Hindrance Angelica Chase

Nina

Storms are a funny thing. Most people ignore the warning signs: a strong gust of wind, a lightning strike on the horizon, the distant rumble of thunder.

My head and heart had been at odds for the last two years because of Devin McIntyre, and my relationship with Aiden had only complicated matters. Still, I craved both men. Just when I thought the decision was taken from me, a choice between the two became inevitable. The two men I had attached myself to emotionally and physically had already told me everything I needed to know.

Although the dark clouds were gathering overhead, I ignored the lightning, played deaf to the thunder, and let the tempest push me toward them both. I ended up in a whirlwind of secrets, a vortex of deception and depravity I never imagined possible. I was drowning again, but this time ... this time I would be ready.

Or so I thought.

Nothing could have prepared me for the coming storm.

If you are not a fan of cursing, erotic and extremely explicit sex, cheating, immoral behavior, dysfunction or sexual scenarios that may make you feel uncomfortable this is not the series for you. **FILTHY EROTIC ROMANCE**

Book 3 of 3.

Dusti Hanrahan says

5 "Monday" stars....

This was so damn good!!! It was the best in the series as it wrapped up Nina's journey in a very unexpected way.

I was so excited that AC threw in a total twist in this book, insert mind fuxk!!!... I was riding out this story, comfortable and predictable and then BAM! Fuck me!! AC blew me away w where she took it!!

I think the shock is what pushed this to 5 stars.... I loved the unexpected and I loved the little bit of darkness it brought to this series.

I can't wait to read Taylor's story!!

*****4.5 "Monday" Stars*****

{ARC Generously Provided by Author in Exchange for an Honest Review}

What an **AMAZING** conclusion to a **FABULOUS** series!!!!

I honestly can say every book just got better and better! **NO LIE!!**

I thought Angelica Chase's "**Sexual Awakenings**" series was pretty fantastic but this one knocks it on its' ass!!!

Now I don't want to go into detail because if I say too much, I'll end up spoiling this and I really wouldn't want to ruin the experience for anyone. All I can say is that this last installment had some incredibly **HOT HOT HOT** scenes!! This author knows how to write good sex and she succeeds in creating some delicious alpha males that you can't help falling in love with!!

We will learn all the secrets that both men have been keeping from Nina and let's just say that they both were pretending to be someone they clearly were not!!

I had hoped that she could ride off into the sunset with both men, but I feel that she is with the one man who truly loves her!!

FABULOUS SERIES!!!!

Definitely pick this one up!

All three books are LIVE, so you don't have to wait to find out how it all ends!

◆*Arianna◆* says

“*Hindrance*” is the third and final installment in Angelica Chase’s “*The Excess*” series and picks up where the second installment ends. First and foremost I have to say this was the most intriguing and intense installment in the series. The story was fast paced and I loved the direction it took even if I never saw it coming. It goes without saying that it was as sexy as the previous installments. This author really knows how to write a hot, intense sex scene.

Nina has feelings for two men – Devin, a married man and the bar owner, Aiden. Both men are intense and dominating and both of them know how to satisfy her. Now she knows they are related, but she doesn’t know everything about them. There are secrets and lies that could destroy Nina and the relationship she has with the two men.

She’s caught between these two men, but she knows very well who owns her heart.

I don’t want to say much more about this installment, so you have to read it for yourself to find out what’s going on. There are some interesting twists and turns and of course mystery and suspense that I really enjoyed.

All in all this was a great installment and I really recommend this series if you want something suspenseful and steamy. I’m looking forward to read Taylor’s story in the upcoming “*Predator and Prey*” series.

Kelli C ~ Jack Sawyer's Heart says

Finally...the anxiously awaited conclusion of Angelica Chase's Excess Series and it is no less than stellar!

And we all know love is a glass house which makes even a monster appear fascinating - Moravia

Perhaps Nina has created her own maelstrom of darkness and heartbreak. Caught between the sheets of two men, her excess need of lust and passion has clouded her judgement. Who is the monster? Devin...the devil in disguise? Aiden...the seemingly perfect yet mysterious second chance?

How do you know you are falling for a manipulative psychopath?

He played me so easily and had skills beyond measure.

The conclusion of Angelica Chase's Excess Series is quite mind boggling and simply brilliant. Two men and one woman connected through passion and deceit. What is the game at play? Who is playing for keeps? What is the prize? Love? Power and wealth? Could redemption be the ultimate end point?

Acceptance is a painful bitch.

It is time for Nina to move on as she has been left to find herself. It is time for Devin to show his hand. Mostly, it is time to realize who Aiden truly is...better yet, what he truly wants. Everything a HINDRANCE to get the answers and desired outcomes needed .

Erotically brilliant. This read is so bad...so filthy wrong...so taboo that is is perfection. Chase reached into my mind, gripped my heart, and yanked my soul a bit with this series! In the end I suppose I found acceptance...

Or...maybe I just found a tale of OPULENT love with a deep REVERENCE that just needed a bit of HINDRANCE to all the excesses surrounding it!

Arabella ~?AB?~ says

★★★★ 4 Stars ★★★★★

Amazing is what it was, my mind really was blown away by this final instalment in The Excess series.

Let me sum up the whole series for you -->

Nina Scott grew up with not a lot of money, and two parents who often fought about it. Now a millionaire divorcee, she is afraid that she has become the very person she swore she would never be. She is lonely and bitter and unhappy.

**"My old life disappeared and my new one doesn't suit me, either.
I'm not sure where I belong anymore."**

She has recently ended an affair with gruff Devin McIntyre, after learning he was hiding a wife. This doesn't stop the her being attracted to him though, and finds he is still so very hard to resist.

When she stumbles across a bar one night, she is instantly drawn to the musician on stage, who also happens to be the owner, and when he doesn't take no for an answer she decides to give him a chance, and they go on

a date.

Aiden is nothing like Devin, he is a good man with a naughty mind and unlike Devin he is actually very nice to Nina, which she finds so refreshing. Still, he is very much a mystery and who knows what secrets we are yet to discover.

In the second instalment I was shocked to find that I fell hard for Devin! I hated him in Opulence and never in a million years did I think I would have a difficult decision to make as to which man to root for.

Aiden turned it up a notch in the bedroom, he seemed to know what Nina needed and was able to read her like a book. Nina however was still confused as to the shocking discovery she made at the end of book 1, so was determined to learn a little bit more about her new man.

In the final part, things got very interesting to say the least; it was intense, sexy and had me on the edge of my seat. There was no predictability whatsoever and what started off as a very confusing love triangle, suddenly becomes very clear indeed.

"You are all I want."

"You are all I will ever want."

"It is love Nina."

This may push some readers limits, but for me it was wonderfully handled and I enjoyed every minute of it. Looking forward to reading Taylor's story in the upcoming new series Untitled.

This is a mini trilogy, told in dual POV's

4.5 "WTF Just Happened" Stars!

Holy crap on a cracker. This book review is damn near impossible to review without spoiling the ride- and I REFUSE to spoil it. *BUT this review will have minor plot spoilers for Opulence (book 1).*

Hinderance is the third and final installment in the Excess series. Nina has found herself painfully torn between two cousins- Devin, the man she loves but who's also married even if unhappily- and Aiden, the single, sexy bar owner and singer that calls to her every need to be dominated. Both men she craves in her core...only one has her true heart, however.

Gah, these men are machines! I seriously don't know which man I'd pick ~~to rock my world~~ as best in the sack. Both men were virile, dominating...f@ckhot. But I digress.....

Book two, **Reverence**, ended it that mother of a cliffhanger but there's SO much story left here to be told. Just when the reader thinks she's picked which team she's rooting for, which sexy hunk of man her ~~vajayjay~~ loyalties lie, Ms Chase ups the ante and all bets are off! If you vacillated on whose team you're on, wait till you read this little gem!

Hinderance is filled with everything- mystery, suspense, and steam. There's a huge plot twist a little over halfway in and, rest assured, the book will be devoured until all the scenarios are played out. I REALLY enjoyed this installment. In fact, the first book was a bit iffy for me and each book after that, I became more invested in each of the characters- in their eventual outcome. Would Nina find happiness in a man she truly loves but belongs to another women, even if that marriage is a farce? Is lying okay if it's all meant to protect her? And Aiden, after the way he treated her (view spoiler)

But there's a lot of truth yet to be told. A lot of details hidden...

You'll just have to read it and find out! Will Nina find her one true love? Or will both princes be giant toads?

In a series I feared was going to be 90% erotic smut and 10% story, the tables have turned and we've ended with a fantastic, fairly-complex story filled with all kinds of twists and turns I did not see coming. I love to be thrown off and Angelica Chase pulled it off here in spades.

"You are my hinderance."

Bravo! I really enjoyed this one! Looking forward to Taylor's story in the upcoming **Predator and Prey**

Series.

5 MONDAY STARS

From the author's note, it was obvious; Ms. Chase knew there was already a divide with readers knowing that Nina had a choice to make: Devin or Aiden. But for me, her note had a sense of foreboding that had me in knots before the first word – **"...this was always my vision, it was ALWAYS going to end this way."**

"The truth is rarely pure and never simple." – Oscar Wilde

I'm a HUGE fan of this author and I absolutely loved this series. Ms. Chase had me **hanging from tenterhooks from the get go** of this series.

This final book had a lot of ground to cover and most importantly, who would Nina pick?

I knew from the first word of the first chapter of this final book in the Excess series who had Nina's heart, **but how it went down and what ensued....I didn't see coming!**

Ms. Chase **didn't just shake things up, she denoted a bomb!** This final book picks up with Nina faced with deciding whether she can trust and start fresh with Devin, try to salvage her new and fragile relationship with Aiden or leave them both behind. **There's still so many unanswered questions** about both men, about their hatred for each other, the land in Savannah and the secrets, the lies and the unknown...all questions were answered.

I read this in a flash. There was so much going on but it wasn't chaotic or rushed..just a slow and steady unravelling of my mind! As Nina gets closer to unearthing all that is McIntyre...

...and rebuilding herself and her life, she's faced with fighting for herself and those she loves...

"I am a street rat. And there's something you should know about rats..." I slapped her hard and she flew back, her hand on her swelling face, playing victim perfectly,..."we can fight just as dirty as we

fuck.”

and forced to bear arms...

and of course, this is Nina so, she buckles to her insatiable need to submit...

anywhere and anytime...

at her lover's mercy...

and the showdown that forces her to stand on her own...

“You are my hindrance.”

Ms. Chase has beautifully crafted a sexy, erotic, dark suspenseful story that had me greedily eating her enthralling words and once done, instantly craving more. **I highly recommend this series, you won't be disappointed!**

P.S. I must thank Angelica Chase for the teaser of Taylor's story coming later this year in her **Predator and Prey Series!!**

I'm Taylor...**“I preferred and have always preferred, the company of men, whether as friends or fuck buddies.”**

Christy says

The truth is rarely pure and never simple ~Oscar Wilde

I have no idea how to write a review for this installment. The direction it took- I never saw it coming. Not one bit. I love how as a reader, I can still be surprised. That a twist can happen that can make my jaw drop. This story had that. What happened here knocked me for a loop.

Nina has had feelings for two men. Both are men who have made her feel, want and desire. One is married, one is not. One loves her, one... well, it's questionable. Both are dominating. Both are connected. One man has Nina's best interests at heart and the other cares more about himself. Nina may care about them both, but only one is the man for her.

I don't want to say much more about this book. It's unexpected, a bit shocking and very bold. I'm still a bit stunned with the way things went down. This is a serial I would highly recommend if you are looking for something super high on the steam and something with some mystery, twists and turns! I love Angelica's writing and I can't wait on her next series which will focus on Taylor (Nina's friend/partner).

Beverly says

Holy hell, what just happened??? Yes, that was my reaction when I finished *Hindrance*. This is the third and final installment in *The Excess Series* and I can honestly say I didn't see this coming.

Going into the final installment I expected some drama, I knew decisions had to be made regarding Devin and Aiden. I assumed things wouldn't be pretty, but I never expected this. I cannot say that enough.

Things start off as expected with Nina and Devin together. As you know this makes me super happy. I proudly wear my **Team Devin** banner.

It didn't take long for things to unfold and a hell storm like no other to rain down. This final installment kept me on my feet and even had me going back to check what I had read. *Heads up, reading this on a plane at 2:00 am isn't recommended. I had absolutely no one to talk to about this and you need a buddy when things start to unfold.*

I have to give it Angelica she went outside her comfort zone and dare I say flipped the switch on us. I was in shock and awe, a feeling I love when reading. When you read 300 plus books a year things tend to become predictable and I know I am not the best at guessing things, but I never saw things playing out this way.

My only complaint, and it is so minor I hate to even bring it up, is I felt this ending was rushed and I desperately needed more lovey time for our couple. This could definitely be just me, as I have said over and over again I was very distraught and distracted after things finally came into the light. I think it just left me a little needy for more.

Angelica I have to give you mad props for writing the unexpected, for giving us an ending we won't forget, and an awesome lead into your next story!

Michelle says

5 Bad Bad Leroy Brown Stars!

Wow!! I hate love triangles and I usually stay far away! Needless to say I went into this series blind and guess what? It's a freaking love triangle! But guess what? I absolutely fucking LOVED it!!

This book had me looking like this all through out the book!

Once again we get Devin and Nina's POV. Im so very happy that we did.

The last book left us hanging and this one picks up right where it left off. I can honestly say that I was in knots reading this because I loved both of these men and I also really loved Nina! I felt bad for her. You have two guys that are different but not so different. They both are very dominant and Nina can't help but to submit to them. I'm telling you I hung out by the freezer holding my bottle of wine. Yep..fuck the glass I needed the whole damn bottle. lol

One minute I'm saying...

Because I'm telling you the shit hit the fan over and over in this book!

Then later on as I'm reading I started to get scared to turn the pages so I'm yelling...

Lets just say that this was an awesome book! All your questions will be answered from the previous books. You will love both men. There is no way that you can't. You will not know who to root for. You will be like...shit can I have them both. They both were smoking hot!
If you are like me and hate love triangles you might really give this one a try because I thought it turned out like it should of. I was very pleased at the end!!

I can't believe I've never read anything by this author before. I will be off to check out more books of hers. If you decide to read...alcohol and an industrial size fan might come in handy or you can just hang out by the freezer like I did. Bahahahaha!

Fabulous job Angelica Chase...you succeeded at melting my panties clean the fuck off:))

Pam says

4 twisted twist stars

I was an ambitious, determined, wealthy woman with a strong, insatiable, sexual appetite who needed to take control of her life. And so I did. And you know what I found out? It was way harder to be weak.

Hindrance is one of those books that you just have to experience on your own. The first two books have done an excellent job laying out the ground work, forming a bond and putting you in a false state of mind, thinking you know how it will all end ... but nothing prepares you for this ending. A story of passion, self-discover, inner strength and to never take anything for granted.

Is it even possible to love two men at once? My mind thought it incomprehensible, but my heart disagreed as it beat in my chest, reminding me that they both had a piece of it.

My answer is Yes, because each man owned a piece of me as well, and I could say I would be happy if either one ended up with our heroine...but I would have been happiest if she picked the one I favored slightly more than the other. This one was one hell of a roller coaster of a ride, one I am glad I jumped on, there was never a dull moment and we are left with a preview of what is to come next; Taylor doesn't just owe an explanation to Nina, but to us as well... and I can't wait to see where her story will take us.

warhawke says

Genre: Erotic Suspense

Type: Book 3 of 3 from The Excess novella series

POV: First Person - Dual

Rating:

After learning of the truth about the two men in her life, Nina Scott's life couldn't be the same again. As much as she wanted out, Devin's and Aiden's charisma and charm were hard to shake off. However, learning the cold hard truth behind their animosity proved to be a much harder pill to swallow.

Book 3 completely took me by surprise! If the first book was more towards romance, this one veered more into thriller/suspense and I loved it – even if I’m not completely happy with the direction.

"But there's a big difference between you and me, naughty girl. I own my darkness. You resent yours."

Nina certainly had her hands full with the two unreadable, unpredictable men. I said I envied her life in the last book. I think I need to take that back in this one haha!

As usual, the erotic elements in this book were spot on. The author managed to pack this one with a lot of hotness for something so short, without making it all about the sex. And I love how my favorite sexy scene turned from “that was fucking hot” to “that was fucking sick” in a snap. I had a love-hate relationship on that one lol!

Hindrance is an amazing conclusion to The Excess series and with sex, thrills and suspense, it certainly packed a punch.

Note:

I was never really interested in Taylor, until this book and now I'm looking forward to her own series.

★★★★ ½! Hindrance, part 3 of 3! The shocking conclusion to one woman caught between the man of her past & man in her present!

“Feel that cock, Nina. It’s yours, you own it, and I own the pussy that’s holding it.”

Novellas in The Excess series should be read in order:

Part 1: Opulence

Part 2: Reverence

Part 3: Hindrance

*In Excess, part 1-2 divorce’, entrepreneur and millionaire **Nina Scott** dumped her a-hole fuck-buddy, investment banker **Devin McIntyre**. Her path soon crossed with bar owner **Aiden**, and they began dating. Story followed Nina as she found herself **torn between two men**; one who she’d fallen for and the other who had everything she would ever want in a mate.*

Hindrance (part 3) opens up to part 2’s shocking developments. Story has Nina **more confused** than ever; spending sexy times with both heroes before a **shocking plot twists** provides the **final pieces in the puzzle** of who has her heart and her future.

Nine words to describe **Nina Scott**: **Reflective, evasive, blunt, smart, successful, despondent, confused, romantic and blasé.**

Nine words to describe **Devin McIntyre**: **Enigmatic, elusive, kinky, cocky, jaded, non-committal, secretive, closed off and selfish.**

Eight words to describe **Aiden**: **Charming, engaging, complex, focused, uncompromising, kinky, possessive and observant.**

Hindrance had both men taking Nina and story to **orgasmic heights**. It’s a **race against time for the truth** yet a slow process of uncovering it all.

Just as in previous installments I struggled with **Nina going back and forth** even though there is a reason and purpose that she does, part of that being penance. Story has a **wonderful conclusion**, but I’d welcome an epilogue further into the future.

Off-the-charts kinky sex! **Intriguing** plot! **Excellent** story-telling! Two **to-die-for, commanding** heroes!

Devin’s rating: 4.5 stars

Aiden’s rating: 4 stars

Nina’s rating: 4.5 stars

Sexual tension rating: 5 stars

Sex scenes rating: 5+ stars

Sex scenes frequency: 4.5 stars

Plot rating: 4.5 stars

Dialogue rating: 5 stars

Storytelling rating: 5 stars

Story ending rating: 4 stars

Book editing rating (5 = no edits spotted): N/A, ARC

Overall rating: 4.5 stars

Would I recommend this series: Yes.

Would I re-read this series: Yes.

Would I read future books by this author: Yes.

Thanks Angelica!

(view spoiler)

Lana ❄️Dirty Girl Romance❄️ says

4 Stars

I wanted her to scream it, to realize her need for me on both levels. I had to have her confirm she felt the same, and that I hadn't completely lost her. I was asking too much when I had given so little, and I didn't give a fuck. This woman had consumed me.

Holy. Fucking. Shit. Of all the ways I saw this love triangle and the story playing out, never in a million years did I think it would be like this. I am flabbergasted. Good shocked or bad shocked? I can't even tell you. I'm that fucking shocked. My poor puny brain is still playing catchup with all my emotions because WOW. Can't say that the author didn't warn me with that preface of her, but still...damn.

How do I even begin reviewing a book where any possible details could be a spoiler? I'll give it my best college try, but don't expect anything too coherent. If you haven't read the first two books **DO NOT** read my review because it will contain minor spoilers of the first two.

Oh what a tangled we we weave...when first we practice to deceive."
Walter Scott

When Nina met the intensely sexy and captivating Aiden after finally severing ties with her toxic relationship with Devin, never did she suspect that the two men are connected (view spoiler). Now that Devin has made his feelings for her clear, she's even more confused. As much as she loves Devin, their relationship has been damaged by one too many lies. Then there's also the fact of his crazy wife that clearly has it in for her. When Nina's life gets threatened she knows she has no other choice but to sever her connection with Devin totally and completely.

I was an ambitious, determined, wealthy woman with a strong insatiable, sexual appetite who

*needed to take control of her life.
And so I did.*

Aides may have taken off when he realized who Nina's ex was, but now he's back in the picture and making her decisions even harder. She craves him but she still loves Devin, and the fact that they happen to be (view spoiler) is a weight that will always hang over her. With Aiden back in the picture and Devin refusing to give her up, Nina has one hell of a battle on her hands.

You see, I know how to fuck, and I know how to please a woman. But I've never been so fucking satisfied as when I had your perfect cunt trembling around my cock.

If you think things are clear cut, think again, because this book comes with a major whammy of what the fuck. And when it hits? It will hit you with the impact of a two by four. You'll never see it coming and it will leave you absolutely reeling. Bravo to Miss Chase for writing something so unpredictable. Truth be told, if every love triangle I read was resolved in such a matter, I'd probably read them a whole lot more.

This was a jaw dropping conclusion to an addicting series and offered a little taste of the next series and Taylor's story. Angelica Chase is a new to me author, but I can tell you that she's one that I will read all future books from without a second thought. I'm eagerly anticipating Taylor's books.

If you're not sure if you want to read this because of the love triangle, trust me and take the dive. You'll know exactly why after finishing the series. This was an erotically charged, unpredictable story filled with twists and turns. I loved it from beginning to end.

Candace says

I Didn't See That Coming!

Wow! This series finale blew me away! Ms. Chase did not disappoint! I'm still trying to wrap my head around this one. Forget whatever you thought you knew, everything is getting ready to change. Buckle up!

I don't want to say anything that will spoil the surprise for anyone, but I will say that this story was awesome! There is a HEA, but who Nina ends up with and what transpires along the way may surprise you. I'm usually pretty good at spotting the "twists" a mile out, but I have to admit that I didn't see this coming at all.

This time around, there is far more danger and suspense. Devin's crazy wife finally comes unhinged, blatantly attacking Nina. She even goes so far as to hire someone to take her out, prompting Nina to hire bodyguards and up security.

The real shocker comes toward the end. The reason for Devin and Aiden's contempt for each other is finally revealed. Oh my God, it is a doozy! Ms. Chase totally pulled the rug out from underneath me!

The only reason this wasn't a five star read for me is because there were a fair amount of grammatical errors. With such a fantastic story, it didn't ruin it for me. However it was mildly distracting.

Overall, I really enjoyed this story. It was storytelling at it's best. I could not put these serials down, they were so addicting. I will definitely be checking out more of this author's work. Ms. Chase is a lady that knows how to spin an intriguing tale!
