"The Bewitching Blood Series" Book One - "The Beast and the Virgin"

Cam is a college professor who has settled into a normal life. He likes it that way. However, when he notices a stunning and beautiful co-ed named Fash, he is literally spellbound by her beauty. Like a spark exploding and raging into an inferno, Cam and Fash's relationship goes on a wild ride of erotic sex, passion, battles and then eventually, love. Fash is beautiful but has a secret her family has had since her birth. Together, Cam and Fash have to fight to free her from a terrible fate put into motion unbeknownst by her parents. This beautiful and sexy woman Fash is a Cam's total opposite, and life will never be the same once he meets her.
