### **Wolf's Touch** Amber Ella Monroe , Ambrielle Kirk

Jayson Truman is captivated by his boss's daughter. He finds himself fantasizing about the many ways he'd like to have his way with Arianna Klein. Despite Mr. Klein's strong connections to the Caedmon community, he and Jayson have never seen eye to eye on any matter. Lusting after his daughter only adds fuel to the flames. Their long-standing business relationship begins to unravel. Secrets are exposed, and loyalty is tested. Jayson is warned to stay away from Arianna...

Cutting family ties seems like Arianna's only recourse to regaining control of her life. Yet, steering clear of her father is easier said than done, especially when she holds the key to his business's success...or failure. And as if her life weren't dictated enough by men with oversized egos, add Jayson to the equation and his many attempts to lay claim to her. If he thinks she's going to swoon at his feet like a sex crazed maniac, he's got another thing coming. But Arianna is not the only one with a key. Jayson may very well be the pawn she needs to get her out of the mess that her father has built.

Jayson will put his life on the line for Arianna, but will he gain her love and acceptance in return?

## From Reader Review Wolf's Touch for online ebook

### Laurie Hopkins says

#### Good reading

Have to love Arianna for wanting the freedom to make choices about her life. Her father on the other hand total jerk. Jason is a hunk, and sweet

Wolf's Touch was just as good as Wolf's Promise. I really got into it and loved how Jayson was willing to fight for Arianna. There were two things that continually annoyed me. 1) Why wouldn't she claim him as her mate? I don't get it. Sure she wanted to be her own person, but seriously to make him suffer for ten years? She's lucky he still wanted her. 2) What the HELL. There is no way I would see my mate being serviced by 3 females and just accept it. NO WAY!

There were a couple of typo/grammatical errors, nothing too bad. I liked that each story had its own plot and didn't follow the same story line as the previous books, but still fed into each book. I will be reading the next book soon.

DNF.

h/H were mates, had smex and all but h pushed H away...H is not celibate and maybe I would have been fine with that bcos its been a decade or more.

But then I had to read H getting BJs from 3 women, he's smiling smugly at the watching h who is turned on. Then later H is picking up/making out with OW in bar when he sees h and hooks up with h. Not interested in reading further...

When Jayson was first introduced in the previous book, I didn't think I'd like him but surprisingly, he didn't bug me here. I liked that Jayson and Arianna were childhood friends and had hooked up before. I liked the plot here and was intrigued with Arianna's dilemma. I take away a star because the missing conjunctions, prepositions, and articles throughout the book started to get on my nerves. Also what Arianna did towards the end was a bit TSTL and I felt a bit disappointed with the climax of the story. I did find the love scenes to be very sensual and I like that Jayson went "downtown" often. Oh and there's anal action too. Can't beat that, right? ;-)

Jason was a beast in this one and I loved reading every word of it. I thought she'd lose her head when she walked in that room on him but she seemed like she was a lil salty that she wasn't helping. The storyline was great and of course it was too short but in all it was good and also good to hear about the others in the stories before them. These are really starting to come together.

Jayson he's demanding his presence would/might scare the crap out of people. "look at me when you're effing me, Arianna." He has a great soft side for his woman though he'd do anything to make her happy, "I don't have full-time servants," he said, kicking the door closed. "I like my privacy, now and then, but if you would like them-" Jayson's book was okay I mean I was expecting something more from him I'm not sure what I was expecting maybe just a more demanding presence then what he had

This sucks that PNR one genre I've always felt was safe from sex outside the hero and heroine isn't safe anymore. Why ruin a good thing?

A sensual paranormal story that definitely keep the reader on the edge of their seat and practically panting from the suspense of various situations. Wolf's Touch is a quick read that many fans of the genre will enjoy.

Jayson is one sensual male! We're talking sex on a stick from the very start. He's been waiting for years to settle with his mate and has been doing his very best to keep busy in the meantime. But will his ways and reputation have messed up any chance of her finally accepting him?

Arianna is one tough cookie! She takes no bull and will gives as good as she gets without blinking. Her only weaknesses are her father and Jayson. All she wants is to be able to make choices for herself, her very own decisions. No one else, just her. Is that too much to ask for?

I enjoyed this story and will continue to read more from the author. I just felt this story had too many loose ends untied and holes that needed to be filled that were there since book 2. I look continue to look forward to what Ambrielle will bring us next in the Caedmon Wolves series.

### **Dakota Storm says**

Jayson is sexy as hell, he sure has ladies fighting for him but not the lady he wants Arianna. After running into each other again their passion ignites and they can't get enough of each other, they are hot as hell together. A lot going on, Arianna has tough decisions to make, her time is running out and her father continues to manipulate her. Jayson stands by her side and so does the pack.. Love these too together...great story, great characters...very sexy too...4 stars review by Nanee at [upallnightreadallday.blogspot.com](http://upallnightreadallday.blogspot.com)

Wolf shifter Jayson Truman has found his mate in his boss's daughter, Arianna Klein. But his boss forbids him from going any where near her. So what's a wolf to do? Pursue and claim his mate of course at all costs. I loved how stubborn and driven Jayson and Arianna are. They make for an awesome, hot and believable couple. The story is well written with just the right amount of obstacles to over come. Good book. 4 Stars

"Incredible series!"

This series is about the Caedmon wolves, Each book has been amazing!. The Characters and the story lines are compelling!. Devin and Tamara are mated, Nick and Selene are mated, now Jayson wants his own true mate. Jayson found his true mate years ago Only Arianna would not accept it. Jayson is invited to Dawson's eighteenth birthday party. Dawson is Alpha Devin's brother. While there Jayson runs into Airanna again only she is still fighting the mate call. Jaysons Dad and Arianna's Dad used to be partners till Jaysons Dad dies. Now Jayson is partners with Arianna's Dad. Only Arianna's Dad never liked Jayson. Arianna goes to a business meeting with her Dad there she finds out he is switching partners with a Man called Ivan Zeldano not only that but her Dad tells her she was promised at birth to Ivan. Her Dad tells her he will give her two days to come to terms with this arrangement!. Arianna leaves the meeting heads to a club. There she runs into Jayson again only Zeldano's Men try to grab her. Jayson rescues her, Arianna tells him some of what is happening. Jayson will not give up Arianna!. This Story gets really intense!. There are lots of suspense,action, and steamy hot Romance!. This is a must read book!.

#### **Fated mates reunite**

In continuation with the Caedmon Pack series, this story features Jayson and Arianna. These two will have to fight for their love due to an ancient practice of signing a blood oath to unite two children at birth, had Arianna promised to another. It will take money, smarts and brawn to try to break this deal.

One part about the book that I disliked was the blood oath base on nothing but greed. In the world we live in today, the rich seem to do whatever just as long as it keeps money in their pockets.

4 stars were given because I would have liked the ending extended a little more.
