I loved this prequel to the Big Sky Centennial Series. It was a great introduction to the characters in the series. I hope I will see more of Tony and Annette in future books in the series

2.5 Stars

Cute, quick read. I know this is a prequel to the series but I would've loved Tony and Annette's full story. I'm a sucker for lost love stories. My biggest complaint would have to be that it just ended. They decided they were going to spend the rest of their lives together and who cares what anyone else thinks. There wasn't even a kiss in the whole novella. Felt kind of jipped. Didn't hold my attention enough to want to read the rest of this series.

A cute short(86 pages)story. My daughter gave this to me since she rarely reads and then mostly fantasy, paranormal... I'd already had planned to read at least some of the series, but didn't know this was even available (I learned of the series and some of the books through a store leaflet).

This was a rather different way of re-introducing a couple whose "love" went wrong. I loved that a dog...a pregnant one, at that...brought them together again. I hope that Tony and Annette will appear in other books of the series. The ending was a little abrupt, as was pointed out by others and I'd really like to know the end of their story. Other than that little thing, I found it enjoyable enough to want to read more in the series.

This is a short novella, introducing this series. I really enjoyed it!

Two people who knew each other in High School reunite in this small town setting. The part about the dogs and puppies is a really cute addition to the story!

Montana Reunion

I have read Valerie Hansen's books for quite some time and expect a good book each time. She has delivered once again. Very good book!

Katrina Epperson says

Valarie Hansen brings us a contemporary romance interlaced with humor. This is a quick read that anyone is sure to love. It's about second chances and forgiveness. We are introduced to Tony Valdez who left Jasper Gulch, Montana under a cloud of suspicion when he was a teen and has returned to fill in for a local vet. Annette Lakey is a hometown girl and the owner/operator of the local beauty parlor. While in high school she and Tony were an item, but with his bad boy reputation her parents were not pleased. When he left without a goodbye Annette's heart was broken and she plans to never forgive him. Suddenly one afternoon during a freezing rain storm she takes in a dog who is starving a freezing too death, but she didn't expect Tony to show up out of the blue to answer the vet call.

This is an enjoyable read I would recommend to anyone.
