*Bella J.*

## **Mafia King** Bella J.

Born and bred to rule, I embraced my place in our family with pride.  
I was the leader. The boss. The king.

Fueled by my family's need for revenge, I was on a bloody path toward vengeance. That's when I found her—a filthy, weak, broken girl.

The mystery that surrounded her seduced me. Her secrets pulled me down to the deepest pits of hell, the demons of her past threatening to burn the empire I swore to protect.

Now the devil himself is knocking at my door, wanting his beautiful, broken girl back.

But she's mine now. I claimed her. And anyone who dares to take her away from me will be completely, utterly, royally...

Fucked.

## From Reader Review Mafia King for online ebook

### Wendy Livingstone says

This is the third book in this phenomenal series, and OMG, my mind in is in total spin at the moment! This talented author has raised the bar in unimaginable heights with this enticing story. Alessia and Antonio's story is heartbreaking, gritty, raw, dark, intense, and intriguing, and incredibly powerful. I was totally captivated throughout this addictive page turner. I for one cannot wait for "Mafia Queen" which is next. I highly recommend this authors' work for all readers who love a walk on the dark side!

---

### Jennifer Pierson says

Well, Ms. Bella J. definitely wrote a powerful story in Mafia King that rocked cover to cover and jacked me up completely before dropping me off a cliff! Now I'm dying inside because I barely have any answers to how it's going to pan out after a HUGE twist came out of nowhere so I'm barely holding it together. Needless to say, she's near the top of my list of authors trying to KILL ME DEAD, and hash tagged #EVILWHOREQUEEN (can't use the whole w word on Amazon or they won't publish the review so you'll have to use your imagination there). Anyway, Antonio is the head of his powerful family, and finds himself with a broken girl out of the blue. They know that she's been sold into slavery, but doesn't know who has had her, because she can barely talk from fear. They have to figure it out soon, as it's dangerous, and they're getting notes threatening them, not to mention, she's stirring things up in Antonio. So yeah, that's all that I'm willing to give away about that, but trust me, there's so much more to this story. Obviously there's crazy angst that made it hard to breathe at times, on top of chaos of the twists & suspense because human trafficking ain't no joke, or for the faint of heart. And Doe's PTSD is realistic in the telling which made me have to put the story down at times because of my heart breaking. Anyway, I NEED the next part of this story like yesterday, and HIGHLY HIGHLY HIGHLY RECOMMEND TO ALL, but remember it's not an easy story!

---

### Jeanne Richardson says

This is the 4th book I've read written by Bella J; she has done an excellent job at writing a good book; I will definitely be reading more of her books.

The story line caught my attention at the very beginning and kept me interested throughout the entire book.

I loved the chemistry between the characters.

I received a free copy of this book via booksprout and I'm voluntarily leaving a review.

---

### Tee loves Kyle Jacobson says

I have to say that I have one effed up mind! This series gets darker and darker with each book and man it gets twisted and down right dirty but I love it so much I stay up till three in the morning reading because I have to know what happens. Mafia King just blew me away. I loved Karina and I loved loved Dante but

Antonio just blew me away! He stole my heart right from the start and I just couldn't get enough of him.

Antonio is on a path of vengeance and he will stop at nothing to get his revenge on those who try to hurt him and his family. That is until the day he meets her Alessia. She is one broken down beat up girl till she meets Antonio and he treats her differently like a queen not like a piece of shizz. She comes with lots of secrets but Antonio wants her nonetheless.

Then as things are looking good the enemy comes knocking for his girl. He wants her back and will stop at nothing to get her back but what he soon finds out is that Antonio is determined to keep her as his and give her the life she deserves. Alessia and Antonio will have to fight like hell to take down the enemy.

The ending let me say was like WTF just WTF I could not believe it. I kept thinking the kindle was playing a cruel joke on me but it wasn't so I kept re-reading the last chapter and yes it ended like that. This is a heart wrenching and ugly story but it is also a lovely story that will tug on your heart.

---

## **Snow says**

**Bella J** is one of my fave authors, she never disappoints with the proven equation of *raw carnal passion, need, steam, hawtness, anticipation and suspense*

...damn, I can't wait to meet the **Mafia King**

*I. Am. Your. King.*

There's something to be said about *Antonio Valenti*, the Boss of the Valenti Family, and I haven't even begun thinking about it...\*wink\*

*My family thought they know me, but they didn't. No one knew me. There were days I didn't even know myself.*

*An immoral sinner.*

*A depraved mortal.*

*A cruel monster.*

Yes, *Antonio Valenti* is a man with a deep dark shadow looming inside of him. And he's trying to keep it confined inside, ever since he experienced the BDSM scene gone wrong when his inner depraved beast went out of control...

and now, Antonio is all about control....BUT not for long, his grounds are shaken when he finds a container with an unusual shipment.

*Nessuno. Nobody.*

A battered, starved, naked female. And a completely subdued sex slave.

*To obey was my only talent. To please was my only purpose. To exist without living was my only fate.*

*After all, I was nothing, and nothing didn't have the luxury of making choices.*

And the only one who instantly *recognizes* the *dark* inside him.

*That was when I knew, she and I, we were from the same world.*

*One forced and ruined to exist within it...the other willing, yet unable to participate.*

This dark connection and recognition only intensifies the tension between them and torture within themselves...

unable to contain it any longer, in search for answers - of who she really is, why she just happened to be almost dropped off at his doorstep without any clue - Antonio caves in,

finding solace in depravation of her submission as she finds the purpose and salvation in pain and pleasure, that she was never allowed to feel.

*The darkness she had been forced to live in made her appreciate the light. It made her unwordly and completely irresistible to a monster like me.*

the dark need that consumed them both, only pushed the limits of Antonio's inner beast, a depraved, possessive monster, as he calls it. There's no denying that Nessuno/Doe is his - his to ruin, his to mark, his to possess, even though he's far from the *real* monsters she had the horrible misfortune to experience in her entire life.

but then little pieces of information come filling in and the mosaic suddenly comes to a revelation and it changes the game, completely...Nessuno's real identity comes to life that actually turns the odds of their connection into a sick irony...but it's too late for Antonio to back down now, as his claim is deep and irreversible...

*I'm not the one of the good guys who can save you, Doe. But I'm the bad motherfucker who will raise hell in order to protect you.*

and the war has just begun...

As **Bella J** leaves an open window for the next installment that would give more insight into the turmoil of changes in *Nessuno/Doe/Alessa's* life in **Mafia Queen**, this book dwells on the thin line between need for the pain and consumption with the pain, it's borderline dubious, and it 's intriguing to have the power of making different interpretations of the same subject in question.

**As my main fixation was placed on the notion, or more like an inquiry of whether Nessuno "needs" the pain to submitt cause she's trained to desire it and can she really tell the "difference" when wanting it willingly while Antonio is demanding it... and in that aspect I needed more to figure it out. I**

**didn't romanticize it, and you shouldn't cause that's not what they share at all, and I actually loved that, but as someone who is not really getting the pain/pleasure connection, I felt sad for what happened to Nessuno. I felt gross and powerless...and I so wanted fr her to regain herself, but I felt like she needed more time to do so...**

**and I know that she would have her time in the next installment, I just felt like she needed a glimpse of hope for herself, without the "need" of the man, master...**

I guess that would be left to consider, or not, for any of you that will embark on this journey on your own.

Read for E&A Book Blog

Dark, edgy, gritty, and raw, this book will having you grabbing a bottle of wine. It was captivating and OMG the ending!! It is a definite must read.

---

## **We Like them Dark \*\* says**

THIS is what I've been waiting for this whole series. This book-is hands down, the best of the three. In the past, Bella J has had some seriously amazing books, so I was definitely expecting a great read. I LOVED

how she tipped the line and decided to go a bit darker, and more detailed with her writing this time around. She will absolutely quickly become a queen in the dark romance genre-and I know the next book, will be that much more amazing.

One thing I have to especially point out is the dialogue. I think a lot of authors have trouble with it sounding real, and after a while gets to be corny. Honestly-Bella J knocked this out of the park, because I literally have no complaints and I think this was a stellar part of the novel-the dialogue between the characters that made me believe the characters were that much more genuine.

I really can't wait for the next book!

---

### **Ana Rita says**

Books, books, and more books... My life has been surrounded by books these past couple of years and the more I read... The more I want... Insane right?

What's even more insane is that I used to hate reading...

If found out a few genres and like everyone, there are the ones that I love and some that I don't like. But there are two genres that I can't wait to devour... MC and Mafia... And oh boy... This author knows what she's doing.

Bella J. has introduced me to this mafia series a couple of months ago and I was a goner from the first page. Not only the plots are amazing but the covers she chooses are stunning and hot...

Her writing is raw, dark, dangerous and hot at the same time.

Mafia King is her latest release and it's the third book from the Royal Mafia Series and you really should read all books in order.

This new book explores the lives of Antonio and Alessia.

Antonio is the king, an evil and twisted king that takes no prisoners, despite fighting the darkness sometimes it's impossible to achieve... Used to rule and seek what he wants in order to protect his family it's his goal.

Don't cross his path because if you're on his bad side you'll end up dead or worse...

Nessuno aka Alessia was taken against her will to be tortured and abused. She had suffered tremendously and was left to die. One day someone found her but will he be her savior or her executioner?

What the hell?? It's over... The book is over... Why??? Why???

Seriously... I'm mad... I'm happy... I'm sad... Jesus...

The plot is amazing, very well written, super engaging and surrounded with the unknown...

The interaction between the characters was raw and intense. Each scene left me with the need to want more and more each time.

Once I started to read this book I couldn't put it down. Things were happening in a way that made me devour this book in no time.

Now I'm mad... Mad because it's over and I want the rest of it. The rest of it...

This book, resembling the other books from this series presented us with darkness, drama, violence, betrayal, as well as love, loyalty and second chances...

I'm stunned... Overwhelmed... Amazed... Dayum...

Seriously Bella..... Will we wait to long? Please say no...

I voluntarily reviewed an Advance Reader Copy of this book.

### **Kelly Williams says**

I received an ARC in exchange for an honest review. WTF. This book it drained me. I felt so sorry for Alessia. The struggles Antonio goes through, fighting his true self. This book was dark but deeply intriguing. I CANNOT wait to see how it ends and what happens to Master V. This book had tons of drama and great

story line. I also really like the characters throughout the book. Lorik and Lucio are funny!! Great read, I couldn't put it down and can't wait for the next one.

---

### **Claudia Cardoz says**

Antonio!!!! ?.. SIGH!!!!!!... So my favorite Valenti has finally gotten his book & I couldn't be happier. Antonio is the elder brother, the next in line to the throne and yeah he is ruthless, but I never expected his story to be so heart wrenching and intriguing. I certainly didn't expect and see that coming. Antonio is every bit the Mafia King. But then there's this nameless, unknown girl that lands in his life, he knows nothing about her, but her light, her scarred innocence calls out to his darkness... Dhuddd!!!!!!... Yeah.. That's me Fallen hard for Antonio ???... He is every bit the ruthless mafia yet you can't help but fall in love with his take no prisoners attitude. The way he talks, the way he carries himself... I'm crazy in love with Antonio ♥?♥?..... But THEN WHAT THE WHAT..... DIDN'T SEE THAT COMING AT ALL... BUT I was definitely waiting for something like that to happen because Bella J. Is sooo good at doing that to her readers, she loves to kill them with suspense.... But I live for it and I LOOOOVED ANTONIO... Can't wait for the next one.... ♥?

---

### **Nikki Malan says**

Antonio Valenti was born and bred to lead the Mafia family. He exudes control over his business dealings and that of his family but he has his own dark demons to contend with. He has managed to control his past depraved darkness until an unexpected shipment arrives with a battered and naked female. This beautiful broken woman calls to his inner sadistic beast and he is not sure he can control his tormented urges, all while trying to protect his family and this damaged woman. Nessuno youth was stolen from her and she has lived in her own personal hell at the hands of those who are sinister. She recognises the monster and darkness in Antonio and yet there is something more about him. Should she fear him worse than those before him? Can she survive this new monster? Will her past come back to collect and haunt her as he promised? And how did she arrive at the hands of Antonio Valenti, the King of the Valenti family? Ms Bella J has created a story full of plot twists, suspense and so much more. I am blown away by this talented author. This story is definitely dark with some scenes that are uncomfortable to read, but necessary to understand the story. The character development is brilliant and you will have so much empathy for Nussun/Doe. Antonio is a man that takes what he wants and controls like a King, even when he has to take revenge on those that have double-crossed him. The building climax, the suspense, mystery and angst will keep you captivated and your mind reeling. When Nessun/Doe true identity is revealed, it just adds a whole new dimension to the story. Ms Bella J is fast becoming the queen of dark romance and I cannot wait to see where she takes us next in Mafia Queen.

---

### **Simona Misevska says**

5 STARS

An amazing and amazing book, i finished this book two days ago and it's still on my mind. This is the best book in the series, i didn't like Karina and Lorik book, and i dnf the first 50 pages. Dante and Layla's story was very good but Antonio and Alessia story blows my mind. I connect with them from the first page and my heart literally broke for Alessia and her painful past. I don't want to believe that what she been through

can actually happen in real life.

Antonio is alpha, dominant hero. He has his secrets and regrets and the author development his character amazingly.

All in all amazing book. I did not know that will end with cliffy so that was a big surprise for me and i m eagerly waiting for the next book.

---

### **Jamie Chomyc says**

Bella J is absolutely amazing!! She is the queen of the dark romance genre!! Mafia King is the best of the 3 books in this series!!

Antonio has been groomed his entire life for this one job!! He has spent years hiding his demons and once Alessia comes into his life it's time to let them out to play!! This book is a rollercoaster it has chemistry Antonio and Alessia are HOT together!! This book is heartbreaking, gritty, raw , dark it's intense, intriguing, powerful and addictive!! It's a page turner from beginning to end!! Come take a walk on the wildside with Bella J you won't be sorry!!

---

### **Tanja Kezmic says**

OMG this book did not end like that did it?? I can't even...what in the actual whaaaat....my mind is going about thousand miles per hour right about now. This book was so terrible that it was AMAZING. My God I don't even want to know how **Bella J** got the info to write this book. It was heartbreaking and ugly and yet underneath it all you could still see and find hope for this poor girl and her future that is about to change forever with **Antonio's** help.

The next book - **Mafia Queen** is going straight to my no.1 spot at my TBR!
