Berrr's Vow

Laurann Dohner

Berrr's Vow Laurann Dohner

Kidnapped from Earth and transported to planet Zorn to be sold as a sex slave, Shanna is one angry, frightened woman ready to fight anyone who tries to touch her. Raised in foster care, she's not going to take any crap off some alien men no matter how big, terrifying or muscular they are. Before she can be sold, she's freed by a huge, sexy Zorn warrior... a warrior with the most beautiful blue eyes she's ever seen. Shanna demands he take her under his protection when she realizes she's stuck on Zorn.

Hyvin Berrr, the leader of Zorn, thinks humans are helpless and weak. Shanna decides to teach the big hunk he's wrong by knocking him on his backside. He might think she's playing but she's trying to teach him a lesson. She's not sure if she wants to fight her feelings for the sexy alien, though if a woman has to lose a battle, this just might be the one time to concede.

Kidnapped from Earth and transported to planet Zorn to be sold as a sex slave, Shanna is one angry, frightened woman ready to fight anyone who tries to touch her. Raised in foster care, she's not going to take any crap off some alien men no matter how big, terrifying or muscular they are. Before she can be sold, she's freed by a huge, sexy Zorn warrior... a warrior with the most beautiful blue eyes she's ever seen. Shanna demands he take her under his protection when she realizes she's stuck on Zorn.

Hyvin Berrr, the leader of Zorn, thinks humans are helpless and weak. Shanna decides to teach the big hunk he's wrong by knocking him on his backside. He might think she's playing but she's trying to teach him a lesson. She's not sure if she wants to fight her feelings for the sexy alien, though if a woman has to lose a battle, this just might be the one time to concede.

In the last book, we readers got a little look at what Berrr's wife is really like. shes a mean cold-blooded son of a bitch who has no emotions what so ever for her sons or Berrr. all she cares about is her reputation.

Well im so glad Berrr's gonna find true love in this book! he deserves better than his wife.

We learned in this book that Berrr and his bond mate broke up in a way and she went to her true love, but when her mate wanted to kill him he had to protect himself and kill her mate, thus making her mad and she demanded him to bond to her again as punishment for the rest of his life.

Ral and Ariel have their first child, its a girl and they named her Destiny.

i love the part in this book where Shanna challenges Berrr's bound to the death, and she ends up kicking the Vorn lady's ass. well, she did take boxing lessons and all so that was a bonus for her, and at the end she didnt kill the lady but just made her uncoiuncess for a few minutes. So now Berrr accepts her as his bound mate and everyones happy....well most anyway.

i love love love Vinlotti in this book. he is one of berrr's closest friends and makes this book more funnier.

in the end everyones happy and Shanna and Berrr even plan to have their own little minion kids :)

Leo (Queen of the Rants and the Crazy) says

First read 1/4/13

5 stars.

Second read 5/12/18

1.5 star.

When I have reading slumps I always read my favorite books. I've forgotten about this book so I decided to do a re-read but boy I should have never re-read this

Heroine finds hero in bed naked with not 1, or 2, or 3 but 6 women all them naked as a bird and get this he was half erect. Would he had done something with this 6 women if the heroine doesn't go to his room? Hell yes I believe so. What man goes to sleep with 6 naked women gets half erect and rejects a bj? Apparently this saint of a hero does.

Oh Please...

Chappy says

Another great addition to the Zorn Warrior's series. One thing that I really enjoyed was how kick ass Shanna was. Most of Laurann Dohner's heroines are awesome but tend to be soft, gentle and a bit submissive. Shanna didn't take no shit from anyone especially Berrr and I loved it. You go girl.

Hope to get more books in this series...there is still Vhon who is single (hint hint).

Mspink says

This was another great addition to the Zorn Warriors series. I absolutely loved it! Berrr was an amazing hero. I loved that he constantly did what was necessary to keep Shanna feeling secure and safe. If he didn't understand something in how humans thought or what they needed, he would consult with one of his sons and their wives. This was not fraught with constant misunderstandings and conflict between the H/H. Once they really accepted each other, it was just a matter of getting the rest of the puzzle pieces to fit. I loved how tough she was and how she did not back down from a fight. He was appropriately strong and He-man tough but so beautifully sweet and tender. They were a perfect match for each other. Lots of "awww" moments to swoon at. And plenty of Grrreat warrior lovin too.

I got a feeling there could be some new stories about these wonderful warriors. However, the main family seems to be all dialed in now. So I'm curious if the author is ending this or if she will continue to write more delicious stories in the series. I truly hope so because they are wonderful and we aren't ready to say goodbye to them quite yet!

Vanessa theJeepDiva says

This is by far my favorite of the Zorn Warrior books. The father of the 3 previous brothers that I've read has finally met a human that he wants. I think what I loved most about Berrr falling for a human was his initial reactions to his sons taking a human female as a mate. He has always seen any female as weak, he believes human females are even weaker. He even feels that they will weaken his royal/elite bloodline when his sons start having children. Oh yes, karma found Berrr.

Shanna has had a rough life. Her life becomes even rougher when she is abducted by aliens to be auctioned off as a sex slave. She has never had anyone to protect her from the sometime cruel life fate can give. This life has made her tough. This life has given her the necessary skills to defend herself and knock Berrr flat on his ass.

Berrr has an intense blend of nurturing caring male with his alpha planet ruler persona that all must concede too. He only wants to keep Shanna safe. He has quickly come to see her as much more than a weak human. The biggest problem for Berrr and Shanna is the person who almost see's to her death. I loved this conflict. At many times it seems impossible for Berrr and Shanna to get to their much desired happily ever after. I don't want to give too much away with how the conflict works out, but it was perfect.

I can't wait for more books to come out in this series. I love these Zorn males! I just have to decide which one of Laurann's other series I will be moving onto next. Her Cyborg Seduction or her New species series. If anyone has an opinion on that please feel free to tell me.

Jacqueline says

Very pleasantly surprised after I really disliked the 3rd in the series. If I hadn't already purchased this I might not have gone back to this series and that would have been a shame. Much better plotting. Good characterization. Even though the action happened over just a few days, the emotions seemed real. Berr was so unhappy in his marriage that he was ripe for a relationship with a decent woman. And I believed in her feelings for him because he was such a great guy, decent honorable and hot, really what's not to love. He has been my favorite of the males in this series. The conflict of misunderstandings caused by their two different cultures was pretty well done and the ultimate conflict was true to the culture and the personalities set up over the series. I hope there will be more books in the series.

Raine says

I thought this book was good, though I really liked the first two books better. I did like the fact that Shanna is a kick-ass woman even if she is a human. And Berrr is great - an alpha male (THE alpha male of their planet), but is also sensitive and a bit sad because of his circumstance with his current bound. The thing is if he is such a great ruler then how in the HELL did his bound bitch get him to bound to her again. I mean, that is just a dumbass move. So I gotta question is right to rule an entire planet. He put this on himself and it is a good thing that he's got a strong, human woman to get him out of the shit he dug himself. I guess after all the grief that he gave his sons about their human mates it is only fitting he has fate bite him in the ass.

Bianca says

I liked this one a lot! I loved how the heroine, Shanna, wouldn't go down with out a fight! Usually I'm not a fan of the 'kick-ass' heroine, but I found Shanna very relatable! I have really enjoyed this whole series. I **LOVE** the super alpha growling possessive hero's!!! I hope this series continues!

Megan Fall says

I didn't really like Berr in the first three books, he certainly changed my opinion in this one! Berr is now one of my favourite's in this series. It was great to see a kickass heroine as well. Great couple and great storyline. I really hope there will be more in this series.

Rosebud says

I haven't been too impressed with the last two books from this series but decided to finally read it based on the high ratings on a lot of listopia polls. I really wasn't expecting much as Hyvin Berrr, the hero in this book, wasn't a fav character of mine in previous books. Cons in wanting to read this book including he was the father of the previous book characters and staid rigid leader of the Zorn warriors with an intense dislike of Earth women mating with his sons. Pros once I did read this book: he was the father/leader of the planet

Am puzzled at the paradox that is the female physician. Females have no rights, no freedom, so how is she a Dr?

Sammy Loves Books says

4.0 First Love Stars

Hyvin Berrr is the leader of the Zorn Warriors. Though he has watched his sons fall in love with human women, he is a man that has never known love. His wife hates him and her only motivation in life is to cause him pain since he killed her one true love.

Hyvin Berrr

Shanna has been kidnapped by aliens to be sold as a love slave. Though she is rescued by Zorn warriors, she learns that she will not be returned to Earth and will never see home again. Shauna became one of my all time favorite heroines because she could totally kick ass. Berrr was a sweetheart of a man and I learned to love him just as much as I loved his sons.

Laurann tells amazing stories full of characters that are so vivid and wonderful. The love scenes are always smoking hot so there is never any more to ask for.

I truely hope this isn't the last of the Zorn Warriors. I fell in love with a secondary character, Vinlotti, and I am overly hopeful that he will receive a book of his own soon.

Min says

the story's ok and what you expect. don't look for character development or complex characterization. the heroine falls in love within hours of meeting the hero. i understand we need to accelerate the relationship so we can get right to the whoopie, but c'mon. could they at least have 3 separate conversations before we're thrust into undying, jealous love?

so far, i think Ral's Woman is the best of this series because Ariel was the least annoying of the women. Shanna starts off ok - street tough chick who knows how to fight and doesn't take any crap from anyone. she quickly gets annoying when she

a) refuses to shut up long enough to let Berrr explain the differences in Zorn society, but has the nerve to get pissed off at him when the results of her cluelessness come back to bite her in the ass

and b) gets all insecure and emotional for no reason when Berrr has to send her to his son's house temporarily to protect her from his bitch wife. him and the wife are separated and she basically refuses to let him out of the relationship out of spite. Shanna knows this but her insane, irrational, and insecure brain has her immediately jumping to the conclusion that he must be taking her to his son's home so he can get back with his wife - the woman he has made clear he cannot stand. i wanted to jump into my kindle and slap the stupid out of her. thankfully, it only lasted about a chapter.
