## **Merry Blissmas** Jamie Begley

Naughty

What can I say? I'm not a nice person. When I walk by, people call me a slut, and I'm okay with that. I believe in calling a spade a spade. I am a slut.

With the holidays approaching, I miss belonging to The Last Riders. Drake's keeping me warm, but he wants more than I can give. He wants me to trust him, to believe he can protect me. Doesn't he know Santa put me on the Naughty List long ago?

Nice

What can I say? I'm a nice guy and have always done the responsible thing.

Bliss is everything I shouldn't want, but it's hard to resist a woman who stopped believing in miracles. She wants to be back with The Last Riders, whom she considers her true family. Doesn't she know it's Christmas, and miracles do happen?

Ugh bliss....I still want to hate her. Can this be a freebie, I think we all have wanted to put her down!!!!

## **Nicky says**

Ok, so I read this even when I said I was not going to. I read the reviews and everyone said she is redeemed and how we get to see why she is the way she is.

So, my take, I did not like this book, I don't like Bliss. I did not "see" why she was they way she was. I still think Shade should of taken her out. The Last Riders still had her back even though she messed with their lives, marriages and she was just an awful person. Did not like that either. But then again I'm an asshole so....

I will say I can't wait till Train's book. I'm not going to stop reading the series. But I am never going to be a Bliss fan. Nope no sympathy here.

I think the author is phoning these books in. (I'm actually wondering if it's the same writer or someone just sharing her name.) It's not like the quality of the books was excellent to begin with, but they just keep getting dumber and dumber. This one was better than Fat Louise and the author managed to make Bliss a more sympathetic character but it's all full blown fantasy land. I think I'm getting off this train for a while. I have no desire to read the other two spin off series that relate to the original Last Riders series. I'll wait for the Train and Killyema book to come out before I pick up another one of her books again. It was fun while it lasted, but I need to go jiggle my brain cells and get some IQ points back.

Sorry but I didn't like Bliss before and I don't like Bliss after reading her book...

I can't wait for Penni&Jackal! :)

Until You Have Walked In Someone's Shoes...Don't Judge! All of you haters will be surprised at how much you will come to like Bliss. She isn't a bad person, just looking for the concept of "love" in the wrong places. I actually like Bliss, everyone can understand liking a guy and having him not return your feelings. We have all had pain in our lives...so don't judge until you get the whole story!

And might I mention that it was "THE CLUB" who decided that Razer would have his hands in Bliss' pants to make Beth leave...yea, she has been naughty many a times, but she also was hesitant to show Winter her tattoo (remember), and she didn't participate in the "Lucky Goodbye Orgy" because she liked Willa too much!

SHE ISN'T AS BAD AS SOME OF THE HATERS PORTRAY! #TeamBliss

Her story is amazing...Full review to come. #ChristmasMiraclesDoHappen

I started reading.. Then my stars slowly dwindled.

4 stars: bliss your personality even if you don't exist still sucks! And you need to get over shade.

3 stars: your selfish, rude and you seriously need to get over shade.

2 stars: you treat everyone who cares for you like shit! Unless their a biker with a pecker!

1 star: because I'm kind :) and... Because you finally got over shade

Review in Portuguese and English

-----

O fato mais importante do livro é que ficamos sabendo que os membros do clube tem pinto pequeno. Bliss que é conhecida como vagina ambulante ficou espantada com o tamanho do pinto do Drake.

A autora tentou angariar a simpatia do leitor para com a heroína. Ela nos apresenta Bliss como uma pessoa sofredora e cheia de traumas. Criada em um ambiente horrível e estuprada a idade de 15 anos para servir de club whore em outro clube. Após ser resgatada pelos membros dos Last Riders ela busca agradar a todos membros com sexo para angariar amor e proteção. Ela atribui a atitude horrível dela por sentir ciúmes dos membros do clube que estavam arrumando mulheres fora do clube.

Nosso herói é apaixonado por Blis e eu achei a história deles sem muita atribulações. Nada de outras mulheres interferindo e a fazendo sentir insegura ou ciumenta. No final ela concretizou todos desejos dela e tudo ficou numa boa.

-----

The most important fact of the book is that we learned that the members of the Club have little dick. Bliss which is known as a walking vagina was amazed with the size of the Drake's dick.

The author tried to garner sympathy from the reader to the heroine. She presents us with Bliss as a suffering person and full of issues. Created in a horrible environment and raped at the age of 15 years to serve as club whore in another Club. After being rescued by members of the Last Riders she seeks to please all members with sex to raise love and protection. She assigns her terrible attitude to feel jealous of the Club members who were arranging women outside the Club.

Our hero is in love with Blis and I found their story without a lot of tribulations. No other women interfering and making her feel insecure or jealous. In the end she realized all her wishes and everything was fine.

She's not a "biker bitch" she is a "club whore". Is what I have to say!

Club whore turned heroine... PASS!!

## Sabrina says

I hate hate **hate** when an author will make a character a bad person in a book and then turn around and give them their own story where we're supposed to like them. I am usually so adamant about refusing to read them and never giving said character a chance. So when Jamie Begley announced the Bliss was going to get a book I was really conflicted on whether or not to read it. I hated her for what she did in the previous books and for always being so evil to the girl of the The Last Riders. But also JB is one of my favorite authors and if anyone can change my mind about a character, it's her.

Long story short, I gave the book a try and I was pleasantly surprised with it. I went in expecting to hate Bliss and hoping that Drake would be an amazing enough Hero to make the book bearable. What I got were two characters that I couldn't help but love. Bliss did make a lot of mistakes in the other books but when we got her story and realized how much she was hurting when I felt for her. I can't say I forgave her for what she did, because I didn't, but getting an understanding of *why* she did it, made me feel a lot better about the situation. I don't want to say what her story is, you'll just have to read for yourself and find out, but I can say that I think a lot of people that were once against her will end up changing their mind like I did.

I loved her and Drake together and he was the perfect person to finally rein in Bliss. He's wanted her before she was kicked out of The Last Riders and now that she's no longer a member he finally gets his opportunity to approach her. He didn't just want a one night stand like she's used to, he wanted a commitment and for Bliss to give him a shot at being her one and only.

Overall, I know many people are against this story, like I was, but I think that it's a book worth given a shot and that many people will be surprised with it. Bliss' past isn't a pleasant one but it does show us her perspective from when she made those mistakes and it made me think differently about them like I think it will many people.
