Deep Blue Sea

Tasmina Perry

Deep Blue Sea Tasmina Perry

Two sisters unravel a tangle of lies in this intriguing and unputdownable novel from the *Sunday Times* bestselling author.

Beneath the shimmering surface lies a dark secret...

Diana and Julian Denver have the world at their feet. With a blissful marriage, a darling son and beautiful homes in London and the country, Diana's life, to the outside world, is perfect. But nothing is as it seems...

When Julian dies suddenly and tragically, Diana is convinced there is more to it than meets the eye. She calls on the one person she had never wanted to see again - her sister, Rachel.

A former tabloid reporter, Rachel appears to be living the dream as a diving instructor on a Thai island. The truth is she's in exile, estranged from her family and driven from her career by Fleet Street's phone-hacking scandal.

For Rachel, Diana's request opens old wounds. But she is determined to make amends for the past, and embarks on a treacherous journey to uncover the truth - wherever it may lead...

Lisa says

I couldn't put this book down and couldn't wait to get to the end. BUT it is not great literature! It has every cliché under the sun - the handsome protective man with the will they/won't they plot, the super wealthy who are not to be trusted, the working class girl who has made into the the gilded cage of the wealthy etc. Pure escapism, good fun, page turner but not a work of art. Good beach read

Alexandra says

I do love Tasmina Perry's books. She weaves a enjoyable tale.

I started off disliking Diana, I found she was incredibly hard on her sister. And when she slept with her dead husband's brother so soon. I disliked her even more.

Rachel drops everything in her life to come and investigate her sister's husband's death.

She flies all over the world following the clues, even putting her own life in danger. Even while she is doing this Diana is still mad at her sister.

Several times you think you know what happened. Then more twists and turns appear.

If you're looking for an engrossing read, then pick this book up and give it a go.

Michael says

I did not even reach page 50 before I found I had made a huge mistake in borrowing this from the library.

Anne says

I've been a huge Tasmina Perry fan since I read her first novel *Daddy's Girl* back in 2006. Her novels have become something of a holiday tradition for me - I enjoy the glamour and the glimpse into the world of the rich and the famous - they've always been the perfect 'get away from it all' read.

Her first six novels are fabulous, but I was a little disappointed by her last book (*Perfect Strangers*) as I felt that she had tried to take her writing into another direction. I had high hopes of this one; *Deep Blue Sea* and was really looking forward to reading it.

Yes, the story is populated by the wealthy and glamorous characters that Perry does so well, but the storyline is quite frankly dull. A successful husband's sudden death, and his wife's quest to find out more about the circumstances. Two sisters - long estranged, a glittering Thailand setting, dark secrets - all should make for a great read. My problem was that I cared little for the lead characters from the beginning, so struggled to retain an interest in the story.

Maybe I've just 'grown out' of Tasmina Perry's books and her writing? I'm not sure really.

Kate's Book Spot says

Firstly I'd like to thank the publishers for sending me this book to read and give an honest review.

The opening of the storyline was a quick but informative scene from Diana and Rachel's childhood, I felt like I knew their personalities rather well even from just a few pages. Fast-forward to the present day and the sisters lives couldn't have been more different, they also appeared to have fallen out with each other and this was something I was keen to find out the reason for. A hugely traumatic event in Diana's life brought the two of them back together and this is when the adventure began.

The author covered some hard-hitting subjects but it had been written in an easy, comfortable style which made it a pleasure to read. I was reeled in to the characters lives until I felt as desperate as Diana to find out the reason for the unexpected event. As Rachel began to investigate I was captivated by the many twists and turns – I could never predict what was around the corner.

Trips to Chesil Beach and Beaulieu reminded me of my own visits to those places and brought a familiar touch to the storyline. I also liked the way the author created fantastic chemistry between the characters, there were times when I was holding my breath in anticipation.

Towards the end I thought I had figured out the big mystery but I was completely thinking in the wrong direction and the heart-pounding conclusion shocked me, this book will keep you guessing until the very end!

This was a fantastic read that really captured my imagination – a mystery with heart.

Megan Readinginthesunshine says

Tasmina Perry for me, is always a must read. When I think of her books I think of glamour, mystery, passion and an addictive story line, and this latest release is exactly what her readers are wanting!

To everyone outside looking in, it seems as though Julian and Diana have the most perfect lives and the word at their feet, they seem to have everything they could ever want. But in reality life isn't as rosy as it seems. After Julian dies very suddenly and unexpectedly, Diana suspects that there is more to it than meets the eye. Desperate for answers and to discover the truth, she makes the phonecall that she never wanted to – to her sister Rachel. Rachel used to be a tabloid reporter, and although she pretends to be living the dream, the truth is that she was driven from her career after the phone hacking scandal, and has become estranged from her family. But Rachel is determined to make up for the past and uncover the truth...

I absolutely loved Deep Blue Sea! Having been a huge fan of Tasmina Perry for many years I always look forward to her new releases with so much excitement, and let me tell you it is SUCH a joy to have been able to once again delve into the wonderful world of Tasmina's stories. I was hooked as soon as I read the description on the back of the book, I was really intrigued as to what could have happened to Julian and I was keen to start reading! I started Deep Blue Sea one morning and I finished it in two sittings – I was so involved in the novel and gripped by what was happening, I couldn't put it down and found I was carrying the book around with me everywhere, reading at every moment I could!

The plot line is fantastic, there was a great air of mystery around Julian and the truth about what had really happened, and I so intrigued! Throughout the story, I kept trying to guess what had happened only for Tasmina Perry to throw another curve ball and twist my way, leaving me both surprised and suspecting

something else entirely! Tasmina kept me guessing and guessing again and I genuinely didn't know which turn the novel would take next, so I desperately wanted to read on as I just had to know the ending!

Deep Blue Sea is a riveting book full of suspense, intrigue, and twists and turns that you won't see coming. Deep Blue Sea surprised me, made my heart race and I'm certain that fans of Tasmina Perry will enjoy this! A fantastic read for the summer!

Ann says

A good holiday read. A lot of 'label dropping' so if you like that sort of thing its good!

Cath Stannard says

This was an amazing read. I didn't realise it was going to be such an intense read but it really gripped me. The characters were easy to read about and were very likeable(or hateable!) A real page turner that had be guessing right until the final chapter.I'd never heard of Tasmina Perry before but now i must read her other books!

Alison Hydes says

Couldn't put this book down .Great suspense

Sinead says

Great book, great story

Irina says

Couldn't put it down! I was head and heels into the story the whole time I was reading it so I guess my household got somewhat neglected for a while.. And I absolutely loved sudden and unpredictable turns and twists of the story, it's like riding a roller-coaster never knowing what would the next page bring you to.

sue says

Oh I do love a good secret don't you?
But what is a 'good' secret and what is a 'bad' secret.

Diana and Julian Denver have it all [or so it seems] lovely family home, good solid marriage, son, the works.

Secrets.....

But nothing is what it seems...

Julian suddenly dies....

What of? I hear you asking

Not telling!

BUT Diana has a feeling, all is NOT what it seems.

Secrets....

Nothing is straight forward

Rachel her sister is contacted by Diana, she's a reporter, she needs her help.

She's now an EX reporter and seemingly living the life of luxury....

But

is she?

Secrets....

I loved this book, I love this author, so this was a delight to read, and definitely deserves my full 5 stars.

I would like to thank Headline Via Net Galley for my copy and say sorry I hadn't read it until now, it got lost on my Kindle!

Cressida McLaughlin says

I love Tasmina Perry books and this was as brilliant as all the others. Excellent characters, drama, intrigue, romance. Such great escapism.

Jessica says

TP books are always an excellent read

Shiva Patel says

Deep blue sea is another great read from Tasmina Perry.

Julian and Diana Denver have a loving marriage, an adorable son and wealth which gives them a comfortable life.

Following a party at their home, Diana wakes to find her husband is dead.

Stricken with grief she wonders why he died and calls on the help of her sister Rachel to investigate.

Rachel used to be a journalist and three years released a story about Julian's affair with an eighteen year old girl. The family were so upset so she left to go to live in Thailand.

Rachel returns to England to help her sister and try to make amends. She will not give up until she finds out the truth.

A fantastic summer page turner full of love, hidden secrets and hope.
