The Fix

Anne Tenino

The Fix Anne Tenino

Confident almost to the point of arrogance, Jurgen never worried about his boyfriend leaving him until he overheard Nik telling his best friend he wants to move out of town. That's when the macho cop realizes that maybe asking Nik to move back to tiny Whitetail Rock—where he was tormented when he was younger for being gay and looking different wasn't Jurgen's most brilliant idea. Now he's on a mission to find a way to fix things so Nik will stay. Which should be no problem because he's good at fixing stuff, right?

Nik isn't sure what he was thinking, moving back to his hometown after graduating with his MFA. Jobs in his field are non-existent and reminders of some of the worst times in his life are abundant. But Jurgen lives in Whitetail Rock, and Nik is willing to put up with a hell of a lot to be with him. Except maybe Jurgen's own efforts to "fix" something that's not broken...

Beth doesn't write enough reviews says

A sweet & silly FREE short giving us more time with Jurgen & Nik. They are perfect together.

There is also more interaction with Miller and we meet Jugen's cousin Ian that has his own story in Too Stupid to Live.

I do wonder though, about Jurgen. Is his name pronounced 'JER-gen' or 'YUR-gen'? I admit I slipped back & forth between pronunciation and am probably wrong about both.

I hope Anne Tenino plans to give Miller his own book soon.

Jennifer?Pher? says

Cute follow up!

Read.

Mandy*reads obsessively* says

3.5*

In this sequel to Whitetail Rock, Jurgen sure lives up to the nick name Nik gives him! Lol I didn't like what Jurgen did, but I guess he meant well, and lets hope he learns his lesson. I'm looking forward to the third installment.

Julio Genao says

Love you, baby—but your boyfriend needs to die.

So here's a solid three-star review of story that made me want to find the nicest little old lady in the Bronx, secure her to a chair, and slowly and methodically strip her of all human dignity until she lost the will to live and begged for me to end her suffering by means of the gift of sweet oblivion.

At this point in my vengeful fantasy I will refuse to put away my chosen implement of torture—instead raising it higher so that it is fully illuminated by the interrogation lamp swinging ominously above us. I will stroke it lovingly, for effect, but also for shits and giggles.

And then I will continue to chapter two.

Jurgen Droolinonhim is *so* my cuppa that I have actually developed a profound antipathy for his boyfriend, Nik, who is too busy being insufficiently grateful for the wondrous gift of Delicious Aryan Gimmewurst.

He is so unworthy, so *clearly* inferior to nearly any other candidate for the job of Numba 1 Lovvah—the only sensible Solution to this terrible oversight is quite Final.

Nik's selection to the office of Jurgencockwarmerschmidt is a horrendous error. I hereby nominate myself for the position, being quite willing to lick the man's sweat, suckle his wobbly bits, and contort my skilled and enthusiastic orifices in enticing arrangements to best serve his needs.

But first, Nik must die.

Preferably by having to read a transcript of his extraordinarily perverse and wicked thinking as he prepares to pretend, again, like a fucking *meathead*, that he needs his Jurgen only a fraction as much as Jurgen needs him.

Because, you know, it's absolutely vital that he be as willfully opaque about his real feelings as possible, preferably in such a manner as to inflict minor wounds upon my beloved Jurgen's sweet, sweet heart.

Man—*fuck* that guy! He's such a pain in the ass.

I'd totally treat Jurgen right.

Even if his name still sounds like the noise you make when a man shoves his cock all the way down your throat without regard for your quite sudden and comprehensive inability to breathe.

So: Jurgen, rated a quintillion stars, obviously.

Tenino's writing is great, as usual, and worth another couple hundred million stars.

The character that used to be Nik has now ascended to a higher plane and taken on a physical form that more accurately articulates his true self: a fucktard mope-walla sk8ter attempting a gnarly jump but missing horribly, thus smashing his balls on a handy railing, while his skateboard goes spinning off into the road to be crushed to splinters, just like everything else Nik is permitted to touch for any length of time whatsoever.

So, Nik: negative everything stars.

Negative all the stars.

I do apologize, but we are fresh out of stars.

Are those stars in your pocket? I am afraid I will need to confiscate them.

No more stars for you.

No more stars for anyone. Ever.

Nik single-handedly ruined a perfectly good story...

...except he doesn't, because out of nowhere Jurgen mumbles, dazedly, "I thought you wanted to leave me..."

Whereupon all my inside-parts suffer cascading squeepllosion trauma, which immediately causes this book's rating to roar all the way back out from the depths of the abyss of STFU to the glorious heights whence five stars hail, I cannot love you more, we should totally make out, etc.

...until Nik *expertly* kills the good feelz by opening his assuming, misinterpreting, categorically fuckwitted mouth to utter something *appalling*, which was *kinda* funny, but mostly NO, FUCK YOU AND DIE, HOOR, because you talk too much and love to pretend like you are the only person in the hemisphere who is miserable, because *then* that allows y...

...I am arguing with a fictional character.

Fuck.

This is what he does to me. I am having a heated disagreement with *words*.

It's time to bring this POS review home so I can taxidermy the shit out of it and hang its head over my fireplace.

Nik. Nikhil, Nikhil, *Nikhil*: again, about to sink the whole review into the rageface abyss—but, it turns out, the previous explosive ovarian crisis was so damned good and sweet and nicely written that the subsequent Nikki Iniquity Penalty only worked out to a single star.

And *that*, colleagues, is how a 27-page story that took me six days to read and made me want to torture little old ladies with selected passages belonging to its heinous and antipathetic MC was *still* delightful enough to make me write a review and send it out onto the intertoobz with my 3 stars trailing behind it like a parade of ducklings waddling cheerfully off into the sunset.

Love you, Jurgen.

Love you so hard.

Sara says

These two are too sweet and swoony and of course I loved it. What a great follow up to see what Nik and Jurgen are up to. I love their relationship; even when it's reversed and hello Ian! It's time for your story my dear. Loved the end as well. It's a bit of "Good night, Gracie" with their last words. Le Sigh.

Cole Riann says

I think I liked this one better than the first story. A little more relationship interaction and the writing in sex scenes was done very well. It was nice to see the POV from Jurgen.

Heather K (dentist in my spare time) says

This was a very enjoyable short that follows up what happens with Jurgen and Nik. It was sweet and sexy with just the right amount of spice. I love these quick and easy free reads!

Jen says

[HOT. LIKE. FIYAH (hide spoiler)]

Heller says

Continuing the story of Nik and Jurgen. A bit of miscommunication and a bump in the road.

Ingie says

4 Stars - nice to have a brief meeting with this cute lovebirds again

This is the second free shortie about Nik & Jurgen (see Whitetail Rock). A year has gone by, they live together and their lives generally works fine. Then sometimes that ugly feeling of uncertainty pops up; What did he *mean* when he said that? His best buddie, is he *something more* than just a friend? ~ Oh no guys, please talk to each other!

In just 27 pages we get to meet these two lovely guys one single night. A night that starts a little foolish and not so good but ends nice and very hot. Maybe even the best ever...

Read and have fun with these wonderful stories - these guys are worth it.

I LIKE - sweet and hot!

~~~~~

*If you want to read it it's for free here: <http://annetenino.com/books-2/whiteta...>  
...but read the novella first, Whitetail Rock.*

## Sandra says

[even at the end, Nik agreed to *buy a freaken house* to make Jurgen happy... NOT a good reason! (hide spoiler)]

---

## **Mandapanda says**

This is a sequel to the excellent Whitetail Rock. Jurgen is feeling a little insecure since he heard Nik confide in Sam that he wished he'd never moved back to Whitetail Rock. So he plans to fix the problem starting with some of the bullies that tormented Nik when he was growing up.

I loved this story. Great to get Jurgen's POV for a change. God Jurgen is SO SEXY! And so dumb! lol. Lucky Nikky understands him. I re-read Whitetail Rock before reading this freebie and it really added to my enjoyment. Can't wait till Sam's book comes out. His leading man, Ian, is introduced in 'The Fix'. It's going to be good seeing him take the fall!!!

## **Bev says**

### **Hot and steamy 4.5 star short read from Anne Tenino, and another freebie on her website**

A short and sweet follow-up to 'Whitetail Rock' featuring that hot cop Jurgen and Nik.

Another short and sweet review - another winner, and another keeper.

---

## **Katharina says**

3.5 rounded up

The short sequel to Whitetail Rock and part of my spontaneous Anne Tenino marathon night - boy, what a great night that was :-D

We meet Nik and Jurgen again living together in Whitetail Rock, Jurgen's place of work and Nik's hometown. Whitetail Rock is a small town and very white - and being an adopted, gay, Indian guy there was never easy for Nik, not as a kid, and not even now as an adult. So Jurgen is afraid that Nik won't stay for much longer - and what the hell is he supposed to do about that? He just knows he has to fix this, to right this again, because a life without Nik? That's just not conceivable.

Unfortunately, Nik has his own ideas about whether or not something needs to be fixed and he really doesn't agree with Jurgen's way of dealing with it - whatever the 'it' is, Jurgen thinks he has to deal with. Men's minds can be confusing places and those two really need to work on their communication and soon.

I'm not sure whether I want to hug Jurgen or to make him stand in the corner as punishment in this one. He's cute in his insecurity, but he's also a pretty big dumbass. I loved to hear about the both of them, though, Jurgen and Nik are great and Anne always makes me laugh. If you've read Whitetail Rock, read this one, too!!

---

**Kelly H. (Maybedog) says**

The story was average but the love between these two guys just warms my heart. It was nice seeing Jurgen insecure for once and Nik being all mature and easy-going. The plot was weak but the amazing sex scene at the end more than made up for it. Ms. Tenino, please write more about these two!

4.5 stars rounded up because of that amazing scene.
