The Beautiful Renée Ahdieh

New York Times bestselling author Renée Ahdieh returns with a sumptuous, sultry and romantic new series set in 19th century New Orleans where vampires hide in plain sight.

In 1872, New Orleans is a city ruled by the dead. But to seventeen-year-old Celine Rousseau, New Orleans provides her a refuge after she's forced to flee her life as a dressmaker in Paris. Taken in by the sisters of the Ursuline convent along with six other girls, Celine quickly becomes enamored with the vibrant city from the music to the food to the soirées and—especially—to the danger. She soon becomes embroiled in the city's glitzy underworld, known as Le Cour des Lions, after catching the eye of the group's leader, the enigmatic Sébastien Saint Germain. When the body of one of the girls from the convent is found in the lair of Le Cour des Lions, Celine battles her attraction to him and suspicions about Sébastien's guilt along with the shame of her own horrible secret.

When more bodies are discovered, each crime more gruesome than the last, Celine and New Orleans become gripped by the terror of a serial killer on the loose—one Celine is sure has set her in his sights . . . and who may even be the young man who has stolen her heart. As the murders continue to go unsolved, Celine takes matters into her own hands and soon uncovers something even more shocking: an age-old feud from the darkest creatures of the underworld reveals a truth about Celine she always suspected simmered just beneath the surface.

At once a sultry romance and a thrilling murder mystery, master storyteller Renée Ahdieh embarks on her most potent fantasy series yet: *The Beautiful*.

HI OMG THE NEWS IS OUT AND YOU GUYS ARE NOT READY FOR THIS. I had the extraordinary privilege to read this story in draft & it's intoxicating. THE BEAUTIFUL has that decadent, slow-moving horror that feels like a dream slipping to nightmare. It's like walking alone down a twilight street and feeling the snap of a branch behind you and that acidic heart-in-your-throat rush of knowing that you're being followed. Stalked.

Maggie ? (Reader-in-Wonderland) says

So the cover is AWESOME! The Twilight puns had been removed from the final synopsis, which is a good thing, as I know (hope) this book will slay entirely on its own regardless! If this book will be anything at all like the Originals, I'm going to be one happy reader! Bring on the dark and murder-y vampires!

Unpopular Opinion Time: I think indirectly making fun of Twilight in the synopsis of this new vampire book is just too conventional and unprofessional from whoever wrote this annotation (probs not the author). And although I am not a fan of Twilight, I'm not here for it, it's been done too many times for it to be even remotely funny now.

At once a sultry romance and a thrilling murder mystery, master storyteller Renée Ahdieh embarks on her most potent fantasy series yet: The Beautiful. And these vampires don't sparkle. They slay.

On a side not, even though the title is kinda ??? , I'm still really interested in this book as I really enjoyed the author's Wrath and the Dawn duology, and hoping for some The Originals vibes!

I read this book as Renee wrote it, which meant that she sent me sections of it, I read them and then got really upset because I didn't have more, and then pestered and bothered her until she gave me the rest. I finished it recently and it is FANTASTIC. An incredibly ornate, lush New Orleans; characters who imprint themselves on your memory forever; a story that is nail-biting and swoony and satisfying and tense ALL AT THE SAME TIME. And of course...VAMPIRES.

This is a one of a kind book, by a singularly original author. Add it to your TBR because you won't want to miss it.

Three things:

1. My sister was almost named Celine LOL.
2. Um, we all dam know the love interest *isn't* going to be the serial killer. But if he is...literally kinda lame but also a plot twist we wouldn't see coming but IDK this *is* YA lmao.
