### **Clover says**

good story. but too short.

### **Shanna says**

I was really enjoying this book and then it ended. I don't really understand what happened as it was just abruptly over. Up until that point things were going well and if things had actually finished I might have enjoyed the book a little more.

### **Lexi Ander says**

What an abrupt stop! It gives you that "oh, sh\*t" moment and then leaves you there. You are either going to like or not. For me it added something different and out of the ordinary. The chemistry between the MCs was smoking, the murder mystery was descent. I hope that I get to see more of these two. This definitely left me wanting more from this author if she continues to think outside of the box.

### **Mandi says**

Another interesting short story with an abrupt ending. I think I would of enjoyed this a lot more if it was a longer novel.

---

### **Serena Yates says**

This is a pretty good murder mystery. Okay, so I may not be the best judge of that, since I don't read that many, but I liked the characters and the story was interesting. The ending completely threw me, it was a total surprise. Maybe it shouldn't have been? I guess you're going to have to read it for yourself to find out...

### **C. Zampa says**

A cool, sexy quick read with a serial killer, a hot cop named Martin, and Roth--a sizzling, cute 'twink' vampire. Love those stories where you think you've got the killer pegged. But you don't. And, as I love vampire stories, I have to say Roth is the cutest, off-the-beaten-path vamp I've come across in a long time.
