Her Reluctant Rancher Anne Marie Novark

Living with his stern grandfather taught construction tycoon Trevor Callahan one important lesson: Caring makes a man weak. Now back in Texas to settle his grandfather's estate, Trev plans to sell the Rocking C Ranch so he can put his unhappy past behind him and move on.

Single-mom Beth Evans once confused lust for love and will never let it happen again. The bookmobile driver is trying to raise funds to build a new library. Hank Callahan bequeathed a million dollars for the project, but attached one stipulation: Do not let his grandson sell the ranch.

Monica says

A little too cutesy.

Victoria says

It is a great book to read

Jessica N. says

Sweet story

A little too much angst for me.
Now little Maggie?
She stole the spotlight and my heart.
I wish more there was more interaction between her and Trevor.
I would've liked more with her and Trevor also.

The first two thirds of the book was okay.
The last third was very emotional and nailed it.
I'd rather read a slow start and a strong ending than the other way around.

Teon says

Enjoyable

Really like the journey Trevor goes through to find his emotions. Amazing what a precocious 5 yr old can do to a big tough guy.

Cynthia says

Beautiful

Trevor comes back to sell the family ranch and runs into a young mom & her little girl. Beth is cataloging the books from the ranch so she can have them ready for the book mobile and future library. Can love come these two people.

Tina "IRead2Escape" says

Hotness Rating 3 out of 5

Review to come...

Judy Karsh says

This book was fantastic and shows that love does conquer all. Trevor Callahan had to learn how to love, Beth Evans didn't trust that she knew the difference between lust and love, Maggie Evans helped her mom and Trevor meet in the middle, the death of Hank Callahan (Trevor's surly grandfather) put everything in motion. Looking forward to reading more in this series.

Steve Bender says

Good story with an adorable little girl and a determined single mom. The story moves well and is a quick read. A few steamy scenes. Recommended.

Catherine Geist says

Fantastic

This was great book with a good storyline. It was well written & the characters were fantastic. It had romance, excitement & a little silence wondering how this would end.

Traci says

Great book

As usual, author presents a wonderful story. It draws you in from the first page, and keeps you reading. The characters were wonderful, and found myself reaching for tissues.. Will continue to read her books, never a disappointment.

Mary Stockwell says

Good

This book is well written and has a good plot. It has enough romance and intrigue to keep the reader interested.

Lorena Helfers says

Fun reading and had a romance way before the story ended, thank goodness.

Darcy Weber says

Cowboys and Ranches

Believing his grandfather hated him, Trevor leaves the family ranch, never looking back. He lives life alone, and lonely, going from job to job as well as woman to woman, never settling in one place. Then, a death brings him back and teaches him what true love really is.

Cheesecake says

Not my favourite by this author, but still enjoyable. The little girl is well.... annoying. Ms. Novark only seems to only write cloyingly sweet kids. The girl is such an overly obvious mechanism for furthering the plot, that I confess to rolling my eyes now and then. But other than that, it was an enjoyable read with a good ending.

Nancy Bodie says

Glad to purchase!

This was a well written and edited story. Really liked the characters. There is a lot of emotional range in the story. Loved that there is audio versions to this series.
