The Mermaid Bride

Lidiya Foxglove

The Mermaid Bride Lidiya Foxglove

I was never a conventional sort of mermaid. I've been a scavenger and a thief. The surface world has always called to me, and now I'm not the thief, but the prize; my memories lost, my tail turned to legs. In this strange new land, my protector is none other than Prince Wrindel of the high elves. They say Wrindel is a playboy, but he feels so familiar to me. He says he is saving me from a witch, but he can't tell me anything more. Is he my savior...or did he steal me from the sea?

When I am in his arms, I hardly care. Every sensation of my newborn body is like nothing I've felt before, and the more he shows me of his world, the more I never want to return to the ocean. I just can't shake the nagging feeling that I left something—or someone behind. How did I get here? Who is this witch? And if she is my enemy, why did she deliver me into the arms of a handsome prince?

I'm not the first mermaid to live at the Palace of Waterfalls. The pools and fountains of this famous palace of water hold dark secrets, and if I don't unlock them, we might never find happiness. But unlocking the secrets might also mean giving up my newfound legs, and I will have to choose between losing the man I love or being his willing captive...

The Mermaid Bride is a standalone fairy tale combining elements of The Little Mermaid and the mermaid/selkie bride tales of Ireland, for those who like an unabashedly adorable happily ever after with a side of **serious steaminess!**

FAIRY TALE HEAT

From Reader Review The Mermaid Bride for online ebook

Aundrea says

Another winner in this series. I enjoyed this one almost as much as the Goblin Cinderella. It was actually a continuation of the previous book. While I think every story could be read as a stand alone, I would highly recommend reading The Goblin Cinderella before this one.

That said, there are spoilers for Beauty and the Goblin King (Book 1) in The Goblin Cinderella. If you intend to read that one, I would read it first.

Also, there was a brief mention of the Revels from book 2 in this book, but nothing that would spoil you if you read it out of order.

DKC says

We all know the story, whichever is your "ur" version -- be it Andersen or Disney. But here, Foxglove did such a great job in bringing home the deep dilemma of such a relationship.

I have not found one of her Fairy-Tale Heat books that I dislike so far. I only have 3 left to go. Honestly, I can say this about so few authors, even ones that I enjoy! She is just a master of turning concepts on their head, changing perceptions, and wrapping things up in a plausible and *meaningful* HEA. With sexiness! I'm in awe.

It's a great rendering of the "fish out of water" (lol) concept, and while I felt there should've been more development of Wrindel's character, it was still so enjoyable to see he and Talwyn work out their story. Foxglove even manages to make one feel empathy for Rusa, which is saying something.

I loved that (view spoiler) Nicely done!

Foxglove always gives her characters heart, and it's because of that the stories mean so much more than simply cheap erotic thrills. She gives the reader a real story to delve into, and for that, she has my appreciation.

Frances says

Hooked since book 1!!

So Kindle recommended Lidiya's book one based on all the stuff that I like to read. I mostly tend to read fiction Romance paranormal and also retelling of fairy tales. I read the god Beauty and the Goblin King and fell in love. Each book was a new addiction a new addiction a new addiction. I just needed to read the next one. When I got to the mermaid bride, I was very excited due to the fact that the little mermaid is one of my biggest fairy tales favorite. Even though the goblin Cinderella left me more in tears, the mermaid bride was everything that I expected and more of a retelling. It's not the same as Disney or the original Mermaid Little Mermaid but I just love the sense of scenery the fairies the elve, the attention to detail

Cindy says

Loved it

I really enjoy this version of the mermaid. Love that each story intertwines with prev books . Love her books

Laura says

3.5

Another little smutty fairy tale adaption this time its the little mermaid and the Casanova elf, this has to be one of my faves so far along with a few others, a quick easy read

Kristen says

Good but.....

Lacking on the development of characters. I do agree with some of the other posts that this one didn't develop the characters as well. But it was otherwise a great story and I look forward to the next one.

Lindsey Walker says

True love

Actually reading the other Prince story and who he fell in love with.
It was a good read.
I really want to know what happens after happy ever after.

Dharia Scarab says

Fun and sexy reimagined fairytales in an interconnected universe.

Since I don't normally write reviews unless I have something specific to say, here's the break down of how I rate my books...

1 star... This book was bad, so bad I may have given up and skipped to the end. I will avoid this author like the plague in the future.

2 stars... This book was not very good, and I won't be reading any more from the author.

3 stars... This book was ok, but I won't go out of my way to read more, But if I find another book by the author for under a dollar I'd pick it up.

4 stars... I really enjoyed this book and will definitely be on the look out to pick up more from the series/author.

5 stars... I loved this book! It has earned a permanent home in my collection and I'll be picking up the rest of the series and other books from the author ASAP.

Heather Neary-Willis says

Mermaid retelling with a twist

I liked this book because it's a classic but with a sexier twist. The main character falls in love with the elf prince and in doing so calls the attention of a met-witch who wants revenge on the prince's family. The witch lies and tells the prince his mermaid had hit her head and lost her memories. The prince takes his love in and decides he will marry her. But of course without her memories she can't fully trust him. The story ends in a happy ending and the tale falls together nicely.

Tanya M Spiegel says

Enjoyed

I liked the twist on the mermaids story. As well as the addition of a very happy ending. Perfect way to end it.

Airwreckah says

Not as fun as the goblin beast one
