The Takeover Teyla Branton

Takeover—One Last Chance for Humanity

Since the announcement of Unbounded existence, the mortal world has quickly polarized. One faction wants all Unbounded—Renegade and Emporium—dead. Others worship them as gods who have come to save the world and bring it immortality. The tension between these groups is ready to explode.

Meanwhile, the Emporium has a new player, one who has upped the stakes in the battle for humanity. Many innocent mortals are sacrificed as the Emporium Triad grabs for control.

As Erin Radkey, Ritter Langton, and their Renegade allies struggle to stay one step ahead of the enemy, their increasing abilities are tested to the limit—as is their trust in each other. They have only one chance to change the game, to save humanity. A desperate plan that requires an ultimate price no one can bear to pay.

But everything is not always what it seems, especially in the world of the Unbounded.

“*The Takeover* amazingly pulls in threads from all the previous novels for a richly satisfying series conclusion. From Jace’s parentage and Stella’s baby, to Keene’s ability and Cort’s past, it all comes together. The *Unbounded* series is one that will always stand out in my mind.” Jody Babcock

Note from the author:

Thank you so much for going on this journey with me. *The Takeover* is the final installment in the *Unbounded* series—at least for this generation. (There eventually may be a few more spin-off novellas.) But I have other series in the works, and I hope to see you again in their pages. Enjoy!

Kathy says

Sorry this series comes to an end. I counted the Renegades among my friends.

Elusive says

I can't believe it's over this is truly the last book of Erin and Ritter and all the other unbounded. I loved this series it was really something else. This final installment was so freaking awesome I just loved it. I really liked the ending and feel that it was a real well written one. Nothing in this book was rushed or left unanswered. I truly feel that I got to read a great ending to a great Series. Thank you Teyla Branton for an amazing ending to your awesome Unbounded series. I will be keeping an eye out for your future books. You really got to see how much Erin had grown through out the series in this final book. I loved how we got to see all the awesome renegades battle it out one last time. Also a few surprises that I really liked and thought made this book even more interesting.

Debi says

Great end to a good series

Allie Rashkow says

And that's a wrap!

Fantastic conclusion to a series that held my rapt attention from start to finish. I loved how everything wrapped up. The way we got a look into the future, no matter how brief. I'll miss the world of the Unbounded but loved the journey!

Stephanie says

Loved it! The action gets intense! I wasn't happy about Cort's death. But the writing was very well done and I hope that she writes more novellas, especially one about Cort. If not, she still ended it well. This series has by far been one of my favorites.

iDreem2 says

4.25 overall stars

Couple(s) 4.0 ????

Plot 4.0 ????
Story 4.25 ?????
Sex 4.0 ????
Series 4.25 ????? (I would love to see the next generation)

T.N says

When I first picked up this series, my first thought was meh. The premise was what I liked the most, immortality without the fangs and the blood, almost like Highlander; a show I grew to love when it was in television. The main character, Erin, grows up over the course of the five book series and I even began to feel that the writer got a better feel for her as the series progressed. I grew to love the whole cast of characters and I was sad when it ended and boy, did it end with a bang!

Julie says

Review to come!

April says

Great finale to a great series! Loved how she kept up the intensity like she did in the other books. No rushing ending here and that's good when so many are just thrown together. I loved all the surprises and the way the ending came about. Lots of things had to come together and just go with it. Needed more love scenes but other than that great book and fun quick read!

Tracie Curtis says

I really struggled to get into this book, it felt like nothing was happening just talking about doing stuff, then all of a sudden there's a battle and it's finished.

Teya Peck says

Intense almost from start to finish. Although there has to be at some point in time a next generation with the little peak at the end. Other than that she did not disappoint. Well worth the wait.

Kristin says

good series

April Taylor says

Fantastic. Amazing ending to a brilliant series. I am only sad that there will be no more.

Rebecca says

I finished this book several days ago and forgot to review it. In many ways I am sorry to see this series end but am very happy that an author knows when something is done without regurgitating it to the point of idiocy when the story was well and truly over several books ago. Very well written, kept the fast pace and tension throughout each book and through the series. Well worth the time invested in the characters lives and explored a concept akin to all the bigotry we experience in our world today. Well Done!

Brandon Jolley says

Great ending to a fabulous series!

I was excited to finish this series. Teyla does a beautiful job ending the Emporium's reign and rule. You won't be disappointed with all the twists and turns that fill book 5. Now I'm excited to read the other side stories in the Unbounded Series! Thanks Teyla for creating such a fun and adventurous series!
