KERI 2: The Original Child Abuse True Story (Child Abuse True Stories) Kat Ward
CHILD ABUSE TRUE STORIES PRESENTS: VOLUME 2 OF KAT WARD'S SENSATIONAL AUTOBIOGRAPHY!

Being a teenager isn't easy. Even kids who grow up in happy, loving households encounter all manner of problems during adolescence. But children who were abused, raped, bullied, mistreated or neglected during their earliest years, face the transition at an even greater disadvantage. For they not only come completely ill-prepared, but also badly scarred, and often still licking the wounds from their childhoods.

This second volume of Kat Ward's sensational autobiography covers her plight as she grew in stature, and began to challenge the authority structures that had ruled over her young life so cruelly up until that point. It was a desperate rebellion in true teen spirit, but even with all the will in the world, she was still a child in a world full of grown-ups. And if there's one thing an abuser knows all too well, it's how to wield their power over the powerless...

DISCLAIMER: This is a true story of child abuse. Reader discretion is advised.

mrs kl dean says

Great reAd

So sad is kerri s story to Read but she is so brave I could not put the book done I needed to see she was OK

Kathy says

Nice to see Keri stick up for herself

The atrocities this young woman manages to survive are nothing short of amazing. Good luck out there, Kat, wherever you are.

Louise Pelly says

Child abuse and sexuaabuse

Very well written, kept my interest all the way through. This stuff does exist,, in families you would not believe.

Toni Marie says

Oh my gosh!

You are killing me with this ending your books at such critical moments! You are an amazing writer! I am truly enjoying reading these books. Keri has found warmth in her heart. Only to have it all dashed away, again! Again, I am left eagerly wanting to read so much more!

Suhasini Karipalli says

Keri, I wondered why you didn't run away to your nana or to a neighbor when you turned 14? When you your mom threw you down the stairs and beat you up black and blue, leaving scars on your body and a black sore eye, you didn't say anything to your nana and uncle on your week Long Beach vacation. Other times you confronted your mom about all the wicket things she's done and said to you?

karen says

Excellent

Just finished reading this and have read the first book as well. Excellent throughout and holds attention. Social services have much to answer for. The word of this child's mother was accepted as gospel despite evidence that would have proven otherwise had this case been properly investigated..

Beverley Spiller says

sure i read this condensed into the first volume

Tammie Browning says

Very sad

The story is told in such a way you feel like you actually know Keri. No child should have to live through these situations.

Nina says

A bit short compared to the first book at only 13 chapters, seem to finish rather abruptly without any kind of resolution and only covered Keri's time leading from 15 to almost 16. Would have liked to read through to adulthood.

Mindy says

Wow

I cannot put these books down, I'm so intrigued. My heart aches at very bad thing that has happened, and the lack of help has me sick.

stephanie perez says

Wow

This story part 2 was as unnerving as the first. To read what an innocent child had to go through is so heartbreaking. I also suffered at the hands of my mother and father and at that time living here in the States thought one as the only one that it was happening to. I hope she has finally found some peace. God bless her.

Joy Rayle says

Dear dear Keri..... doomed to be abused... no selfishness for you.

If you are squeamish with descriptive violence, the kind where you feel the blow, or cower and skip the parts of being raped.... DO NOT READ THIS SERIES ANY FURTHER!

Kat has been brutally candid with the violence in her life. She has taken the reader for a horrific ride. You grow to love her, ache for her to be loved. Even hope she awakens to find it has all been but a nightmare. Continue on if you are like myself; I need to know that she is okay. I want to be there when she is engulfed with the love she so richly deserves.

Mostly I want to follow her story and see how much more of myself I see in Keri.
