## **Perfect Partner** Carole Mortimer

*Read this classic romance by USA Today bestselling author Carole Mortimer, now available for the first time in e-book!*

### **A vengeful obsession...**

Juliet Chase is determined to make arrogant, chauvinistic Jake Matthews pay! He might be sinfully good-looking but his public criticism of her best-selling novel was needlessly harsh and unfounded. How dare he go around ruining people's careers!

But when Jake's analysis of Juliet doesn't stop at her writing, Juliet finds her well-ordered life thrown into confusion—and her innocent heart into turmoil. Because suddenly Jake's opinion matters to her. And his opinion of her matters most of all...

### Kim says

a fast read book

---

### Miss •kαth?????• The Emerα?d P????cess® says

Juliet is a seventeen-year-old in the body of a 24-year-old woman. If she wants Jake to come back to her, she must become the mature woman she is. Will she be able to love him? And will he?

A lovely romantic story...

---

### Jen says

Sweet story of a woman-child losing her bitterness of the past. And for once the love interest isn't that big a douchebag!

---

### Hemavathy DM Suppiah says

Sigh. Another sexist, chauvinistic romance. There was nothing sexy about the hero. Ninety percent of the time he was molesting her. And the other ten he was insulting her. The heroine should have got herself a restraining order.

---

### ivy fann says

Hot all over the story! you will likely to suffocate! XD
