## The Cowboy's Last Goodbye Shanna Hatfield

As a master of goodbyes, Ben never expected to fall in love... *From USA Today Bestselling author, return to Grass Valley and reconnect with the characters you've come to love in this sweet western romance!*

With his siblings and friends entangled in the state of matrimony, Ben Morgan is more determined than ever to remain blissfully single. Despite his vehement refusal to commit to a relationship, he can't help but envision a future with the sweet, charming woman who unknowingly captures his heart.

Harper Hayes is an expert at bad relationships. After vowing never to wed, the idea enters her mind with alarming frequency after she meets Ben Morgan. Although the handsome cowboy makes it clear he's only interested in having fun, Harper's dog and crazy uncle have other ideas.

Read all the books in the series! The Cowboy's Christmas Plan - Trey Thompson just wanted a housekeeper and cook. He never planned on falling in love with Cadence Greer. She takes the job, right along with his heart. The Cowboy's Spring Romance - Trent Thompson is confident, laid-back, and easy going except when he's around Lindsay Pierce. He's definitely met his match in the lovely school teacher. The Cowboy's Summer Love - Travis Thompson has loved Tess Morgan as long as he can remember. When they both return home to Grass Valley, the pull of attraction to one another is so strong it's about to throw them off kilter. The Cowboy's Autumn Fall - Brice Morgan thinks love at first sight is for idiots, at least until he meets Bailey Bishop and falls head over heels for the serious, career-minded girl. The Cowboy's New Heart - Denni Thompson emphatically declares herself too old to love again. Then she meets hunky Hart Hammond and decides to give love a second chance. ## From Reader Review The Cowboy's Last Goodbye for online ebook

### JaneReads says

Loved getting to know Ben more, he had been in the background in previous books and this time we finally get to know to really know him. You know that Ben is unsettled with his life, but is determined not to fall in love like his brother and friends, but after meeting Harper he knows there is something different about her and can't stop himself from spending time with her. Harper has had a bad childhood experience and doesn't trust relationships, but decides to spend time with Ben anyways. As much as these two try to fight it their hearts become involved. Will they push each other away or will they get over their fear of relationships? It was great to catch up with the Thompson and Morgan families again. The ladies are feisty and the men are masculine without either being to over the top.

---

### Sarah Shewey says

Ben's story is much like his brother Brice as in they both see a girl and know she's "the one"; unlike his brother Ben tries to fight what his heart is telling him. Ben is also carrying around a secret that could destroy his future with Harper.

---

### Davette Bowden says

**WOW!!**

A completely new author for me to read. I got the first book in the series because I love a good cowboy romance. I instantly fell in love with all the characters. I finished all 6 books in record time. I cannot wait to read the next adventure.

---

### Linda says

This was the 6th book in the Grass Valley Cowboys series but hopefully not the last! Ben and Harper's story had me rolling on the floor laughing and then I was crying my eyes out. A beautiful addition to a wonderful series.

---

### Abbie says

#### **I hate to come to the last of the Grass Valley Cowboy series**

This series of stories has been delightful from the first to the sixth. This story has a more melancholic tone to it than the prior ones. If you've enjoyed the prior stories you'll want to continue to follow the lives of those who live in Grass Valley.

### **Julie Jobe says**

Finally got to read "The Cowboy's Last Goodbye"! I have had it since the day it came out, but we've been very busy and I was waiting for a time when I knew I could really take my time and savor it as I read it! And savor it, I did! Absolutely loved the book and the characters. It was so great to get to know Ben (he's always been in the background and I loved finding out more about him, his personality, and his background in this book) and to meet Harper. I loved both characters. Shanna Hatfield does such a good job of writing fun, balanced characters who don't get on my nerves. :) The ladies are feisty without being aggressive and pushy. The men are masculine without being "macho" jerks. And she always has just the right amount of romantic spice that makes my heart melt without taking it too far. It was such a pleasure to catch up with all the Thompsons and Morgans! Can't wait for whatever Shanna Hatfield has in store for this series in the future!

---

### **Jackie McKinley says**

I've read all six books and just loved them. All the character and their stories were interesting. I got lost in every one of them, feeling like I was there living their lives. I especially liked when the situation got too hot and something always happened to stop it. Very clean and loved the anticipation of each character in the way their love evolved for each other.

---

### **Patricia says**

this is another great story loved it

---

### **Sharon says**

**Very good**

I surely loved this series . I really felt like I was in Grass Valley it sounds like a wonderful place to live. The characters are great people to know wonderful carrying families love Cast she is a funny little girl these books are full off love and laughter. Will be reading more from this author

---

### **Heather says**

I loved this last book in the series as much as the others. Clean, light romance. I love the family loyalty and bonds they share. There are normal life's challenges so I feel like I can relate to the characters. Reads like a Hallmark movie which I love!

---

## **Sandra\_d says**

Ben Morgan has some shocking secrets that keep him committed to being a bachelor. Harper Hayes is convinced she will remain single forever after her unfortunate childhood convinces her there is no such thing as a happy ending. After finding that they each genuinely like each other, Ben and Harper begin to see more and more of each other, and something more than friendship develops. While one person is ready to consider the next step, the other is not, and their time together comes to a screeching halt. It would seem that they've each said their last goodbye.

The entire Grass Valley series is amazing, and this book is no different. While this is written and can be easily read as a stand-alone, if you are familiar with the characters from the previous books, you will enjoy being updated on their lives, And if you haven't, you will no doubt want to go back and read each one because they are all equally excellent. Like all of her books, Shanna writes this one with humor and heart, her characters are completely engaging, and there is more than a little clean but palpable sizzle. Loved this book!

---

## **InD'tale Magazine says**

3.5/5.0

The sixth book in the Grass Valley Cowboy series, readers who have followed these families will be reunited with them, and follow along as Ben and Harper begin their journey.

Read full review in the 2016 May issue of InD'tale Magazine.

## **Judy Esposito says**

### **Sixth Book But Hopefully Not The Last.**

I enjoyed this newest addition to the series! I love both Ben and Harper. Harper, lovely and sweet, was very happy with her life and didn't want to be too involved with anyone. Ben's thoughts were just that, he would never be like the other men in Grass Valley, fall in love, marry and have a family. Dating was fine, but not permanently. But love is in the air once again in Grass Valley and if you are like the other Morgan's and Thompson's, there's no hiding from it. This is a sweet clean romance but written with lots of sizzle along with humor I've have come to expect from this Author. But there were quite a few glitches along the way, with a secret I would never have thought of. I loved Uncle Cletus and General, Harper's military dog. Both are very loving and humorous additions to this book. I enjoyed reading again how the families are all growing and all the other wonderful characters that live in these books. I have read this entire series a long time ago and just loved each of the books in it. I thought it was over and was so happy when I discovered there was going to be a sixth book coming out. In preparation, I read the entire series over again. And I have to tell you, I enjoyed it as much or even more the second time around. Each of the characters that are in each book are written so well, you want to be best friends with them. I am so happy to hear that there will eventually be another one. This book can be read as a stand alone and after falling in love with the Grass Valley community, you can always start from the very first book in the series. JudyE

---

## **Crystal says**

### **Terrific!**

Sometimes loves doesn't come easy. Ben and Harper are two people who fight falling in love with tooth and nail, but will it work?

---

## **Robert Stevenson says**

### **Wholesome Stories -great for tv ?series!**

The six books portraying the life of the three Thompson brothers of the Triple T ranch and the Morgan brothers and sisters growing up in a nearby ranch. This all takes place in the cozy community of Grass Valley, Oregon. Hopefully, Ms Hatfield will find more characters in this wonderful community to add to the mix of delightful characters.

A must-read for anyone enjoying good, clean romantic western based tales.
