A High Heels Haunting Gemma Halliday

From New York Times, USA Today, and #1 Kindle Bestselling author Gemma Halliday:

Web designer Kya Badder is as Plain-Jane as they come. So, when she sees an ad for a impractically gorgeous pair of red heels on Maddie Springer's wesbite, where the model is everything Kya isn't - beautiful, confident and sexy - she can't help buying them. And can't help doing a little strutting around town in them. Suddenly, thanks to her fab footwear, Kya's caught up in a new whirlwind life - a modeling contract of her own, a gorgeous boyfriend, and a life in the fast lane. It's almost as if she's stepped right into that sexy model's life. But when Kya begins having strange dreams and learns that the model died under mysterious circumstances, she learns to be careful what she wishes for, as the killer threatens to strike again.

Note: Previously published as "Haunted" and "So I Dated an Axe Murderer" in the anthology "These Boots Were Made for Strutting".

REVIEWS:

"In Gemma Halliday's delightfully clever (A High Heels Haunting), office worker Kya buys a pair of killer stilettos worn by a supermodel and somehow ends up dating the woman's model boyfriend, Blake, who just might have murdered his ex... fresh, fun and fabulous."

- Chicago Tribune

"A nice love story with a suspenseful twist!"

- All About Romance

"(A High Heels Haunting) will entertain and delight!"

A High Heels Haunting - High Heel Mystery Series - (Jack and Maddie) this is ot a Maddie story

Web designer Kya Badder is as Plain-Jane as they come. So, when she sees an ad for a impractically gorgeous pair of red heels on Maddie Springer's website, where the model is everything Kya isn't - beautiful, confident and sexy - she can't help buying them. And can't help doing a little strutting around town in them. Suddenly, thanks to her fab footwear, Kya's caught up in a new whirlwind life - a modeling contract of her own, a gorgeous boyfriend, and a life in the fast lane. It's almost as if she's stepped right into that sexy model's life. But when Kya begins having strange dreams and learns that the model died under mysterious circumstances, she learns to be careful what she wishes for, as the killer threatens to strike again.

This was a short story set somewhat in the world of the High Heels series. It was okay, but I wanted another round with the HH gang and got a whole other gang instead. This new gang didn't feel fleshed out and the mystery was pretty easy to figure out.

Taking place in San Francisco, we have Kya Bader, web designer and plain Jane. Kya decides on a spur of the moment to buy a pair of Maddie Springer original design from her High Heels Seduction line (hence the connection to the HH series). Kya receives the pair of red strappy high heels and decides to go out with two co-workers to a club before returning the sexy shoes and returning to her boring life. After a series of events and much discovery is that the model who wore those shoes in Maddie's ads died under mysterious circumstances and Kya was not so slowly starting to live the model's life up to the day she died. Kya decides to catch the killer by using herself as bait. She gets the killer (sort of) and the model's former boyfriend for herself, but keeps the shoes.

I read this while working out at the gym. It was something to keep my mind occupied, but I wasn't invested in any of this. Maddie makes a brief appearance, but not enough to get me to care.

Another fun mystery with a quirky female lead character. Fast read! Kya is a shy accountant who has admired the Maddie Springer (another Halliday character) line of sexy shoes. She buys a pair and decides to loosen up by going to a club where she impresses a guy who offers her a job modeling. Then other things happen.

Dana says

this book is more paranormal suspense rather than paranormal romance, but it was well written and highly entertaining, a great read, excellently written...

Lori says

I enjoyed reading this novella, my first Gemma Halliday, and would have given it 4 stars except I figured out who the murderer was before it was revealed. I hate when I'm right because I miss the excitement of the revelation. I will be reading more Gemma Halliday in future and hope that I won't be able to figure out who the killer(s) is, if any.

Laura says

What a great short read! Not only do you fall in love with the main character right from the start, this one twists and I didn't figure it out!!! :)))

Heidi says

Enjoyed the story. A plain Jane turns model and party girl with the help of some sexy shoes! Love the high heels book and enjoyed this book even with the break from the usual characters.

Ashley Sabatka says

Quick read. Enjoyed it & want to read the rest of thos series I haven't read yet.

Lisa says

I read this after reading the High Heel Series. It has nothing to do with those characters, aside from Maddie's shoes. It's a really good plot, I enjoyed Kya's character as well. I liked the ghost/premonitions too, very different from the High Heels series and it was cool to read.

Genji Bailey says

What a fun short story! Loved it!

Mark DiBernardo says

What a fantastic read, the author kept the storyline going with new twists at every chapter. Great thriller, recommend highly, would make an awesome movie!-----Mark A. DiBernardo, author and playwright

Elizabeth Noah Astle says

A very cute short story.

Kya Bader is a plain Jane. One day she spies an ad for a pair of Maddie Springer shoes. She is in love with this pair red strappy heels. Kya caves in and purchases them. Kya suddenly has the confidence of a woman who knows what she wants, has fun, flirts, and everything else. While wearing the shoes she meets RJ Alexander who is with a modeling agency. Kya goes along with it as she figures the next they will see she is nothing special and just a plain Jane. Kya meets Blake who is a model as well.

I won't spoil the rest for you but need to have a bit of an open mind when reading as the story goes on around a series of dreams which seem to be the truth about a death that occurred in the past.

A cute enjoyable read. Finished it in one setting.

Vickie says

I am a big fan of Gemma Halliday's High Heel Mysteries, so of course I had to read this! I tip my hat to the author for creating characters so like-able and giving them a great plot full of mystery, suspense, action, and romance. Great little read.

Lara says

I liked it. It was a fun easy read.
