Lipstick 'n Lead Em Petrova

This feisty cowgirl can't be tamed—at least not by one man.

Barrel-racer Bella Roberts is winning every competition she enters. She's at the top of her game and has her sights set on the rodeo finals. So why should she slow down long enough to glance at the cowboys tripping over themselves to get to her? If you've had one rodeo guy, you've had 'em all. Besides, she's determined to live up to her reputation, and bad girls don't settle down.

The feisty Bella has been giving Carter blue balls since he'd walked into an arena and clapped eyes on her. There's nothing sexier than a woman who handles a horse with such grace and skill, and her feminine guiles are definitely working on him. He's been trying to sweet-talk Bella into his hotel room for weeks but can't land more than a kiss.

Quint knows exactly what Carter's up to. It's totally obvious his friend is putting himself in Bella Roberts' path. But Carter won't get anywhere because Quint already has. And after that first hot-as-sin kiss, all he can think of is the sultry cowgirl. She won't let him any closer, but her sassy mouth and brazen attitude just need a firm hand. Good thing he has two—and a lot of rope.

Bella's in a sticky situation in the middle of team roping partners Carter and Quint. And now that they know she's been toying with both, they share the same goals in and out of the arena—to have her. Together. Oh, she'll let them try, all right. But don't they realize she can't be bridled?

Tracey says

A spicy and yet romantic read.

I really enjoyed how much the characters related to each other and the pages just flew by. A great book. ?

Whispers From says

Smoking hot

Bella is a barrel racer and very good at it. Quint and Carter are roping partners. But they both have their sights set on her and instead of losing their friendship, they decide to share her. But first they have to convince their sassy, independent cowgirl.

Sexy cowboys, a wild cowgirl, and lots of sex.

Amber Boyd says

Totally hot! Totally enjoyable! Loved Bella's feisty spirit, with just a hint of vulnerability. Then you've got these two best friends, Carter and Quint - strong, determined, hard-working and sexy as any cowboy has a right to be. When the boys both set their sights on Bella, she fights the attraction. They keep trying to both breakdown her defenses and best the other out, until they realize that sharing her might be the best plan yet. These three together were lightning in a bottle! Loved it!

Samantha says

MFM. Explicit. Bella had a bad experience with a cowboy on the circuit and now avoids any relationships with cowboys. She is feisty and independent but too often reckless. The recklessness with alcohol and her horse seemed out of character for her. She also continuously runs away instead of facing any issues and flirts with a cowboy whom she knows is spreading rumors about her.. A new relationship forms between Quint and Carter with Bella's help. She leads them on a merry chase but these two are determined.

Shelly Celli says

OMG sooooo hot!!!!

I absolutely adore Em's writing, she brings the characters to life, and makes you feel what the characters do. This book is no different either. You can feel the sadness Bella has, and can see that she's searching for something she doesn't really understand. When Quint and Carter both start vying for her attention, she's overwhelmed and just shakes them both off. Until they come at her as a team. Then she knows she's lost, but

she's still fighting to not lose herself. Quint and Carter are determined to have her, and discover a few more things about themselves they never expected. Their relationship grows closer the more time they spend with Bella. When Bella's mare is injured, she goes looking for the boys for help and comfort and finds a love she never expected, but can she relax enough to allow that love to flourish! Must read to find out!

Sandi Ramirez says

Two Hot Cowboys and One Hot Cowgirl and I do mean of the Rodeo variety... Em Petrova is one of my go to authors for HOT Cowboy reads and especially for menages.

Carter and Quint are a roper team and Bella has caught their eyes as well as every other male and even some females eyes as well. But after being burned she simply doesn't indulge with rodeo folks. If she has to scratch her itch she will find a nice fan and get it on with him. Her love is her horse and the rodeo. But Carter and Quint not only manage to change her mind about them SHE manages to get them to change their minds about other things as well. HOT Read! Once I started reading I could not stop!

Coral Mitchell says

MFM. Explicit. Bella had a bad experience with a cowboy on the circuit and now avoids any relationships with cowboys. She is feisty and independent but too often reckless. The recklessness with alcohol and her horse seemed out of character for her. She also continuously runs away instead of facing any issues and flirts with a cowboy whom she knows is spreading rumors about her. The big conflict with her past and another barrel rider seems very anticlimactic. Carter and Quint argue with each other over Bella and a quick made comment leads them to approach her together.

Great book

Elaine Swinney says

Em Petrova does it again. Em has become a favorite of mine. She never fails to give me a wonderful story. A well written story at that. I don't do spoilers but I can say I think you will enjoy this book. I encourage everyone to get this book. It deals with a ménage relationship, so if your not into that you may not want to read this one(but you will be missing a great book). Thank you Em Petrova for continuing to write great books!!!!!!

Nicole Smith says

This is a HOT one! There is a little twist that is sinfully delicious! Bella wants nothing to do with any rodeo guys, but barrel racing partners Quint and Carter get her motor running. Quint and Carter both want to pursue Bella. How are they going to compete for her when they have to partner in competition? Bella keeps

pushing them away, but they're always ready to catch her when she comes back. Bella brings a new spin for Quint and Carter that they didn't even see coming. The chemistry is panty melting hot in this one. If you like your books with a very high heat level this one is for you. Though this is very hot there is substance to the story. There are the heart melting moments and laugh out loud moments.

Lori says

Yeehaw

Loving sexy hot steamy action it's all there. I would love to be tied up and cherished with four hands and two c@cks

Tanya Brown says

I loved this story by Em Petrova and as usual, she doesn't disappoint. A ménage between Quint, Carter and Bella. Quint and Carter are a calf roping team and Bella is a barrel racer. Bella has some baggage and Quint and Carter are determined to make her theirs. At first each man thought she would be his but Bella didn't want to choose. They come to the decision to team up and both win her over together. A new relationship forms between Quint and Carter with Bella's help. She leads them on a merry chase but these two are determined.

Wow! I've read a few Em Petrova books, but Lipstick 'N Lead is my favorite so far. This book is smokin' hot. I loved the characters in Lipstick 'N Lead. Em Petrova has delivered a well written book with a sassy heroine and 2 studly heroes. Quint, Carter and Bella's story is a rodeo romp you won't want to miss. This book is loaded with humor, drama and 5 alarm fire heat. Lipstick 'N Lead is a fairly short read, perfect for those with limited time for reading. This is a complete book, not a cliff-hanger. I enjoyed Lipstick 'N Lead and look forward to reading more from Em Petrova in the future.

I received a copy of this book in exchange for an honest review.

Jodi Cain says

I don't even know how to begin a review for this book. This book was hotter than sin. Not only did a cowgirl get two men to love her in every way, but the two Cowboys loved each other in every way possible. The way I look at it, love is love no matter the gender. Three hearts, body & soul are a plus.

Renee Harold says

So darn hot, I melted!

The only thing I can muster after reading this book is, "Hot damn this is one hotter than Hades book!" I'm talking panty melting, face fanning and battery replacing HAWT! If you love steamy, erotic sex with multiple partners. Then you will definitely love this book. I can't wait to pick up another one of Em Petrova's books.
