## Then We Kissed

*Juliet Spenser*

### **Then We Kissed** Juliet Spenser

*USA Today* bestselling author Juliet Spenser brings you another contemporary romance set in the small town of Bliss Harbor, where love and laughter are just around the corner...

*He stole her heart, and she stole his...clothes?*

When curvy, no-nonsense bakery owner Charlotte Heatley wakes up with regrets over a fun, drunken night with US Army Captain Bradley Ryder, all she wants is to avoid him and deliver a cake to her client's wedding reception. But when a mixup puts the cake and reception in danger, Charlotte has to act quickly. It's not long before she realizes that sometimes you have to get everything wrong before you can get the most important things right, especially when it comes to love and cake.

This small town contemporary romance novelette is 14,500 words or about 50 pages.

Please note: this was originally published in the multi-author anthology, LOL Volume #2.

## From Reader Review Then We Kissed for online ebook

### **Kristi Simonsen says**

I loved this book as much as Kiss Me Again, although this one tops it just because I love Brad's character and the whole wedding cake smash scene is priceless! I was actually laughing out loud at that! Definitely recommend for a good, quick read :)

---

### **Shay says**

A cute very short romance about a baker and a soldier. I liked the story but wish it was longer because the characters were sweet and funny.

---

### **Anna's Herding Cats says**

Oh my gosh. What a week Charlotte has had! Waking up hungover and naked in the woods with her crush and cake destruction on top of it? Kill her. Kill her now.

Charlotte and Brad were cute. He took baking classes from her then deployed. Telling her not to write him while he was away and basically crushing her heart in the process. But now he's back and dammit he's still hot and all kinds of sexy and gets her motors going. They were both a bit of a disaster on the communication front but they were cute together. He's so dang sweet and poor girl is just having a time of it. I enjoyed the little bit of time with them as they figured things out. It does stay fade to black.

---

### **Christine B says**

I read Then we kissed as part of LOL vol#2. The story was upbeat and sweet. It was a quick read and I would recommend it.

---

### **Sandra says**

Short & sweet romance novella. With cake! I so want to eat that cake.

---

### **A.M. says**

Charlotte Heatley owns a bakery called Hot Cakes and she runs baking classes. She met US Army Captain Bradley Ryder at one of the classes and then he'd stay afterwards, chat and help her clean up. Months later after too many tequilas with a friend, she wrote him a love letter and posted it. She didn't get a reply. So nine months later when she sees him in the local bar (back from a tour of duty) she tequilas up again...

---

This time, she wakes up naked near a creek... with **him**.

She steals his clothes and hurries away. Her clothes ended up in the stream and are probably in the harbor by now and she has some final prep to do on Winnie and Brian's wedding cake.

The reception is almost ruined by a rival baker Leslie destroying her cake and declaring she is a home-wrecker. All Charlotte can think is Brad must have been dating her, but she can't remember what happened the night before.

Part of a boxed set 'Blissful kisses'.

\*\*\*

This one didn't work as well for me. I don't feel the love. Maybe it's the blackout? She doesn't know what happened and thus neither do the readers.

Charlotte is very down on herself; she says she's clumsy, plain, passionless, fat, etcetera. Brad loves her curves but she doesn't believe him.

### **Allyson ?? says**

Not 100% sure how I feel like this one...

It was a little crazy. Little funny. Little fast.

---

### **Leslie Reed says**

**Sweet**

Very sweet short story about Brad who comes back from deployment. Charlotte loves him but isn't sure where they stand. It's up to Brad to let her know.

---

### **Debra says**

Charlotte is a local bakery owner who does wedding cakes for a living. Living near a military base can be hard since the one night she gave herself to Captian Bradley Ryder right before he deployed. She wrote to him but in all the time he was gone she never recieved a reply. Now he is back and all she wants to do is stay away from him. But fate and a wedding reception get in the way. This was a fast sweet read. Looking forward to reading more by Juliet Spenser.

### **Emma McQuat says**

:)

---

### **Paige says**

I have a rather hearty dislike for shorter stories, it takes me a while to warm up to characters. This one took me by surprise in the best way possible. I cannot wait to read more by Ms. Spenser and I will be tracking down every single book and reading them voraciously.

---

### **Kaitlyn says**

This was a funny short story. There was a lot of depth and great moments in it.

---

### **Peni says**

Wonderfully funny short story. Totally enjoyed.

3.5 stars

Then We Kissed is the final book in the Blissful Kisses short story collection. This is probably the most ridiculous story in the collection, but that is not a bad thing. Charlotte just tries to run from everything, but luckily Bradley won't let her get too far.

Charlotte and Bradley first met before he was deployed when he came to a cooking class Charlotte was teaching. She thought they had a connection, he would always stay after and help her clean up and chat and whatnot, but then he left without even trying to stay in contact. She did send him a drunken letter telling him she loved him and she heard nothing back.

Now Bradley has returned and Charlotte in a drunken night she doesn't remember ended up sleeping with him. She is fuzzy on the details, but also embarrassed. She was fun even if she jumps to conclusions and won't hear Bradley out. They have some things to work through, but they can get there. A fun, cute short story.

I LOVED this short story! It's a super short story about an Army officer and baker who find love. I really enjoyed the author's writing style and IMO she did a really job with the creation of her characters. This is actually the third short story that I've read by this author; the other two were also books in her Bliss Harbor

series. Of the three, however, this one is my favorite.

Charlotte and Bradley met when he took baking classes from her. The two became friends, and eventually Charlotte fell in love with Brad; a fact that she never shared with Bradley. However, when Bradley received orders of deployment, he broke Charlotte's heart when he rejected her offer to keep in touch while he was away. Now nine months later, Brad is back, and Charlotte is determined to avoid him at all costs. But fate has something else in mind for the couple, and the two end up sharing a drunken night of passion. Actually when the story begins, Charlotte is just waking up from their night together. LOL From there the story quickly progresses to the HEA.

This story was particularly sweet, I thought. I was especially touched by Bradley's vulnerability. When I discovered why he rejected Charlotte's offer to write to him while he was away, my heart wrenched for him. I also found his explanation to be completely believable. Maybe it's because I have a brother who is an Army officer, and who has been deployed many times, but, for whatever reason, I felt a real connection to Bradley.

FYI this is a clean romance. There is sex, but no details; it pretty much fades to black. Oh, I should also mention that this story can also be found in *Blissful Kisses*, which includes this story and two other short stories by the same author...both of which are just as delightful as this one. That book is currently available for free here on Amazon! Oh, I should also mention for readers who read the first book in the Bliss Harbor series, *Wherever You Are*, Winnie and Brian, the H/h in that book, finally get married in this short story. Happy reading!
