Highly recommended!! Absolutely love Connie Mason's books!! She is one of my favorite author!! (Not sure of the dates the I read this book, it's been several yrs.)

Pink Angel says

1000000 out of 5 stars. Different but one of the most beautiful stories ever.

I love Connie Mason. She writes fantastic stories with amazing plots and just as amazing characters. However, at the same time she is a very walk the line author for me when it comes to her books. There will be the amazing in all ways books and those that generally keep on that line of being neither amazing or plain bad. This is for one or tow if not both reasons. The first being that too much concentration is given to a problem that is mixed with several other problems-- sometimes even going only to come back. If this is the case it gets exceedingly annoying, even more so when more attention to the more interesting happenings could be happening. This problem relates to the second reason and that is despite the great characters and the story the characters on their own may be very interesting but when put together they lack in any relationship growth whatsoever. Basically they spend no actual time together to get to know each other-- its sex and than they suddenly fall in love-- makes no sense and insults the individual characters that have been established. Both are what I found in this book...I loved the characters and the plot was very good excluding the holes where so much relationship growth could've happened. As a result I didn't believe in romantic features, there was more potential than actual romance. Yet, the books despite its flaws was good and didn't warrant less than two stars. For teetering on the line I give it three stars.

Tok much drama for my taste.

I read this 15+ years ago, so I might be wrong here but I think the hero in this book cheats on the heroine with HER STEPMOTHER (in vivid details)! Ewww.....

Kim says

i like that this was from the western days and the man that she thought was there to just help her with farm she fell in love with but he made she keep her honor
