Angels and Ashes Avelyn Paige

He's the scorned President of the Heaven's Rejects. She's the widow of his best friend and former Vice-President. He shouldn't want her, but he'll move heaven and earth to have her.

Left alone as a new widow to raise her family, Darcy Kyle's life has spiraled out of control. When secrets about her husband's past emerge, she is forced to confront the fact that her husband's fatal accident may in fact, have been deliberate. Forced to sell her soul to the Devil himself, Darcy must uncover the truth of her husband's accident...before it's too late.

Cast into Hell, Raze has given his life as the President of the Heaven's Rejects, but what good is it when he can't protect the people he cares about? His brother's death, his wife's betrayal... it's too much for a mere mortal to handle. Luckily for Raze, he is the ruler of this Hell on Earth. But even the Devil has a weakness, and when Darcy Kyle sticks her nose in the club's business, he finds himself questioning his loyalty to his brother's memory.

How can the Devil resist an angel bathed in the ashes of the fallen?

Review of Angels and Ashes (Heaven's Rejects MC #2) by Avelyn Paige

Review done for Hooked on Books & CherryOBlossom Promotions

5 out of 5 stars

Darcy Kyle has lost her husband due to something that the Heaven's Rejects MC has been up to. She has never liked that part of Jagger's life but she put up with it for him. Now she is left with two little boys and a new born on the way. She is devastated and is determined to get revenge.

Raze has been trying to turn his MC around. He wants it to be legit and focus on non-illegal things. Unfortunately someone close to him is trying to destroy everything.

When Raze had to break the news to Darcy about her husband, he didn't know what to expect. He promised Jagger that he would look after his family if something ever happened to him. What he didn't expect was to fall in love with Darcy.

It has been a long time coming, but Darcy is ready to move ahead with her plans. She didn't count on Raze trying to stop her. Their back and forth bickering has only fueled their lustful feelings towards each other. Even though both feel wrong about it, they can't stop the pull toward each other.

This was a fantastic MC book. It is filled with suspense, violence, and dirt sex. This book was a little tamer than others I have read, but I still thoroughly enjoyed the story. It kept me engaged throughout the book.

I definitely recommend this book to read!

Rosa Sharon (iScream Books Blog) says

Angels and ashes, ghosts and graveyards...

After reading the synopsis, I knew that Darcy would end up a widow, so it made the beginning of the book a heartbreaking read as I had to experience the loss with her. I struggled a little with her reasoning and actions in the following year, but I guess grief can be blamed for her bold behavior following years of marital meekness. Her husband, Jagger, kept her at their home, and away from the clubhouse for the most part. Therefore; she didn't have a close relationship with the Heaven's Rejects MC family. When she lost her husband, her anger was directed at them.

I must admit to suffering from a serious case of #CoverLust, when Angels and Ashes was revealed. It was very nice to have that image in my head as I was reading about Raze, the club president. Not only is he a very sexy badass biker, he's the boss. He's used to giving orders and having them followed. Too bad that Darcy didn't get that memo. She's full of rage and when he pushes, she pushes back. And guess what? That just turns him on even more. He's been hiding his lust for her from the moment he first saw her, knowing that she belonged to his brother. He would never disrespect her or Jagger by admitting or doing anything about

those feelings, but he couldn't stop them. She was the most beautiful thing he's ever seen. It was much easier to hide those feelings when he rarely saw her, but that's not the case now. She spends more time at the clubhouse now than she did when her husband was alive.

Darcy is sticking her nose where it's most definitely going to get her in trouble, but she can't let it go. Her children were robbed of the chance to get to know their father. She was left alone to raise them. And nobody will answer her questions. So, she's decided she's going to keep digging until she finds out the truth about her husband's death. While being at the clubhouse is a painful reminder of her loss, it's also her best chance of learning what she wants to know, one way or another.

What fun I had watching the sparks fly between Raze & Darcy. He brought out a side of her nobody had seen before and they weren't fooling anyone by pretending that they weren't attracted to each other. It was a slow burn as I suffered through the sexual tension as they hid their admiring glances and occasionally got caught ogling each other. I wanted to lock them in a room together and force them to put me out of my misery. And once they finally did, I locked myself in with them, and it was quite a show (wink-wink).

And that's not all the entertainment. Nope, the club business escalated as Darcy uncovers some information that brings some of Jagger's secrets to light. There's a lot more going on than anyone was previously aware of and his death was only the beginning of the club chaos that is in store for the Heaven's Rejects. As Raze struggles to deal with the death of his brother, and the details of his wife's betrayal that keeps getting worse as more and more facts are uncovered, he wants nothing more than that which he cannot have... *her*. But how is he supposed to get over it when danger comes calling and they keep getting thrown together. He's determined to protect her, to keep her close, so he can watch over her. I'm sure that's the only reason he wants her close, *right?* As the suspense began to build I found myself questioning who all the players were, trying to determine who could be trusted. The author gave me a few clues, just enough to drive me crazy while I tried to figure it all out. Forcing me to provide unsolicited advice to all the characters as they worked to keep their families safe and end the threat against them. I got a mental workout as the climatic events gradually unfolded, forcing me to keep reading way past my bedtime. Sleep is overrated when there is club business to be handled, right? And speaking of club business, let's talk about Voodoo. I have a big crush on him and I'm really really hoping that the author plans to give him his own book. Being a techie myself, I totally dig all his gadgets. I'm looking forward to more in this series. The line forms here...

TITLE: Angels and Ashes
SERIES: (Heaven's Rejects MC, #2)
AUTHOR: Avelyn Paige
GENRE: Contemporary Romance
CHAPTERS: 29 + Epilogue
RELEASE DATE: July 19th 2016

MY RATING: 5 STARS

ANGELS & ASHES: This is spoken in Dual Perspectives (Raze & Darcy)

You don't need to read the previous book to get the jist of the story line with this book. Though there is a cross over with the characters from BOOK#1.

In the blink of an eye everything that was right in Darcy's world changed from this day onwards, straight away you're thrust into the heartbreaking reality of what Darcy's life is to become, Raze from the Heaven's Reject a local MC, is given the task to inform her that her husband Brent aka Jagger won't be coming home, a road side accident ended one of their own too soon, losing her husband, widowed and left raising two small children on her own with an unborn child on the way is more than Darcy can comprehend.

*How is it even possible that my husband is dead
He left this morning with a smile on his face
There's no way in fucking hell that he's dead.*

Darcy loved her husband with everything she had, with his passing he left a huge gap in her very existence, the only thing that kept her going was the disbelief that his death was a cover up and she strives to get to the bottom of it.

They'd found his bike wrecked, by the time the ambulance got to the scene, he was already gone.

A fallen brother, a road side accident, or was it something more sinister?

Darcy is set on seeking the truth

*They say that there are five stages to grief
But to me there is only one.
Revenge.*

Two neat rows of his brothers are lined up behind the family car ready to give him a final salute.

Time for one last ride, my brother.

ONE YEAR LATER

A letter from Darcy's deceased husband is left stuck to her door, urging her to go to their old apartment, seek what he's left there and pass it on to Raze.

Betrayal, Revenge, Blood shed

Darcy's quest to seek the truth is still as strong as ever one year later, Raze carries a lot of guilt on his shoulders and is still coming to terms with the death of his brother in arms and the ultimate betrayal closer to home makes for one nail biting read.

Raze had promised Jagger that he would look after his family if anything ever happened to him. In the process though he never expected to fall in love with her.

And after everything Raze's ex wife put him through he's not looking for another woman to rip his heart to

shreds, but Darcy might be that woman, and maybe just maybe he is ready to take that leap of faith again with her.

But is she ready to move on from Jagger?

An off the charts turbo charged attraction between Raze & Darcy will have you glued to your devices to see how it all pans out.

"Scars don't define us. They are badges of courage that we should proudly wear to remember the trials we've survived."

Review:

<http://i869.photobucket.com/albums/ab...>

Angels and Ashes by Avelyn Paige was a great 5 star read.

The beginning of the book was very heartbreaking. Just when Darcy feels like she has everything she could ever want, loving husband and children, she gets terrible news about her husband. Darcy knows there is more to what Raze is sharing and vows to seek answers about who took her husband from her and she plans to start with the club.

Raze is the president of the club and had to break the news to Darcy. He is also dealing with a cheating and lying wife and has sworn off women. Until Darcy, there is something about her that he is attracted to. As things move forward he struggles with his feelings. Could these two beat all the odds and come together? Will Darcy find what she is looking for?

Avelyn Paige does a great job of pulling you right in. Darcy and Raze were a great pair, both are strong willed and refuse to back down. There are secrets, danger and twists that will leave you thinking WTH. Raze was as hard as nails biker but he also had a great soft side, especially with the children. I loved him! I really enjoyed Angels and Ashes and highly suggest you 1-click and get started today. Thank you!

Nikki Reeves says

Let me settle the score so everyone knows.... Raze is MINE! BOOM I claimed him. Ms. Paige took me on a wild and crazy ride with this book. My heart was pounding, palms sweating, feet jumping up and down, I screamed a few times, and yes I have to admit I cried... she definitely pulled on my heartstrings on more than one occasion.

Darcy's whole world is ripped apart in the blink of an eye. One minute she has the perfect loving family and the next her husband is taken leaving her with two soon to be three children to take care of. She has no one to blame but the club and believe me she turns all her frustrations on them. Darcy has turned off her feelings or at least she tries. There is a certain biker that she is having dirty thoughts about and she is doing everything she can to push those feelings aside. Will Darcy let Raze be the man to fix her or has everything she thought she knew a complete lie?

Raze blames himself for what happened to his brother. Not only is he dealing with a death on his own property, but a lying, cheating, and betraying wife that left his world turned upside down. Raze isn't looking for another woman to rip his heart to shreds, but Darcy makes him question everything. Is Darcy the woman to change Raze's whole world or is she just his next bed warmer to pass the time?

I loved this book. Darcy is a badass who doesn't take shit off anyone. She doesn't need a man to take care of her, and is hell bent on proving it. Raze is a total alpha male in every way. Dirty mouth check, badass biker check, cocky prick check BUT he is also a total sweetheart that made me swoon and drool a few times. One part in particular with Raze bare-chested with a sleeping baby... panties melted right off. Ms. Paige threw in some twists and turns that threw me for a loop. There are also secrets... lots and lots of secrets that I didn't see coming. Even though Jagger is no longer living, he still managed to steal my heart even from the grave. I

love this series and I can't wait to see what she brings next. Oh and one more thing... Raze is MINE!

Renee says

In received a copy of this book in exchange for an honest review for Stephanie's Book Reports.

Darcy Kyle finds herself suddenly widowed due to an accident that she just doesn't believe is an accident. Her husband was in a MC and the story just doesn't add up to her and she wants to know exactly how and why her husband died. Raising her two boys and with a daughter her husband never even knew was coming Darcy is determined to be the best mom and have nothing to do with the MC she does the best she can. Strong, determined, and stopping at nothing to get to the truth Darcy finds herself facing the man she considers the enemy. Now to figure out too why the heck is her body reacting to him?

Raze is the President of the Heaven's Rejects MC. His life is devoted to his club and his brothers. Losing his former VP and best friend Jagger Raze is determined to protect Darcy and her children at all cost. Raze has been betrayed in the worst way by his wife, his best friend is murdered and Darcy refuses to stop looking for answers. Darcy...his brothers wife. The woman who he wants more than anything in the world. How will things ever be the way there suppose to be again ever?

This is my first book by Avelyn Paige. She has absolutely blown me away. It's amazing and I immediately went and got the first book to read because I am hooked. Darcy is one of the strongest female characters I think I've ever read. She's not afraid to get to the answers W she needs and will burn down the world to get them. Raze is an alpha male at its finest and I love this guy. He's all tough and protective and has a side that will absolutely melt you. Put the two of them together and your world will never be the same again,

If your a MC book lover like I am this book is a must read. You do not want to miss this series. If your not much into the whole MC world though you still need to give this book a chance because it's absolutely amazing. Everyone needs a little Raze in their lives. Trust me you don't want to miss this book

Kim Brewing says

I haven't read the first book in the series, but this one came up on my facebook feed and interested me.

I really enjoyed it. It was heartbreaking at times, but what great love story isn't - yes love story, because to me that's what this is. Those freaking letters slayed me. I think I'll go back and read book 1 now.

Amy says

Angels and Ashes (Heavens Rejects MC 2)

Avelyn Paige

5 stars

This is a really great second book to the Heavens Rejects series. You meet Raze in the first book and I love that we catch up with all of our MC family and friends. This is the story of Raze and Darcy. I wasn't sure how this was going to play out because the first couple of chapters are heartbreaking but then you realize that the story is going to be a true tale of a hard love. When I say hard I mean in the emotional sense and the mountains to climb to get there.

Darcy Kyle loved her husband with everything she was. Her boys both adored their father but tragedy has left her alone along with her husband not knowing about the baby they were blessed with. Brent "Jagger" Kyle lived and died by the MC ... the MC she vows to get revenge on and find out what really happened to her husband.

Michael "Raze" is the president of the Heavens Rejects. He has never had a harder task than telling his brothers wife that he is gone. He made a promise to project Jagger's widow a long time ago. But her attitude is going to get her killed. Raze loves his wife but there has never been a more beautiful woman than Darcy. When trouble enters into Raze's life turning it upside down Darcy and he may never be the same.

There is so much going on in this book. I fell in love with the characters once again and couldn't be happier that we are intermixed with Dani and Hero (book one – Heaven Sent). Voodoo, Tyson, Ratchet, Irons ... yup they are all here. I don't know what is next but I am looking forward to finding out. There is good in this series; men who love their women and families, suspense, battles between getting where you want to be with those families and loyalty.

Avelyn is a fantastic writer. The web she weaves leaves you turning the pages and saying just one more chapter. If you are up for an MC read that doesn't have a ton of brutal or blood ridden scenes then this is your series. There is a deep connection between the brothers of the Heavens Rejects --- this is going to keep getting better and better!

Thank you Avelyn for the ARC! I loved every minute. The cover is spectacular with the deep blue and Alfie's a perfect image of Raze. Two Fallen angels finding their way back to heaven Beautiful ...

Le Ann Foster says

??Reviewed for Hooked On Books and CherryOBlossoms Promotions ??

I gave this book 5 Stars!

Go ahead and grab a box of tissues for the first few chapters and the last few chapters of this book. It's filled with so much emotion through out the whole book but these chapters will have you crying like a baby. I absolutely love Michael (Raze) and Darcy they bring so much fire and ice to this book that your Kindle will be burning up one minute and next icy cold the next. This storyline is hard one to come to grips with with all of the loss and tragedy that these two face, but then you have sweet revenge that happens that so makes this story.

Darcy has lost the love of her life. She know in her heart that her husband didn't have a motorcycle accident, and is bound and determine to get revenge. Raze is the club president and knows the truth about Darcy husbands death. He can't tell Darcy because it's club business. Raze has conflict of interest when he starts

having feelings for Darcy. When the truth comes out can these two be comfort to each other or will it be the end?

I have read a lot of MC books and this has been one of the best I have read in a while.

Philomena Callan Cheekypee says

This is a brilliant read. It's got a brilliant storyline with wonderful characters.

I totally loved Darcy. Such a strong feisty character. She blames the club for her husband's death and she wants revenge. Raze is fighting his own battle as he learns who he can and cannot trust.

Another fast paced story with great twists and turns. Looking forward to reading more from this author.

AlligatorSmith loves to read says

I liked this one a lot, especially because it had a H-h plot line that is not common for MC books. Yes, there was a cartel - when isn't there one these days in MC books? But the two leads were smart adults who thought of others before themselves, and that's unusual as well. In addition, there was MC business to take care of, smexiness, a few surprises, and lots of kids.

I wish I had read this one before the first one in this series because I almost didn't even continue after that first one. I try to read new MC authors, and I am glad I gave this author a second chance. I will probably continue on with the series now.

Thanks for reading!

Carla says

*I received a copy of this book in exchange for an honest review for Stephanie's Book Reports.

Carla's Five Star Review

Angels and Ashes is the second book in the Heaven's Rejects MC series, and it is the story of Raze and Darcy. While this can be read as a stand alone, I would suggest reading the first book in the series, Heaven Sent, before reading this one.

Darcy Kyle had the perfect life. She had a husband who adored her, two precious sons, and a daughter on the way. Life was great! But fate? She can be a real bitch. One minute you have it all, and the next minute you are knocked on your ass. Darcy is smart enough to know that her husband Jagger's death was not an accident and more than likely related to the club. She is hell bent on finding the truth and exacting some sweet revenge.

Raze is the president of the Heaven's Rejects MC, and he has devoted his life to his club. After dealing with a two timing wife and the loss of Jagger, one of his club brothers, he is just a shell of the man he once was.

He is angry and bitter. He hates the way his body responds to Jagger's widow, but he can't just cut her out of his life. He made a promise to Jagger to protect his family, and Raze doesn't break his word-ever. Is it possible for these two damaged souls to come together and embrace the future, or is happiness simply not in the cards for them?

Avelyn Paige has hit a home run with this series! Darcy was one of the strongest female leads I have ever encountered while reading! She is like a pitbull going after what she wants with gusto! She has no trouble kicking ass and taking names! And Raze? Well, he could not have been more perfect! I love me a strong alpha male with a dirty mouth, and he fit that bill to a "T". This book is filled with so much danger and so many secrets, your head will be left spinning! If you are a huge MC fan like me, you are sure to love this series!

KelticKat says

A second & third chance story

This story overlaps the first in this series - Heaven Sent. In Heaven Sent we witness the death of Jagger and the aftermath that happens for the club, his wife Darcy and Raze(Michael) the Club President.

Picking up around 8 months or so later, we find Darcy still bitter and angry towards the club and Raze for being the cause of Jagger's death. She is determined to find out who caused his death and make them pay. She is also doing her best to raise their boys, and the daughter that arrived after Jagger's death.

Raze is trying to put himself and the club back together after the death of Jagger, one of the founding members, and the betrayal of his wife - both in the marriage bed and to the club. He also is determined to do as Jagger ask and take care of his family.

Darcy receives a letter from Jagger that puts her on a search for clues to the fact that there is a traitor in the club - this letter sends her on a fast trip to Tijuana. Raze follows to find out what she is up to and confronts her and takes the package that Jagger had hidden in his old apartment and follows her back.

The package that Jagger left leads back to Mexico and the cartel, that the club has been fighting against being involved with. In the mean time Raze & Darcy's relationship heats up - seriously some pretty great tension. They both struggle with what they feel like is betrayal to Jagger ... (I'll leave you to find out the rest for yourself)

I enjoyed the characters and their stories. Darcy was feisty and determined to solve her problems and the drama around Jagger's death on her own. Sometimes that lead to her doing some pretty stupid stuff - but I kinda got that she felt she wouldn't be allowed to do it if she let Raze & the club help.

Raze was determined to protect Darcy and her kids. This led to some pretty silly OTT times - but it did set up a pretty good push pull in their relationship. Loved how Raze couldn't fight what he felt for Darcy, he wasn't a pushover for her, but he did soften.

Definitely felt the connection between the main MCs - and of course added to the yummy, sexy scenes. I loved how Darcy never denied her love for Jagger, but found a new relationship with Raze that encompassed all that had been as well as the future.

"Sometimes, the most beautiful things come out of the ashes of destruction." "We live through the pain as a

reminder that each happy day that we are granted on this Earth is something we need to cherish."

I'm hoping that there will be at least one more in this series - it seems like the author is setting that up with Rachel & Ricca.

I received a free copy of this book in exchange for an honest review

Marie says

Darcy Kyle is a widow who is trying to raise her kids and wants nothing to do with the MC her husband was a part of. However she doesn't believe that husband's accident was actually an accident and she wants answers. So she seeks out the enemy only to have a reaction to the man that she didn't expect.

Raze is the Heaven's Rejects MC President and is determined to protect his former VP and best friend's family at any cost. Raze is lost within his own guilt, grief, and regret. He blames himself and his decisions for the things that have happened with the his MC as well as the war with the cartel. On top of all of that is face with his own feelings for Darcy.

This was the perfect MC book! Raze was totally alpha male and just what you would expect an MC President to be yet has this soft side that you can't help but adore when he shows it. Darcy is awesome! she is willing to burn the whole world down for her answers while protecting her children.
