From Reader Review A Boss Chic: A Love Story for online ebook

Sandra (Book Loves) Atueyi says

A Boss Chic: A Love Story by Shantay is a good book to read. I enjoyed reading this book because I love the concept and vibe for this book. This is my first time reading from Shantay. She is a good writer and author. This book will not allow me to put it down because it's dealing with a lot of drama.

Jared and Jasmine are made a good couple but Jared needs to get his acting together before he is losing a good woman in his life. Jasmine needs to be careful who she chooses to be her friends. Friends are becoming enemies and jealous. Aaliyah is a thirsty, crazy and something else. She's shady and phony friend to Jasmine.

I give the five stars to this author and this book because they deserve it. I'm looking forward to read part 2 and 3 of this book. I'm looking forward to read another book from this author.

Good Job!

Whoa

Loved it Loved it Loved it!!!!!! Aaliyah was a hot mess. I'm glad she was caught from trying to be a backstabbing friend. Jas really have to pick her friends more carefully. I hope Jared is not cheating on Jas either cause I really like them together. Author Shantay did her thang in this book I can't wait for part two.

Donica James-edgerton says

Damn that was crazy as hell.Its a true Bonnie and Clyde love story.I love the love between Jasmine and Jared.I can't believe that ole girl was a snake like she was.And that ending was shocking to me but that's how it always ends up lol.Cant wait for part two

Shoulanda August says

Wow! Why do niggas always tuck up a good thing?

Jasmine had it all, until she trusted a no good nigga. Why men go through all the bullshit of claiming to want to be with you and then turn around and tuck you in the end. She was a boss chic that didn't need a nigga for nothing, then he destroyed her whole world including her heart

This book was good, I'm mad because the last 3 books from Leo Sullivan Presents that I've read only gave 80% of the book and 17% of another book. Why? In all the book was good, I want to know why the change in Jared...

A Boss Chic

Jasmine had a real good her on her shoulders. At 19 she had her own shop and was going to school. It's a shame that Aaliyah was so jealous of her friend. Jared seems to be a really nice guy for Jamine

My mouth was drop wide open!! Next

Yes!!

A must read book.Jared and Jasmine relationship was so fast paced seemed like a fairy-tale type love.Aaliyah was delusional and shady but a overall good read.

Just ok

Just ok

This book took longer than usual because it's not that interesting. The chase, at the beginning, was good.

Then it's just average. The suspense in the epilogue makes you kinda think about purchasing the next part, but with the horrible punctuation, I won't be reading it.

A Boss Chic

This was a good read. However, Jason started off wrong bragging about all she was while entertaining a snake. I love Jared. I like his humble attitude especially his stand on thinking with the head on his shoulders. I hope he continues to do that. Australia was just crazy for no reason. This could have been Four Stars, but another continuation. Definitely recommended.

Great story

Great story

This book shows how love can bring two people that are so different together. Also how jealousy can tear friendships apart. This book is just like real life. Can not wait to read book two.

I LOVED this book... We often times don't give new authors their fair chance... Shantay won me over with her personality and then snagged me for life with this best seller... You have no choice but to love Jerod he is the man we All want.... Maybe.... And Jasmine is the woman we should all stride to be!!

Ok Read

This book was ok. There were a lot of things in this book that was just not realistic to me. I felt the author was all over the place with this this book or I just don't understand ghetto love. It was a trip, the dialogue that is. I was determined not to give up reading this book since I started it. The end of this book left me

wondering what happened with Jas and Jay?!? So, I decided to read book 2. Hopefully, it gets better.
