## It Was You Carly Fall

On a fateful afternoon under the hot Arizona sun, firefighter Sydney Blake suffers an incident that leaves her with nightmares plaguing her, wracked with guilt and a good case of depression. Sydney's best friend decides that Sydney needs the help of the online dating service, Match Made in Heaven, where trouble souls go to find peace.

Jordan Henley was the guy who had it all: good looks and any woman he wanted. After an accident that left him scarred, angry and suffering from his own nightmares, he signs up for Match Made in Heaven on a dare after some beers with his business partner.

Neither Jordan nor Sydney is prepared for exactly how well matched they really are, and how Match Made in Heaven can help them find the peace they both desperately need.

### **Susan Babics says**

Really sweet short story.

### **Denise says**

This was a short, sweet, feel good read and I loved it. It explores the consequences of actions and choices, as well as healing and forgiveness. There is a steamy side that is tastefully written and for me it was overall a satisfying short read. I genuinely liked Sydney and felt empathy for her and of course Jordan, as I pictured him in my imagination, is just right. I generally enjoy a little more meat to my reading and would have loved this to have more to it; but honestly, I finished it with a smile on my face and a good feeling overall

It Was You by Carly Fall

Sydney Blake is from a long line of firefighters. After almost dying while fighting a huge forest fire she is rescued but lives with the fear, nightmares and guilt that someone was hurt because of her. Her friend takes it upon herself to sign Sydney up for an online dating service called Match Made in Heaven. The date takes place at their resort in Mexico, the Corte Celestial. With nothing better to do, Sydney agrees to the date.

Jordan Henley is use to getting women's attentions but since an accident over a year ago and one rejection, he's not as confident as he once was. He was left with some nasty scars on his back and obviously women want their men more perfect than that. After a few drinks one night his partner dares him to sign up for the online dating service. He did.

Two people who are both scarred. One on the inside and the other on the outside. Although Jordan's anger issues are pretty strong as well. Can this unique date with the celestial atmosphere not only bring these two together for a night but heal them as well? I found this to be a good story. It's a shorter book but a complete story.

this book was good. cute. 82 pages. but the ending was so abrupt, and I gave it a 'duh' because of that and the implication of the ending. I gave it four stars though because I liked the rest of the story.

## **Campbell says**

Sexy and romantic, with a hint of the supernatural. Good story.

---

## **Yvonna says**

A book about healing between two troubled souls.
