## From Reader Review The Rainbow Wand for online ebook

### Sienna K says

OMG! Considering I read this about a year ago, I can still remember everything. Emily defiantly knows what children like to read!

---

### Jenna says

I would give this book (and the rest of the series) two or three stars. It is a really good book, for younger kids (7-9).

For me, I enjoyed it when I was younger, but now, it was.....interesting. Totally great series for young girls. Pretty easy read too.

---

### McKenzie says

this one was interesting. but it was better than some of the other books in this series. but yeah, it was alright.

---

### Dawnetta says

My girls love these books. These a great beginner fantasy books, which I even enjoy reading. The plots are simple yet exciting and diverse. These are a good read.

---

### Jennifer says

A darker book than any of the previous nine, and less centered on the fairy realm than usual, but still a good climax to the series. Sad that it's over!

---

### Ellisa says

I LOVED this series when I was little. I used to stay up late reading them on school nights haha. I enjoyed them a lot.

---

### Cameron says

My favorite out of them stayed up till 9:19 to Finnish number 7 8 9 and 10. Mrs Ronda is a great writer!!!!!!

---

---

### **ABC says**

This was probably the best of the Fairy Realm books. I think this may be the last of the series (?)

---

### **Meredith says**

A very good story. I'm sad to finish this series as I have enjoyed the adventures of Jessie in the Realm. I do plan on reading more of Emily's books as they are all very entertaining.

---

### **Sarah Eagle says**

This was one of the best books in the series. It was a great mix of throwbacks, explanation and new stuff. I didn't know for sure who the real Linnet was until the end, so Rodda doesn't disappoint. There will probably be more books later, but this is honestly a good stopping point. I was very satisfied by the end.

---

### **Lindsay says**

A good end to a fairly good series, but I hardly remember any parts of any of the books because I read these so long ago!

---

### **Sarah Crawford says**

A number of things are going wrong for Jessie, mainly relating to Mrs. Twiddie, the noisy neighbor, Ms. Stone, her teacher (who is trying to get Jessie into a different school elsewhere), a missing child, and an old man in the realm who has a rather harsh reputation.

It's a rather complex story, but one of the best stories in the entire series.

---

### **Nilsson says**

You've really got to be careful about people wandering into realms they shouldn't be in. Maybe some sort of laws should be enforced to prevent this.

---

### **\*Eva\* says**

love it

## Reagan says

Jessie visited the realm again because Tasha had been missing. The rainbow wand guided Jessie and her realm friends to Tasha.

The rainbow fairies whined that they wanted Tasha to stay with them.
