**The Doctor's Valentine Dare** Cindy Kirk

## HOW TO WIN A GIRL IN FIVE DATES

She says she doesn't date doctors. Ever. But brilliant neurosurgeon Noah Anson is determined to get Josie Campbell to go out with him. Noah never met a situation he couldn't control or a woman he couldn't charm...until Josie. Winning over the beguiling beauty is a challenge he just can't resist!

Long considered the black sheep of her family, Josie is back in Jackson Hole to try to mend fences. And nothing would bring her parents over to her side like her dating a sexy doctor! But not even Josie can resist Noah's tempting proposal of five dates to win her over. By Valentine's Day, Cupid might just have a closer grip on Josie than she'd ever imagined...

## From Reader Review The Doctor's Valentine Dare for online ebook

### Michaela says

It was cute but way to rushed at the end. I also could have liked more about Daffy at the end. Really want to read Sylvies story tho.

---

### Nancy says

Church scene was nice to see. Sibling miscommunication was an interesting theme in this book.

---

### Jessica Figueroa says

For years Cindy felt like she was being pressured by her family to be something she's not. More specifically she was being pressured to become a doctor when she wanted nothing more and to find herself. So for a year she left without a trace to find herself. Now she is back and working on a better relationship for her family that is with the help of Noah Anson. Meanwhile she is going to help him get a better relationship with his sister. Little did they expect the more they are around each other that they would fall for one another.

I thought this book was cute. It was nice, sweet and steamy. I love how their relationship / interaction was between Cindy and Noah. I thought was interesting seeing how they slowly but surely they find a way to reconcile what was between the family members. I thought each of the back stories were interesting. I love that there was the point of view of both characters. The book was very well written and I really enjoyed it, I finished it within one day. Since it's based during Valentines Day this is the perfect time to get your hand on it. I love finding books that can relate to the current holidays / seasons. If you do too and love a bit of romance then check this book out.

---

### Colleen says

meh.

---

### Biggaletta Day says

One of the best sweet romances I've read this year. It was so easy to read. I liked it and I'd definitely read more by Cindy Kirk.

---

### Tima says

Josie Campbell does not date doctors. Her tenuous relationship with her dad and brothers, all doctors, has cured her of that. But when she meets Noah, he challenges her to date him. He needs helping understanding his sister and she needs help understanding the men in her family. By having sudo dates they hope to learn more about the others family to better aid in helping. But not everything goes according to plan when emotions are involved.

This was a sweet story. The characters were likable, the chemistry fit for the two main characters, and the theme of family and mending relationships was a nice touch. There were parts that felt a little contrived or cheesy, and the ending seemed unrealistic. But overall it was a nice retreat from normal that I enjoyed reading.

I received this book free of charge from NetGalley in exchange for my honest review.

### **Harlequin Books says**

"Catching up on past happenings and the sincere handling of the flawed families in this Rx for Love tale are impressive. But it's the author's perfect portrayal of her playful, spontaneous, adventurous couple that truly amazed" (RT Book Reviews, 4 stars).

Miniseries: Rx for Love
