## From Reader Review Dream Groom for online ebook

### Char (1RadReader59) says

This book was a must read!!! It had me from the start & held me til the end with the good tears that make you feel good but look ugly. Lol! Enjoy!!!

---

### Tawnya says

Cassie was so intent on having roots in her life she didn't realize she was settling for a less than stellar guy. When she walked into Ryan's house to help him with his niece her eyes were opened and her plans changed. Settling was no longer in the cards.

---

### Cheri says

The saga continues with little sister Cassie.

---

### Dee says

Two-haiku review:

He inherits niece  
No clue how to care for her  
Teacher comes to help

Another sweet one  
Liked both characters a lot  
Seemed just a bit short

---

### Reader says

Cass is a teacher to Sasha but once her parents die she becomes the nanny to the little girl who her Uncle Ryan is in charge of. Ryan has no time to take care of a child and has no clue as to really what to do with children. But when Cass comes into his life well she starts to change that. Love this book such a delight to read. Could read it again.

---

### Michelle says

Oh, my gosh, I loved this book! The magic nightgown, Cassie trying to fit into her family, Ryan learning to care for a toddler. I loved both Cassie and Ryan. She was strong without being aggressive, he was clueless

---

about how to love, but falling in love with Cassie a little more every day. This book falls into the category of "I got nothing else accomplished today because I want to see what happens to these people" books.

---

### **Mae says**

This books was really good, couldn't put it down, even when I was in class.

Rule number one when it comes to love never settle. Its a good thing that Cassie Bradley Wright learned before she married her high school boyfriend. Thank goodness Ryan Lawford invoking the passion in her stale love life

---
