To the Limit Virginia Kelly

A desperate woman...

Since scandal rocked her life, Mary Beth Williams has only trusted one person: her brother. Now he's been kidnapped by narcoterrorists in a remote part of San Mateo. With only ten days to ransom him, she seeks out ex-soldier turned diplomat/negotiator, Nicholas Romero, the only man who can help.

An old score...

The last thing Nick needs is a distraction from settling a score with the powerful general responsible for killing his cousin. But when he learns that Mary Beth might provide him a way to achieve his goal, he agrees to help. It isn't until they're deep in the San Matean jungle, pursued by the general's forces, that Nick realizes what a mistake he's made. Because the beautiful American tempts him with passion and a future he cannot claim.

A secret buried in the past...

Fighting distrust and desire, Nick and Mary Beth work to uncover a dangerous truth. But Nick didn't count on exposing his own secret...one that could cost both their hearts and their lives.

From Reader Review To the Limit for online ebook

Book Him Danno says

This is the first in the series and by Virginia Kelly I have read. I really enjoyed this book from beginning to end. The story is well paced. The characters are completely flushed out and readers are able to enjoy will they won't they. To the Limit is pack full of suspense, adventure, romance and one feisty female who women will love.

Thank you to Netgelley and the publisher for the To The Limit by Virginia Kelly

Susan Underbrink says

A big thank you to NetGalley for the ARC. I am voluntarily reviewing this book. First time reading this author. I enjoyed this book. Full of surprises and intrigue. What a good story. I had no idea it is number 3 in a series, so obviously it reads well as a stand alone. I rate it a 4. Let me know what you think.

Silver James says

To the Limit by Virginia Kelly has a great premise, along the lines of the movie PROOF OF LIFE. When told that her brother has been kidnapped by terrorists in the South American country of San Mateo, librarian Mary Beth Williams flies to the rescue. Her plan is to contact Nicholas Romero, a renowned negotiator and expert in international relations, and native San Matean.

The plot thickens and the quest for truth becomes the lynch pin of the story. The romance was first class and the action was pretty darn good, too. This was a fun read and I'm hoping for more books from Ms. Kelly.
