Warriors: Tigerstar and Sasha #1: Into the Woods Erin Hunter (Creator) , Dan Jolley , Don Hudson (Illustrator)

A graphic novel adventure from the world of Erin Hunter's #1 nationally bestselling Warriors series!

In the first book of the Tigerstar & Sasha manga arc, a kittypet named Sasha searches for a new home—and wonders if she might find it with ShadowClan and its leader, Tigerstar, during the events of the Warriors: The Prophecies Begin series.

When Sasha is forced to leave her kittypet home, she must forge a solitary new life in the forest. Life on her own is exciting at first but quickly gets lonely. Then Sasha meets Tigerstar, leader of ShadowClan, and wonders whether she would be better off joining the ranks of his forest Clan. But Tigerstar has many secrets, and Sasha isn't sure she can trust him....

From Reader Review Warriors: Tigerstar and Sasha #1: Into the Woods for online ebook

Julie says

I read this out loud (Firestar and Sasha's voices are fun), without having read anything Warriors except for "Into the Wild." I didn't remember if I knew any of the characters, but it didn't really matter. There was a surprising amount of romance in here, though the 8-year-old boy I was reading it to didn't seem to mind. The illustrations are fine, though humans look a little strange. Cliffhanger = we're reading #2 now.

Cathy says

Carter Hasegawa has been raving about these Warriors books about cats, both wild and kittypets (cats with owners), but as my work gets more hectic, I've had less time to read, so I found these manga versions at my local book store and I read four while I waited for soccer practice to end. They're addictive and I wish I had more of them! This one is about Sasha, a former kittypet whose owners get too old (the wife dies and the husband is sent to a care home), so she ventures out and in the wild she hooks up with Tigerstar, the leader of the Shadowclan.

The best thing about this is that at the end of each book, there is an excerpt from the newest text version of one of the books in the series, so reluctant readers who like the manga can be encouraged to try the text versions of the series too. Smart!

Cameron says

when reading *The New Prophecy*, I wondered, how could a rouge possibly fall in love with Tigerstar? The manga Tigerstar and Sasha series tells how Sasha saw past the evil in Tigerstar and fell for him. A story of love and betrayal, *Into the Woods* is an emotional and powerful story about how through love, evil is powerless.

Firestar says

I read all the mangas with Sasha in them, and they are a nice short read any Warriors fan would enjoy! I like mangas due to their art, and I love drawing manga myself, so this was defiantly for me.

Evelyn says

This series starts during *Warriors #4: Rising Storm* and ends before *Warriors: The New Prophecy #1: Midnight*.

Sasha is a kittypet that has lost her home due to the death of her owners. SO SAD!! In order to survive, she

wanders into the forest. There she meets Tigerstar, leader of ShadowClan. Eventually they fall in love but Tigerstar cannot accept that Sasha was a kittypet and demands she never say anything about them again. Sasha has a choice: Become a Warrior of ShadowClan or stay true to herself.

This series has 3 volumes.

Katie says

My first exposure to Warriors is complete! Onto the next because that ended on a cliffhanger!

Scott says

I was a little put off by the somewhat bare illustrations, but the character arch was really compelling. Sasha is self-aware and self-possessed, a heroine who seems like she can do anything, and carefully considers her actions. There's lots of excitement with the clan confrontations, foxes, and weighing her future.

Emy says

This is a graphic novel in the Warrior books, the first in the "Tigerstar and Sasha" series. I really like Sasha and I feel sorry for her that her owner had to leave and she had to go to the forest as a rouge cat. Sasha made a den near the Shadowclan territory and she comes across Tigerstar. She falls in love with him and they spend time together, but Tigerstar is not telling Sasha the complete truth about him and his clan.

Emma says

I know this isn't really a book but I had to read it or else I would miss part of the story. The pictures are really bad in this series. The ones on the Lost Warrior books were better. I mean manga=anime central and a cat is about the easiest thing you could draw in manga.

Ashley says

Warriors - Tigerstar and Sasha: Into the Woods (Tigerstar and Sasha Book 1) Summary: Sasha has everything she wants: king housefolk who take care of her during the day and the freedom to explore the woods beyond Twolegplace at night. But when Sasha is forced to leave her home, she must forge a solitary new life in the forest. Life on her own is exciting at first but quickly gets lonely. When Sasha meets Tigerstar, leader of ShadowClan, she wonders whether she would be better of joining the ranks of his forest Clan. But Tigerstar has more secrets, and Sasha must decide whether she can trust him.

MY OPINION

Sasha has the perfect life until one of her Twolegs dies. Consumed by grief her remaining elderly Twoleg goes to live in an old folks home, leaving her behind. alone and frightened, Sasha goes into the woods where Pine helps remove her collar and warns her about the Clan cats. Unable to stay way, Sasha journeys to the Clan's border where she meets Tigerstar. As Sasha begins to fall in love with the evil tom, she is shocked to learn his true nature. But when he asks her to join ShadowClan, what will she do?

Quote: "I have a plan to lure a pack of dogs into their camp. Then we'll be rid of that filthy kittypet Firestar and his Clan of kittypets and half-breeds once and for all."

Aoife says

I enjoyed this manga editon to the warriors series. It's not necessary or vital that you read it as it doesn't tie in with the plot of the novel stories but it's a nice extra, showing the life of Sasha and how she meets Tigerstar - she falls for him at first (and you see a sort of loving side to him) but then she realises that maybe Tigerstar a bit too ambitiously evil..... It's good but I didn't make it sound to good, I'm not good at writing reviews! GREAT MANGA ARTWORK, NICELY PACED - Better if you have background knowledge (read the warriors books).

Rainflight says

Awesome new manga adventure!!!

Dolly says

This is the first graphic novel we've read in the Warriors series of books. It's one of three books featuring Tigerstar & Sasha.

The graphic novel format is interesting and the book is a quick read. I noticed that Tigerstar refers to Firestar as the leader of Thunderclan before the episode where he lures the pack of dogs to Thunderclan's camp. Bluestar dies in the final effort to rid the camp of the threat of the dogs, so Fireheart would still have been her deputy, not the leader.

Still, despite the inaccuracy, it's a fun fast read and the illustrations are very good. Our youngest really enjoyed reading this book and we are both looking forward to reading the rest of the graphic novels.

Bambi says

I've never really cared that much for Sasha, so it was nice to read something that made me more sympathetic to her. The manga is so short that I find her 'falling in love' with Tigerstar a bit rushed, and the art is probably my least favourite out of all the manga-style editions we have of warriors, but she's not a bad character and it does clarify some stuff about the series.

Angela Holland says

This was my first graphic novel and I have to say I was pleasantly surprised by how much I enjoyed it. It was a little meatier than I thought it would be. I picked this one as I am doing a summer reading program and that was one of the challenges. This one caught my eye because of the cats and I am a cat lover. I liked how the author gave us a look about what happens to a house cat when it starts living outside as well as how outside cats think. I felt bad for Sasha and just wanted to take her in. I want to read the next book in this series to see what happens with Sasha and Tigerstar next.
