Lucy Hay says

Fun fantasy filth that takes a "classic" and updates it for the modern age. An easy read, well written and definitely an inspiration ... Now all I need to do is get a high powered job working at a bank or something so I can re-enact this with some gorgeous hunk I pick up from a gas station. Oh and I need to learn to drive. Apart from that, I'm set.

Steelwhisper says

I've always wondered why people would have sex in the cloakroom, this here purports people find it sexy having sex in a toilet stall with someone taking a dump on the other side of the wall.

Sorry, but I chucked up a little in my mouth.

Selene says

2.5 stars

Quick, dirty, and easy read.

Amara says

HORRID. In a five minute read, the word "snatch" is used twice. That's twice too many. This isn't even good smut.

Jennifer says

After having read this I must say I'm a little flushed! This was for sure a very short but erotic read. Loved the dinner even though it was so short. The author says this could possibly become a series, well I say bring it on.

Rissa says

It was okay. Not my cup of tea.

Jane Doe says

Super short and hot. Really enjoyed this little fantasy, the dinner....where's my fan, the bathroom...hmmm shhhh, the car hope it was a big one (wink wink). The dinner scene was really well written, right down to the body positions. Nice job. Will read more stories by this author.

On a side note the title, while really letting the reader know what the story is about some people might feel a bit intimidated by the graphicness of it listed on Goodreads or Amazon for everyone to see.

Melissa smith says

A very erotic quick read.

Joanne Carr says

Paragraphs

This book seemed like two long paragraphs. It seems all of this authors book seem to be extremely short should probably take all of books and put it into one book.

Sorry to say but this author isn't for me..to many short books that could be one

Indie Editor Nancy says

Hot hot hot!

I got this book as a gift from the author and I can say it was a wonderful gift. It was short and very hot! I read all of the 3 books she wrote and I am very pleased- If you are a fan of erotica then you would love her'

Rob says

I really need to set up a shelf especially for these kinds of books...maybe call it Wank shelf or something!

A very sexy story of desire between two horny people at a posh function.

There's nowt to dislike about this story. It was well written and it's definately a story I'd read more than once, especially during a bit of private time ;-)

Felicia says

I am truly enjoying this short series. I love it. Moving on to the next part.
