The Dragon King Mike Shelton

Evil is spreading across the Western Continent. One by one, kingdom, king, and wizard are falling under its influence.

Dragon King Bakari, Battlemaster Alli, and High Wizard Roland are now powerful leaders in their own right. Differing missions and responsibilities have separated them; Bakari flies north to find the last Dragon Rider, Alli goes south to find the source of the evil, and Roland, leader of the Citadel, finds himself stuck in the magic stream without his body.

The Dragon King and his riders always emerge in times of great need – but will their powers be enough? Or will they succumb to the temptations of evil? Each wizard and Rider will be tested – not all of them will pass.

A wonderful ending to a great series

I was glad to come across this series. It's a nice, simple read, especially if you love dragons. The ending was perfect, not too happy and not too sad. A good balance.

LooseBoots says

Brilliant end to the series. It was one of the best dragon tails I have read (I misspelt on purpose) . The characters were brilliant and gelled well with each other. Quite a long build up in climax as the bad guys seemed to hold all the cards. However it was well worth waiting for the ending. Well recommended read.

Gayreth Walden says

Wonderful read!

This book is great! I love the characters but Bakari seems to be very special and he doesn't even realized it. The story moves at a fast pace as the cast of characters continue to develop and mature. You don't want to miss this one. The heroes are great and the villains are very evil. I highly recommend this series.

Nancy Phy says

Excellent series

This is a wonderful series filled with friendship, love, loss and joy. The magic and and the dragons were fantastic. This is one of the best young adult series I have read and I would recommend it to everyone who enjoys a great fantasy.

Ray Davis says

Trilogy with history!

Didn't like almost all of our main characters failing in the beginning of this book. Makes the story predictable in that they have to over come and eventually prevail. Still the way the prevailing happens ties together nicely. Favorite= alli, 2nd =bak, 4th= Roland, and 3rd = all cremelinos! Read this and find yourself waiting o Mr Shelton's next

Bill Tillman says

A good book to finish the trilogy. The Dragon King beats down the dark side without the help of Obi-Wan, but they needed the Dragons. The mash-ups were a bit hard to follow, but the last few pages were redeeming.

JoJo Gozy says

Awesome

I loved it! I love happy endings. I'm so glad that I had a chance to read all three stories in a short amount of time. Great story.

Fans of Harry Potter, Dragon Riders of p Pern

For all these fans and The Elf Stones of Shanara, this book will not disappoint. The characters are well develop and continue to grow as the story unfolds. The dragons and Cremillios are awesome!

I received a free copy of this book from the author in exchange for an honest review.

I have to say book 3 was a fantastic conclusion to the series. It definitely blew book 2 away. The last few chapters felt slightly rushed, but I was still hooked until the end. It was one of those books that kept me up late so I could finish.

Carla says

The Alaris Chronicles series comes to a stunning conclusion in the third book in this series by Mike Shelton.

In this novel, the evil that had begun to spread in the first two novels begins to become overpowering. The darkness and evil magic is everywhere our young heroes turn. Friends become foes and slowly the trust that had been built up between leaders is questioned. Our heroes, though great in their own magic are continuously tested in their strength, their faith and hope. It becomes quickly clear within the first few chapters, that great sacrifices must be taken in order for good to overcome evil.

The Dragon King was fast paced, exciting and full of even more adventure! Our heroes, while so young, are full of faith, strength and courage. You are drawn into their amazing personalities and faith in good triumphing over the evil that is quietly trying to take over the land. In this novel, Bakari and Roland make huge sacrifices to aid in their cause and it left me on the edge of my seat. I was not expecting quite a few of the plot turns in this book!

The Dragon King is an excellent, well written novel for young adults and adults alike. You will love the fast pace and adventure filled plot. A definite must read!

Love this trilogy!

These are great books for all ages! I waited to write a review until I finished the last book. The story kept me up..just one more chapter... The characters are strong and it felt like I was there with them. You can laugh, cry and cheer them on. I can't wait to read more of his books.

The whole Alaris Chronicles series was great I enjoyed reading them from the first book to the last. The series was fast pace and kept me wondering what will happen next every time I put the book down. Very good story line. I would like to read other books by Mike Shelton. I recommend these books to everyone who love reading about fantasy and dragons and wizards. Exciting!!

I received this book in exchange for an honest review. Keep up the good work Mr. Shelton.

An amazing good read

Love everything about this series. I'm not a "book report" kind of person, I like a book or I don't. I loved this!!

Patti says

One of the first things that struck me as I read this book was how very easily I could feel the emotions flowing between the characters. Whether it was concern, fear or deep. Devotion, this brilliant writer was able to portray those feelings through the written word effortlessly. Only a quarter of the way into this book and

the sheer weight of the severity of the task the main characters face is solidly cemented in. The word 'epic' just does not seem to give this series the Justice it deserves. Remarkable tale that I know I will read over and over! Even though this book marks the resolution, I truly hope there will be continuing stories!
