Jameson Hotel

Aven Jayce

Jameson Hotel Aven Jayce

MARK JAMESON is an arrogant prick with a big dick who loves to fuck. Tall, blond, muscular, and oh, so *cocky*. A former porn star, he now owns a luxury hotel in South Lake Tahoe. His life revolves around money, getting laid, and protecting the people he holds most dear. He thinks of himself as a vigilante and truly believes it's a good deed to kill any bastard who harms women or torments his family.

I'm not a serial killer; I'm a vigilante who rids the world of scum. Don't fuck with the people I love.

JULIA BARRINGER is a young, fierce, foul-mouthed blonde who works the front desk at Mark's hotel. He knew the moment she walked into his office that he'd have her in his bed before anyone else in the hotel laid a finger on her. But he never would've imagined a woman could have so much control over his personal life, his dick, and ultimately... his heart.

Look at her sweet modelesque body, those big tits, and the way she wraps her lips around my giant... oh, freakin' A, this woman's perfect.

But what if she finds out about the porn, the drugs, and all the bodies at the bottom of the lake? Will she run? Or does Julia have secrets of her own?

Jameson Hotel is intended for mature audiences due to explicit sex, strong language, abusive situations, and murder. Some readers may find it offensive or disturbing.

It also contains a touch of humor.

* * * * *

This series is a spin-off of NOVA, but can be read as a standalone.

Charlie ☆ WLTB Blog ☆ says

I really enjoyed this series Loved Julie and Mark dark themes in some places loved the Banter and how Julie was Marks match such a good story Loved Cove and Sophia and the boys cracked me up such a great read if you loved The NOVA Trilogy you are going to love this one Hope we might get some more would be great

Brittaney Tubbs says

Another great series

I thought this series was just as addictive as NOVA. It was addictive, thrilling, and suspenseful. I would love to see the relationship with Mark and Jules progress. It was also great to read about Sophie and Cove and their two twin boys. I definitely suggest this if you have read NOVA.

ocdbookreader says

I Still Want More of this Motley Crew.

Book 1

This is DARK read.

This isn't a stand alone.

We start out with Mark Jameson, the son of Paul, from the Nova Trilogy. (Not necessary to read, but will give you all the back story)

Mark is now running a hotel after a few things change in his personal life. Also we get a huge blast from the past, both in good and bad ways. The flashbacks are enough to run a chill down your spine, then again anything revolving Paul would.

Then we have Jules, she's Mark's new conquest, but there is definitely something she's hiding.

If you expected a dark plot, hot sex, and a book to keep you turning the pages this is it.

I would highly recommend this book.

Book 2

This picks up where book one left off.

This book shows more family time. Same sarcastic, emotional, dark humored bunch we've known from the beginning of Nova.

We also get to see and hear more from Mark and Jules. I still think there is something she's hiding.

Some one goes missing...

Is it foul play or something else??

Off to book three.

Book three

This was the perfect ending for Mark.

Although he's grown some emotionally, you can expect miracles he's Paul Jameson's son after all. Mark is one character I'm not sure if I'd want him to change. I love his sarcastic, narcissist personality. After all he's been through, it's surprising he has any self esteem left.

They only thing I wish, is his personal life gets better for him, I'm not sure he deserves it, but he's the bad

guy you root for.

You know these books have to be good, after 7 books, the same characters, I still want more.

I loved this series and would highly recommend it!!

Rachel Hendry says

Wow...wow...wow!

After reading The Nova trilogy i was pretty excited to get my hands on this 3 parter.

This is about Mark...the son of Paul who we met in the aforementioned trilogy and Julia.

Mark is a dark character through and through and Julia appears light and fluffy...to begin with!!!!

I was pulled in within the first few pages...exceptional writing...dark subjects,suspense,murder,dirty sex all laced with a sarcastic humour throughout...it was an irresistable combination.

I enjoyed seeing other characters back such as Cove and Sophia and OMG the twins...one wonders how twisted they are gonna be when all grown up lol!

No spoilers here but believe me it's so worth the read

Its dark & dirty and what's not to love!!!!

Becca says

another awesome read... great writer...

I am not a spoiler, but poor little guy is all I am saying...

story could of went so much further yet...

'Q' aka CoCo says

EDITED AFTER CONVERSATION WITH AUTHOR

Originally I wrote, "I'm sorry, I feel like I'm missing something," and apparently that something was the humor tag. Going back and looking at this through different eyes, I have a totally different opinion.

I wouldn't call it dark, though it has dark elements for sure, and the eroticism that it does have is heavy on the humor.

The author had a good premise to start with--a tortured soul abused by his father, he still hears him in his head and kills to protect his family but also to quiet the voice. I did have a bit of a problem with the execution of the main storyline. Boy meets girl, boy inexplicably falls in love, girl loves boy back despite having every reason in the world to walk away and walk away quickly. The humor is a bit whacky and does take some getting used to. When I first read it, I wasn't sure if it was supposed to be taken seriously or not, hence the edit after the discussion with the author... Just to give you an idea, so you can see if it's for you or not:

(view spoiler)

It was her absolute acceptance I took issue with, and again, the humor takes a bit of getting used to as well...

"You're more like a mouthwatering steak dinner and a flavorsome glass of red wine. Meat that expands my cock and alcohol that warms my heart." I have no words for this one. Was this his version of a compliment?

Then there was the sex dialogue. For instance, when he would come... *"Open fire," I say in a gnarled voice.* Show me a man that says that, and I'll show you a woman that laughs him right out of her bed.

Then the use of verbs: *"Mark." The word ejaculates from her mouth...*

Then the use of adjectives: *"... my finger glides around her viscid pussy."*

Then the awkward use of similes: *"...while her pussy is fragrant like wet bark."*

Again, in the beginning, I took the book way too seriously. Looking back on it with fresh (ready to laugh) eyes, I still struggle with the humor in it. It's just not for me because of the strange love between the two main characters, but I will say that the author has skill. I found few to no editing mistakes, and this is a wonderful thing!

Andrea Turner says

**** Hands Down One Of My Favorite Dark Series ****

Aven Jayce has done it again with her twisted mind!!!

We met Mark Jameson in the NOVA Series. If you have not read it please do!!! Even though this series can be read by itself, it's better to start from the beginning. Over the last two weeks I have been reading Nova, and then Jameson Hotel. This crew is something else, get ready to ride on the crazy Effie train. Your mind will be blown by these series.

Mark Jameson is Paul son, and was used and abused by the sick S.O.B. He open his hotel to get away from city living. But trouble always knows where to find you. Mark must protect what means the most to him~ his family. But to do that he is going to have to go to the depth of hell to do it. He's a twisted man, but sexy as sin. Mark is a Jameson through and through. The only thing is, I think he's the light in that darkened family. He may be twisted, but his morals are good. Julia is a sassy little minx that takes over Mark's thoughts, and body. She is a feisty woman that won't take Mark's crap, and I think he has met his match. I really want to say more about these two but I won't.

All I know is you would be crazy to not get both Series. I can't wait until November for Part Two to come out. I'm having some serious withdrawals right now, I need to know what happens!!!!

Emma says

Every so often you discover an author that has the ability to invade your mind, get under your skin and keep

you turning the pages in awe of what has been written. In some cases even turning the pages back and rereading in sheer disbelief that what just unfolded before my eyes had actually happened. This author for me is Aven Jayce. The Nova series is one of my all time favourites and The Jameson Hotel series is now joining it.

It's not essential but I would recommend reading Nova first, if only to get your mind twisted even further.

So.....the last time I met Mark Jameson he terrified me, every evil thing he did, every horrific word that came out of his mouth scared me senseless.

This time I didn't feel that at all, in fact the complete opposite. He is seriously HOT and smooth and psychotic and sexy and weird and loving and funny and absolutely totally insane!

Marks story is endearing in a dark and sinister sort of way. The connection he has with every single one of the other characters is played out in such a way that you want him succeed with whatever he is trying to achieve whether that be a good thing or the most truly awful crime.

Julia is a fantastic addition to the characters that I'd already grown to love, I didn't for one minute expect that she'd get what she longed for but she got that and more. There was a particular romantic moment that was so swoon worthy it had me literally melting.

Catching up with the characters from Nova has been an absolute pleasure, yes it's dark and twisted but it's magic in the form of words. In my review for Nova I said this is a story that could go forever and I still stand by that, there is so much more I need to know and it's impossible to become bored with the trials and tribulations of the Jameson's.

Please let there be more, I for one will be waiting!

Aven Jayce says

Teasers...

rvagirl says

Definitely at the top of the list of my favorite reads this year! I was sucked in from page one. This is the first time reading Aven's work, and I am dying to read more. You name it, she covered it. Snarky, sarcastic humor, kinky sex, truly dark situations, awesome characters, witty banter, murder, drugs... what more could you ask for?! Absofreakinlutely loved it!

Maureen Nicholson says

4.5 Deliciously Dark Stars!

I probably need to get my head checked but I truly enjoyed these books. Told entirely from Mark Jameson's POV, it was very entertaining with dark humor and dirty thoughts. He is definitely a anti-hero but I absolutely loved him. Although this is told from his perspective I felt that the author did a great job with Julia, his love interest. She was also an awesome character and I really liked her. I haven't read the previous series that are ultimately linked by characters to this story but I still felt well informed of Mark and his family's messed up and very dark history.

So, all in all, if your looking for a highly erotic, dark, gritty read with the humor of a Quentin Tarantino movie, this definitely a story you will enjoy.

melanie suares says

A twist to the Jameson family, the damage run but can't hide comes to mind

The saga of the Jameson's continues. They are a very dysfunctional family indeed. This is the story of Paul's son. He's like his father in so many ways, but mostly from his abusive childhood, rather than his genetics. It was a difficult book to read in parts. The parts with killing and the coupling of killers . I am hooked to see why some of the things happened and would love to read the next book to see how the story develops. It was nice to see what happens to Cove and Sophia. They never seem to get far from the Paul Jameson curse, in fact no one who gets close to him does. Even from the grave, he seems to have left quite a terrifying legacy.

If you have read Aven Jayce's previous novels, you will know they are explicit, and as straight to the point as they come, not for the faint hearted.

It's a quick paced novel, with characters that you may not necessarily love, but they leave you so beguiled that you keep reading to see what next is on the agenda.

Tanya says

Absolutely loved these books. Would recommend reading the Nova Trilogy before this series, will understand & appreciate the characters/ story far better. It's hard not to love Mark despite his dark, crazy side & unorthodox way of thinking, the whole 'I'm a troll...foldy roll', seriously disturbing. As with the Nova series I loved how Marks story unfolded, the relationship with his father & how that had seriously messed with his head. Jules was fantastic, so different from the other characters, but that will have a lot to do with the fact she never met Paul Jameson. Really hoping from the way the series finished we haven't heard the last from the Jameson/Everton clan!

Michelle says

Welcome to my hotel ~ Mark Jameson a sexy, cocky dark twisted man.

Jameson Hotel ~ The Dark Suite series is an amazing dark twisted read, loved Mark, Juila and reading about Cove, Sophia and the terrible twins.

Mark Jameson is haunted by his past and his need to be loved by his father but against all his demons he finds his soul mate in more ways than one ~ Julia.

Julia starts off almost shy, quiet, sweet and innocent. However, Julia's love and passion for Mark soon develops unfolding a much darker side to young Julia.

The past comes to haunt Mark and his family and he will do anything to protect those he loves.

Aven Jayce has a unique style of writing in such a dark, twisted, violent and hot dirty sex filled book she still manages to inject her wicked sense of humour and I found myself laughing throughout this book...

Mark ~ "Women you can't live with 'em and you can't cut them in half and keep their lower torsos to f**k because they start to smell after a few days"

I highly recommend this series ~ WELCOME TO THE FAMILY PRINCESS

booklover says

Yet again another amazingly dark read from the awesome Aven Jayce !!
Loved catching up with Mark Jameson and finding out a bit more about him, the twists were amazing !!
Without giving too much away i'll say this " In the Jameson Hotel not everything is as it seems" !
Brilliant and i really do hope we get to check in again x
