An overwhelming, 'PLEASE GIVE US MORE STEEL!' is being answered with a big old, 'HELL YEAH!' If you've read the box set including,

Jase, Jase and Carly, Cyrus, Zandor, Xavier, and Forever Steel, you'll be happy to see their stories continue. This quick, yet satisfying little read, will tame your craving for the Steel brothers you met at their family's tattoo shop, Forever Steel, in April, 2013.

Last we left off, Jase and Carly had brought their child into the world. But wait, Cyrus and Tara are expecting twins. And Xavier and Taelyn are expecting too.

Nothing's ever easy for the Steel brothers, but these men aren't just hot as sin, they're deep, loyal as hell, and in love with the women they will fight to protect and satisfy for the rest of their lives.

Could love, marriage, and children be the end to the hot, steamy, and explosive sex for the four hottest, pierced, inked, bad boy brothers on the Jersey Shore?

In this novella, we get a taste, not a tease, of all four of your favorite, fully fleshed out Men of Steel style. It's still hard and wild. It's still one hell of a ride. It's still, Forever Steel, baby.

BONUS:

Kink vs. Class by V. Andrews, H. Harbour, and M. Roberts is included!

What a great quick read. I don't think I can ever get enough of these Steel men. They are all just phenomenal and deliciously sexy.

MJ Fields does it again! She does not disappoint. Laughter, sexy controlling men, sassy woman and a loveable story that gives you all the feels. This is such a great addition to this wonderful loyal family. To see where everyone is and how strong the family bond is, is just a great treat to get in that Steel fix I've been craving since reading this series.

Thank you MJ for delivering yet again a fabulously sexy read and satisfying my Steel men craving.

I was so excited when I saw this book I had no idea it was coming out. Just when I thought I couldn't love the Steel Brothers anymore ...OMG, SWOON ! I absolutely love all four of them & I'm sad that it's over. This is a quote from Cyrus to the Doctor when Tara is getting her C-section & the Doctor tells her that she's going to feel pressure but no pain :

" That's good because she's had enough of that for a lifetime and I won't allow anymore. "

I love this Series! I just could not put this series down!!

Naughty Mom Story Time says

This was such a treat! I can never get enough of the Steel brothers.

The love they share for each other and the love they have for their women is beyond measure.

Each with their own caveman antics, they show their wives and the world that they will always do whatever it takes to care for, love and protect those their family.

The women are just as strong as the men. They will do whatever it takes to love and support their men. Add in the children they're having that only extends that love and grows their family and you've got some fierce characters.

The Steel family will always be one of my favorites. Their personalities were so real which made for reading their stories so entertaining. I loved that I was always able to laugh with them, cry with them and love with them.

This little novella was nothing short of all that I've loved in the previous Men of Steel novels.

I received an ARC in exchanged for an honest review.

This was really a nice treat. I enjoyed getting to see all of my favourite characters again. When all the Steels brothers get together with their wives there was jokes, loves and lots of babies. I don't know what more to say than this was great.

I am still a Cyrus fan all the way.

M.J. Fields is awesome and it shows through her characters and story.

Overall, a quick and easy read about some amazing characters.

Omg

Well she did it again. M.J. is awesome, as if you couldn't love the men of steel anymore, oh but you can and you will. We see deep into how much love these men have for their wives, their families. All the ups and downs, all the bumps . This was an amazing way to end the men of steel, although I'm not ready for it to. I laughed, cried, actually clapped it was just awesome. Thanks for an amazing series and sharing an amazing family. FOREVER STEEL.

It's great to see the Steel family again and one thing never changes about these men and that's their horniness for their women and Cyrus I think is the naughtiest of them all Zando is the kinkiest but Cyrus is the naughtiest, "your hand is stroking my c*** Birdie." With her other hand she grabbed my balls and gave them a tug. "And now you got me by the balls." Xavier I think is the most possessive in the family especially when it comes to his woman and her having pain, "I tore a** out of that room and yelled towards the nurse's station, "we need some drugs up in here!" It was really great to see this family again and see what they've been up to.

Family

What a great Christmas present to learn about in my email this morning. MJ Fields has given us more of the Steel Family. That is one of the best and strongest things about her books are family. The guys are all tough and bad ass, but they find that one special woman, and she is cherished. I love these stories and this one today was very moving for me. I loved it and would recommend it to others

Baby Boom!

Steel, Steel everywhere! Those Steel men will get you every time and we love them for it. Babies and Steel men even more so. This quick glimpse into some of our favorite men becoming daddies will burst ovaries from coast to coast. Jase had just become a daddy in the last Steel book so now his brother's get their turn. Nothing is ever simple with these men though so make sure to grab some tissues for the read. Top it off with a little dirty Xmas story done the Steel way and you will love this sneak peek into what is going on with our Steel boys! Sit back and let the boys Steel your heart! Don't miss it.

What??? The story ended at 46%!!!! What a disappointment. I want more!!! I love this family!! Keep the stories coming!

Amy Zec says

I absolutely love the Steel men and can't get enough. I love how they protect the people they love at no cost. It was great to catch up with this group and see their family continue to grow. No matter what comes their way they face it head on and get through it as a family. Can't wait to see what Abe has in store.

Diane says

I just love this series of books and it was great catching up on the new arrivals. Very entertaining and worth buying.

Gemma Shepherd says

Great follow up!!

I've read all the steel men books and loved all of them, they are all different characters and I can't decide which one is my favourite so I'm going to say I would have all of them!! This was a great follow up still want more from them though!! Forever Steel!!! Xxx

Keri Grammer says

Awww I loved catching up on all the boys!!! Hmmm I love me some Steel brothers!!!!

Carol says

You can never go wrong with the Steel family. It's always great to get to revisit this family. Added bonus was that two of these hotties becoming first time dads. Nothing sexier than a strong alpha male and his babies. Sadly this book didn't have enough of Jase in it for me.
