment in Terror series, and she hasn't let me down yet. Each books is just as good as, if not better than, the last. And with new story threads developing, as well as the continuation of established storylines that I love, I can't wait to see where it goes from here.

I absolutely loved it! 5 phenomenal stars! (was there ever any doubt?)

### **5STARS**

OMG OMG!!!! I'm in love with this series!!!  
AMAZING!!!!

In this book Perry and Dex visit New Orleans and they have to deal with zombies and voodoo and a Mambo! But they are not alone.. Maximus is with them! Of course he was an as....le for the main part but... Karina makes you feel sympathy for him in the end!!

Zombies and Voodoo, really freak me out!!!

Dex's mum makes a few appearances and I find them pretty scary too.

.Also I am curious about Dex's brother Michael and his father. ..I hope we can learn more in the next book!!

I love Dex so much! I fell more in love with him in this book!!! Finally we can see how much he loves Perry from his POV!!!. I was so excited to see Perry from Dex's side for him to wipe away any doubt that he loved her from the inside out!

**"Baby we are both crazy. That's why we're made for each other."**

**"I realized it didn't mean anything without Perry by my side. She was my reason for living. She was the reason I'd come alive in the first place."**

**"Dex...I cannot go on without you. You are my future, you are my everything!"**

**"Baby, I love you, more than anything in the fucking world. You are my world. And all I've ever wanted is for me to be yours."**

**(Sigh <3 <3 <3 <3)**

I love Perry and Dex. I love how funny they are and the chemistry between them is awesome!! The sex...OMG!!! So HOT HOT HOT!!!!

If you haven't read this series yet, you are missing out one of the most awesome heroines and an addictive male ever!!!!

## **Duchess Nicole says**

It finally arrived, and my Dex and Perry far surpassed my expectations. Really, I go on and on about Dex when Perry usually just as readily steals the show. But in this book, Dex outshines everything else. All told from Dex' point of view...seriously, you can't even begin to imagine what it's like to be inside his head. And With Madness Comes the Light and The Dex-Files were just a teaser. I thought it wasn't possible to love Dex more than I already do.

But NOW...

We don't get messed up Dex.

We don't get recovering Dex.

We don't get insecure Dex.

We get the Dex that is confident, cocky, self assured, forward thinking...and most of all, we get a Dex that is madly and wildly in love with Perry. Did you hear that? **MADLY AND WILDLY IN LOVE WITH PERRY!!!!!!**

"I realized it didn't mean anything without Perry by my side. She was my reason for living.1

**SHE WAS THE REASON I'D COME ALIVE IN THE FIRST PLACE."**

## **MY SYNOPSIS**

When Dex and Perry leave the Canadian mountains and return to Seattle, there are still a lot of conversations to be had. Dex feels a bit insecure about where he stands with Perry. Sure, she moved in with him, but their trek to find the Sasquatch happened too quickly for ground rules to be formed...not to mention that the Canada trip changed the whole dynamic of their relationship. The two quickly work through the budding awkwardness of a new love affair. Considering how well they know each other already, it doesn't take long.

When Jimmy reveals himself to be livid over the lack of footage for the next Experiment in Terror show, it almost seems as if these two will be unemployed. But a surprise addition to the team seems as if it may be too much for the newly blissed out couple to handle.

"I'm Dex, this is my girlfriend Perry." I looked over at Maximus. "That's Maximus Douchekabob. It's a foreign sounding last name, but her's actually from here."

Of course, they try to go with the flow, but phrases like "Ginger Balls" are common and Dex proves his manliness and sexual prowess via thin hotel room walls...just to even the score a bit, and maybe to prove a point. Think you've been waiting a long time for some real action? The wait is over! Come Alive is crammed full of Sexy Dexy...and it's all from within his own head...one of the sexiest, albeit perviest, places to be.

"I pressed my fingers into her face. "Baby, the first chance I get, I'm going to fuck the shit out of you," I growled.

She smiled coyly, her eyes twinkling. "I think it's called making love now."  
"Then I'm going to make love the shit out of you."

When the trio head to New Orleans to hunt down some rumored haunted houses, they once again take on more than they bargained for. Voodoo queens and zombie hordes are only one thing that they have to deal with.

Dex has demons from his past...literally...that are finally coming out to play. Not only that, but there are quite a few revelations about Dex, Perry, and Ginger Balls (sorry, Max) contained within these pages also. Dex' dead mother isn't finished with him yet...

### **MY THOUGHTS**

Broken record much, Duchess? With this series, most definitely. Karina Halle wins my reader devotion anew with each and every book she writes. I love how she switched it up and gave us such an in depth look into Dex's mind. He is so sweet, he really is. He's also utterly fixated on Perry's round ass and big boobs...which makes his male POV completely believable. What I loved about him is how possessive he feels toward Perry...she's his woman, and she's all he sees. She's it for him. Once he let go of whatever it was holding him back, he's balls to the wall, completely all about Perry. I love that. I love how sexual he is:

"She just looked scared, like a baby deer. A totally fuckable baby deer. Jesus, Dex, I told myself. Get a grip before you start imagining her on Animal Planet."

And I also love how his tender feelings are so readily apparent:

"I knew I was putting her on the spot. Didn't care. I wasn't too proud to admit that Dex Foray needed cuddles. Just because we were fucking each other didn't mean I'd stop being affectionate."

The scare factor is there...boy, is it ever there!!! Holy amazeballs! Halle has really pushed my scary boundaries with this one. There's nothing worse or more scary than a truly evil PERSON. Ghosts, monsters...that's one thing. But when it's a person who wants you to bleed, to hurt, to suffer...that's a whole nuther level of fright.

Overall, I'd rate this on the same level as Lying Season or Into the Hollow. The story starts off with Halle's now well known slow start, one that focuses on the lives of her characters. She gets inside their heads and reveals any new feelings and/or developments to the reader. Then the plot begins to thicken as the two are assigned a new location, and before long, they're ass deep in monsters. And yet somehow, they ground each other. That may be my absolute favorite thing about the Experiment in Terror series. Yes, it's scary as hell, the secondary character lineup is amazing, the pace is quick, the sex is (eventually) hot. But it's that complete and utter *knowing* that both Dex and Perry have about each other. They see each other and think "Home. That's my home." And that, my friends, is just about as romantic as it gets.

"But I wasn't the only one who'd come alive. Perry did when she told me she loved me.  
She loved me.  
She loved me."

Come Alive has everything Experiment in Terror fans have been waiting for – incredibly hot sex, an ominous setting, and answers to some of your most burning questions. This book made me violent, made me scream, made me cry, and turned everything I thought I knew upside down.

**\*\*\*\*This Review contains spoilers. If you HAVE NOT read the Experiment in Terror series, do not read on. Instead you should one-click Darkhouse. It's FREE.**

Come Alive picks up right where Into the Hollow left off – in Dex's hotel room (yay!). We also get to see some of what Dex was thinking before the end of Into the Hollow, which made me really happy. Because they had to deal with the fallout from the Twatwaffle massacre, Dex and Perry get no post-coital cuddle time. But don't worry, Dex and Perry more than make up for that later on. Even Dex Foray needs cuddles.

After all the drama, heartache, separation, and a certain Miss Anonymous that kept Dex and Perry apart for SIX BOOKS, I was overjoyed to FINALLY see them together, enjoying each other's company and adjusting to their new status as a couple (OMG!). I could almost hear a collective sigh across of all of EIT fandom. We finally got what we have been wanting from the first time Perry runs into Dex in that blessed lighthouse – Dex and Perry on the couch with Fatty Rab, just chilling in THEIR (squee!) apartment. I LOVED the Derry time leading up to the meeting with the auburn-haired snatchslinger. The ending of Lying Season demanded to be made right. MAKE IT RIGHT, DERRY! Boy did they make it right! They made it right on the elevator, against the wall, in the bed, in the shower, in a bar. Need I say more? I would be remiss if I didn't mention Chapter Four. HOLY FREAKING BATMAN! This chapter is one of my favorite chapters/moments from the entire series. Why, you ask? Let me just say this: alcohol makes Dex Foray misbehave and payback is a bitch. 'Nuff said.

Things are going smashingly. Dex and Perry are a couple, Jimmy has given them another chance with Shownet, and Maximus joins their team. Say What???? You heard me. Maximus is a new team member on EIT show. This made for some pretty hilarious conversations between the three best friends.

Then things get serious in New Orleans. The gang travels to NOLA in hopes of getting footage that would help save the show. There we meet several new characters – Rose (Max's ex-girlfriend), Maryse (a Voodoo priestess), and Ambrosia (Maryse's apprentice). The addition of these three characters was brilliant and stirred the already brewing pot. Dex, Perry & Maximus are sucked into the world of Voodoo and things go downhill rather quickly.

I was worried that Perry was going to hold back and be wishy-washy in this book but she wasn't. Well she withheld those three little words. But my dear Dex, being the insanely amazing man that he is, understood why she was hesitant - Perry had been through hell and back and she was still trying to deal with what happened in On Demon Wings. Although he understood Perry's feelings, that didn't mean that it didn't bother him. Seeing his insecurities about her feelings towards him and trying to show her the depth of his

love was hard to see. He has never loved anyone like he loves Perry and that was very, very clear in this book.

Dex's dialogue was the perfect mix of pervy and sweet. His colorful language did not disappoint. I don't know what I loved more – his hilarious zingers or the incredibly heartfelt and romantic declarations. The scenes between Dex and Maximus were incredible. For obvious reasons, their relationship was strained, which made for an interesting dynamic. Prior to *Come Alive*, I was not a huge fan of Maximus. I called him horrible things and made fun of him on a regular basis. But after some shocking revelations in *Come Alive* my feelings have changed. I won't go into this, but I feel like owe Max an apology. So here it is:

Dearest Maximus,

I beg your forgiveness for the nasty things I said and thought about you. Well not everything. I mean, what you did to Perry when she was possessed was pretty rotten and douche-y. But after *Come Alive*, I know more about you. I'm sorry for what you're going through right now. I hope to hear more about how you're doing in the future. Hint, hint Karina Halle!!!

The historic and picturesque backdrop of New Orleans was the perfect setting and it gave me the creeps. Through Halle's vivid and colorful descriptions I could feel and see everything as if I were there in that moment. The heaviness in the air and the sense of foreboding stayed with me for the latter part of the novel. Just when I thought things couldn't get worse, they did. When I thought it was going to get better, it didn't. The twists and turns were both unpredictable and unexpected. I didn't know which way was up. And through all of this I clung to the good times for dear life. At around 80% I didn't know how or if my beloved duo was going to get back to Fatty Rab. Remember when I said this book made me violent? Well I wanted to bust the author's knee caps for putting me through this emotional distress.

I couldn't have asked for a better resolution for Dex and Perry. Though, I was left with this deep sadness for Rose and Maximus. I want more of them, please! In the end, the anger, the tears, and the weight I gained eating away my emotions was all worth it. I look forward to see what the final two installments of the series has in store.

#### **4 stars**

##### Favorite Quotes:

“You fill me up and break my own heart, you know? It just creates more room. There is no limit. I love you, I love you, I love you and I'll die saying it because I was born to feel it. I am in love with you.”

I thought everyone should care that I fucked Perry last night and fucked her good. Perhaps I needed to get an airplane to write that in the sky. I knew an auburn-haired snatch-slinger who needed to see it.

I looked over at Fat Rabbit instead who was watching Perry carefully.

“Fatty Rab,” I exclaimed. “Where's your greeting for the lady of the house?”

The dog looked at me then closed his eyes. Disrespectful fucker.

“I want to take care of you. I've never been able to take care of anyone in my whole life.”

## **5 HUGE DEX & PERRY LOVIN' STARS!**

### **HOLY FREAKING MOLY! This book completely BLEW ME AWAY!**

As everyone knows, Experiment in Terror is my all-time favorite series featuring the best hero & heroine and slow building relationship EVER! If you have not started this series, seriously, WHAT ARE YOU WAITING FOR?!?! Tell me your reservations and I will quickly squash them! ;) But you might want to steer clear from the rest of the review to avoid spoilers up to this point.

So... *Come Alive*. God, I could not wait for this book! After all the build up and tension throughout the whole series and how *Into The Hollow* ended with such massive possibilities...Ahh! Could. Not. Wait. But thankfully it picks up right where ITH left off and we get to witness all the after effects of Perry going to Dex. This is the first time we get to see them really trying to be a couple and have an actual relationship. YAY! And OMG did I enjoy it! Not only do we still get the hilarious perverted ways of Dex, the amazing banter, but we also get sexy time! Hallelujah!

“Well, remember when I asked you what you were doing tonight? And you said you were doing me?”

Perry’s eyes widened and she looked at Rebecca in embarrassment.

“Oh, don’t worry about her, she already knows you’re doing me,” I added.

“Dex!” Perry cried out.

Rebecca rolled her eyes. “So much for speaking in code.”

“Hey, we’re all adults here. Except maybe Perry. You are dangerously close to being underage.”

“Dex,” Perry said again, her tone harder.

...

“And you’re one bad dog,” she teased.

“Woof, woof. Give a dog a boner.”

She giggled and smacked my arm. And that’s why I loved this woman. She let me say the stupidest shit, and on occasion, actually found it funny.

While Dex and Perry are navigating their new situation, there is still Experiment in Terror to figure out. After the Big Foot fiasco and the police confiscating their film, they are left with some explaining to do. Jimmy is not a happy camper. He gives them the ultimate ultimatum, work with Maximus supervising them, or it’s bye bye EIT for good. They of course choose to do what they have to do to save the show. Yup, Dex, Perry, and Maximus working closely together... awwkwaard! But also totally hilarious because of course Dex is throwing out ginger zingers left and right. Poor Perry having to be in the middle of these two!

“Guys!” Perry yelled, putting her arm out in front of me. “Dex, calm down. You, ginger balls, you shut the fuck up.”

I laughed. “Ginger balls, that’s my girl!”

So the three of them are headed to New Orleans to investigate a haunted house. ”“*Yes, and is it anything like the haunted mansion in Disneyland?*” <-- hehe ♥ Perry! Of course things get pretty complicated. They soon learn there are some crazy voodoo haps going on complete with rumored zombie like creatures and people going missing. The danger is definitely on a higher level in this one and my heart was RACING big time! I had never been so concerned and scared about what might happen to Dex & Perry than I was in this one.

It was also really awesome to be in Dex’s head for a change. I have to admit I did miss Perry quite a bit, she is probably my most favorite heroine ever, so it was an adjustment not getting to hear her thoughts all the time. Considering what transpires in this book, it really made sense for things to be in Dex’s POV though. Plus, I LOVED the way he talks about Perry. Seriously, perfection!

And Perry, well she was just perfect for me. She had curves, curves that melted into my hands, into my skin, more than other women I’d been with. Her body molded to mine, soft, sensual, nurturing. It sounded archaic, but she just oozed fertility, and with that fertility came a power that she had no idea about. She looked at herself and hated what she saw, and I was going to do my best to show her that she was beyond beautiful to me.

What really got to me the most about this installment was the **EMOTION**! I was an ugly crying mess for part of this book, I jumped up and down with excitement, I got a little turned on (lol), raged like a crazy person, laughed hysterically (airplane scene, anyone? LMAO), and just **FELT everything**! This whole book, everything about it. Just PHENOMENAL! ♥

*“Baby, I love you, more than ever, more than anything in the fucking world. You are my world. And all I’ve ever wanted is for me to be yours.”*

*“You’re my home, Perry. And I will be yours.”*

I don’t know how to write this review. Once in a while we stumble on books that are **SO GOOD** that we have no words to describe it.

Five stars don’t even begin to describe how good this book is, I would give a hundred stars if I could. Damn it, I would give a freaking million stars if GR allowed me!

This book takes place in New Orleans, and the EIT team (now with the forced addiction of the douche canoe!) go check a haunted house that doubled is paranormal activity after the Katrina hurricane.

But the haunted house is the least of their problems this time. Not only a plague of Zombie trained killers are

invading town, but also new information is being revealed that could change the course of everything. Dex and Perry finally *kind of* sorted their relationship out. They know what they feel for each other and no longer are trying to hide it. They're still problems, they're still ghosts but they are trying to get past it.

***“I want to be with you. Not just as a partner, not just as a friend. I want us to be together, to be one, to be...I don't know, a fucking couple.”***

But when things in NO start to get rough, when new people appear, things start to happen and new (extremely important) information is revealed, everything they did to be in the place that they are could be in danger. They really don't have a minute to rest. (Damn you for that, Karina Halle!)

There are new characters, a whole new level of sexy and romantic, new secrets found (but I still don't know if I like Maximus!) and a crazy roller-coaster ride of emotions in this book.

And although I miss Perry's POV, because she's pretty much awesome, I can't get tired of Dex mind. If you loved him before this book (and you did, it's impossible not to) you're going to fall completely in love with him in this one... yes, even more.

***“Baby, I love you, more than ever, more than anything in the fucking world. You are my world. And all I've ever wanted is for me to be yours.”***

Definitely, best book in the series so far. But I said that about all the others... they just keep on getting better each time.

Karina Halle ruined me for all other books and for all other book-boyfriends in the future, and I couldn't care less about it.

And now, thanks for an amazing buddy read with the awesome girls:

Joana; Ana Rita; Georgia; Debra;

Kristalia; Vilda; Destini and Gabriella.

We'll meet each other again in the next one :)

(If I missing someone forgive me! There were a lot of us!!)

### **MY MOST ANTICIPATING BOOK OF 2013!!!**

*I was looking forward to spending whole book in Dex's pervy sarcastic mind and I have to admit that Come Alive surpassed my expectations. His thinking is extremely entertaining and without a doubt I can say that Dex is the best and my all time favourite book character in the whole world! Together with exciting, nerve wracking and undownputtable storyline, Karina Halle created another perfection. Come Alive is my new favourite book in this superb series!*

My Dex and Perry:

**Come Alive is a mind-blowing story.** Everytime, when I think that I already read the best by Karina Halle,

she writes another fabulous story. Story that leaves me breathless, story that I cannot put down, story full of emotions which consume me. That is exactly how Come Alive made me feel.

Dex & Perry went through some pretty scary stuff in previous books but I found this installment the most dangerous one. **Spook factor** was really high this time and I was creeped out of my mind. Zombies, woodoo and other scary stuff. This book is full of it. I was not only creeped out by scary stuff but also worried for Dex and Perry since author is not making it easy for the two of them...

I loved the fact that whole book was in Dex's POV. Everything that came out of his mouth was either **funny and hilarious** or just brilliantly awesome. He can be sexy pervert one moment, but honest and loving the next moment. Yes he has his flaws, but my love for him has no boundaries. He is just that perfect!

So many new things and info were revealed in this book and couple of new characters were introduced too. It has been a long journey for Dex and Perry and things are getting clearer when it comes to the big picture. But there is still a lot ahead of them and I cannot wait to see what is in store for Dex and Perry who are my all time favourite book couple!

Beside the scary stuff, this book brings plenty **sexy-Dexy time!** I loved it! So in case you have not read this series yet, you have to do it now. Believe me, these books are more than worth it!

Bei ihrem letzten Fall für ihre Show Experiment in Terror konnten Perry und Dex gerade noch um ein Haar Sasquatch (oder was auch immer das Ding in der Wildnis Kanadas auch sein mochte) entkommen. Ihr Filmmaterial konnten sie allerdings mal wieder nicht retten, denn nach Mitchs Tod hat sich die Polizei natürlich sehr dafür interessiert und es beschlagnahmt. Eigentlich ist Perry und Dex das aber egal. Sie sind froh, mit dem Leben davon gekommen zu sein und ganz abgesehen davon, hätten sie sowieso keine Folge aus dem Material gemacht, für das ein Mensch sterben musste.

Stattdessen wollen die beiden nur nach Hause nach Seattle und genießen, dass sie endlich zusammen sind. Zumindest hofft Dex, dass es Perry genauso geht. Er hat ihr seine Liebe gestanden, doch sie ist anscheinend noch nicht bereit, ihm genauso viel zu geben. Das macht ihm zwar Sorgen, doch Dex ist zu allem bereit, um Perry für sich zu gewinnen.

Doch bald schon bekommen die beiden ganz andere Probleme. Denn ihr Boss Jimmy ist alles andere als begeistert, als er erfährt, dass sie kein Filmmaterial mitgebracht haben. Schon wieder. Er stellt Dex und Perry ein Ultimatum: Entweder die beiden holen sich einen dritten Mitarbeiter dazu, der die Planung für sie übernimmt, oder sie verlieren die Show. Und als Dritten im Bunde hat Jimmy da schon jemand ganz bestimmten im Kopf...

Und so kommt es, dass sie Dex und Perry nur wenige Tage später in New Orleans wiederfinden - mit niemand anderem als Maximus Jacobs, der den beiden von nun an auf die Finger schauen soll. Natürlich sind sowohl Dex als auch Perry alles andere als begeistert von ihrem neuen Aufpasser. Doch Max scheint tatsächlich eine vielversprechende Geschichte für die Show im Auge zu haben und nachdem er jahrelang in New Orleans gelebt hat, hat er einige heiße Spuren. Zwischen Voodoo, Zombies und Geistern entwickelt sich dieser Fall aber zum gefährlichsten, mit dem Dex es jemals zu tun hatte - und er wird sein Leben für immer verändern.

Jedes Mal, wenn ich denke, Karina Halle kann mich unmöglich noch überraschen, gelingt es ihr doch immer wieder, mich vom Gegenteil zu überzeugen. Denn Come Alive, der 7. Teil der Experiment in Terror-Reihe, bietet alles, was ich mir erhofft hatte, und noch mehr.

Viel hängt natürlich damit zusammen, dass es nach den beiden Novellen The Dex-Files und And With Madness Comes the Light der erste volle Roman aus Dex Perspektive ist. Das erlaubt dem Leser nicht nur eine völlig neue Sicht auf viele Details und Entwicklungen, es macht auch einfach nur riesigen Spaß. Denn ein Aufenthalt in Dex ist jedes Mal wieder ein Genuss. Mit viel Humor, Witz und jeder Menge dreckiger Gedanken hat er eine ganz eigene, individuelle Stimme, die in jede Geschichte frischen Wind bringt. In Dex verschmelzen Perversling und Romantiker zu einer nie dagewesenen Mischung, an der ich mich nie satt lesen werde.

Perry ist durch den Tausch der Perspektive natürlich automatisch nicht mehr ganz so präsent, wie in den anderen Büchern. Das ändert aber nichts daran, dass sie eine sehr sympathische Heldin ist. Sie hat trotzdem viele starke Momente und durch den Blick aus Dex Augen lernt man auch das ein oder andere neue über sie. Wirklich interessant - und ich glaube nicht, dass ich das wirklich zugebe - ist allerdings Maximus. Endlich kommt Licht ins Dunkel: Über seine Absichten, seine Herkunft, seine Methoden. Es ist unglaublich spannend mehr über ihn zu erfahren, nachdem man so lange nur spekulieren konnte. Und unglaublich aber war, ich habe eine Schwäche für ihn entwickelt. Er bekommt seinen ganz eigenen Erzählstrang, der ihn in einem völlig neuen Licht erscheinen lassen. Und tatsächlich muss ich zugeben, dass ich ihn zumindest ein wenig ins Herz geschlossen habe.

Auch die Handlung selbst ist mal wieder unglaublich gut gelungen. New Orleans ist mit all seinen verlassenem Geisterhäusern und seinem Ruf für Voodoo und das Okkulte der perfekte Schauplatz für diese Reihe. Diese Elemente werden aber nicht plump und vereinfacht eingebaut, sondern ergeben eine glaubwürdige und stimmungsvolle Geschichte, die einem einen Schauer über den Rücken jagen. Denn auch hier geht Karina Halle wieder einen Schritt weiter als bisher. Für zarte Nerven ist Come Alive wahrlich nichts. Dafür gibt es zwischen Voodoo, Zombies, Geistern und teils ziemlich verdächtigen neuen Charakteren einfach zu viele intensive, brutale oder einfach nur schaurige Momente. Gerade gegen Ende kommen einige Szenen, bei denen ich das Buch kurz zu Seite legen und tief durchatmen musste, weil sie wirklich heftig waren.

Natürlich gibt es auch etwas fürs Herz. Es ist nicht zu übersehen, wie komplett und unwiderruflich Dex in Perry verliebt ist. Ihre Zurückhaltung macht ihm daher natürlich schwer zu schaffen. Trotzdem gibt es jede Menge romantische und auch richtig heiße Momente (gerade am Anfang gibt es relativ viele erotische Szenen). Doch natürlich dauert es nicht lange und Wolken ziehen auf im Paradies. Denn je mehr Dex und Perry über sich und ihre Kräfte herausfinden, umso mehr scheint sich ihnen in den Weg zu stellen. Ich habe geschwärmt, geheult und gewimmert (sowohl vor Emotionen als auch Schreck) und bin mir ziemlich sicher, dass die Entwicklungen in diesem Buch niemanden kalt lassen werden.

Deshalb bleibt mir insgesamt nur zu sagen: Schafft euch schnellstmöglich die Experiment in Terror-Reihe von Karina Halle an. Nicht nur Come Alive ist es wert, sondern alle anderen Bücher dieser Reihe ebenso. Ich kenne keine andere Serie, die mich sowohl von der grundsätzlichen Geschichte, als auch den Figuren, der Romantik und diesem ganz eigenen und typischen Charakter in diesem Maß überzeugen konnte. Experiment in Terror ist einzigartig und ich kann sie nur jedem ans Herz legen.

Über eine deutsche Veröffentlichung ist nach wie vor nichts bekannt. Mittlerweile sind die Rechte aber auch nach England verkauft worden und wer weiß? Vielleicht schafft Karina Halle auch noch den Sprung nach Deutschland.
